SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	

ESSA Status	TS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Sunrise Middle School will create a culture of mindfulness that enables our students to reach their highest potential through the expectations of positivity, respect, integrity, determination and excellence.

Provide the school's vision statement.

Sunrise Middle school exists to establish FALCON traits within our school Community. FALCON: Family, Achievement, Leadership, College and Career Readiness, Optimism, and Nobility.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Walker, Michael	Principal	The School Principal will effectively perform the performance responsibilities using the following knowledge, skills and abilities to: provide instructional leadership for all educational programs at the school; prepare and manage the school's budget and manage and inventory the school's assets; to read, interpret, follow and enforce the State Board Rules, Code of Ethics, School Board policies, and other state and federal laws; use effective interview techniques, coaching procedures, and evaluation procedures; enforce collective bargaining agreements; use effective public speaking skills, group dynamics, and interaction and problem solving skills; maintain a sensitivity to multicultural issues; perceive the impact of a decision on other components of the organization; communicate effectively, both orally and in writing, and through use of technology; and analyze and use data. The School Principal will need knowledge of current educational trends and research. Knowledge and understanding of the unique needs and characteristics of the school system.
Freeman, Tarshe	Assistant Principal	The Assistant School Principal will effectively perform the performance responsibilities using the following knowledge, skills and responsibilities: Ability to: demonstrate the knowledge and practice of current educational trends, research and technology; understand the unique needs, growth problems and characteristics of school students; read, interpret and implement the State Board Rules, Code of Ethics, School Board Policies and appropriate state and federal statutes; and coach, supervise and evaluate personnel in accordance with collective bargaining agreements. The Assistant School Principal will need to demonstrate effective communication and interaction skills with all stakeholders, have the ability to use group dynamics within the context of cultural diversity and be knowledgeable of Florida educational reform, accountability and effective school concepts. Bilingual skills preferred. Computer skills as required for the position.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component that depicted the lowest performance was 8th Grade math

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The data component that displayed the greatest decline from the prior year was Science achievement scores

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data component that had the greatest gap when compared to the state is 8th Grade Math (-19)

Which data component showed the most improvement? What new actions did your school take in this area?

Math learning gains of the lowest 25% percentile is the data component that showed the most improvement.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Two potential areas of concerns include behavior and attendance

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Learning Gains for ELL
2. Learning Gains for SWD
3. Schoolwide increase in literacy
4. Use of research-based instructional practices to increase Science content knowledge
5. Educate the whole child by appealing to the academic and social-emotional needs of all students

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Area of Focus is Students with Disabilities
Rationale	This area was selected primarily because Students with Disabilities is the subgroup with the lowest achievement level and learning gains
State the measurable outcome the school plans to achieve	The scores for students with disabilities will increase to 45% on the 2020 Florida State Assessments.
Person responsible for monitoring outcome	Tarshe Freeman (tarshe.t.freeman@browardschools.com)
Evidence-based Strategy	Strategies such as small interactive group activities which include flexible seating and cooperative learning will be employed. Presenting learning in multiple ways will be utilized through the usage of videos and, music and, graphic organizers and other visuals aids. Culturally responsive teaching and social-emotional learning practices will be implemented. Facilitators will move away from assisting students in a tutor like manner and begin to extend the lessons being taught in the classroom.
Rationale for Evidence-based Strategy	To adequately address the individualized plans for the students in this subgroup differentiated instruction and resources will increase engaged by addressing the specific needs of each student. Cooperative learning strengthens communication skills and increasing critical thinking skills. It helps to quell the anxiety associated with independently completing a task, that students might deem as challenging. Culturally responsive teaching involves setting and communicating high expectations for all students. Social-emotional learning lessens behavior problems and emotional distress while increasing positive social behavior. All of these strategies are grounded in research that supports the notion that the individual needs of each student will be adequately addressed.
Action Step	
Description	<ol style="list-style-type: none"> 1. Receive support from Curriculum Specialist provided by the county 2. Provide professional development opportunities for facilitators 3. Provide support and training for General Education teachers. 4. Promote self-advocacy, to ensure the individual needs of students are being met 5. Provide Extended learning opportunities camps for students
Person Responsible	Tarshe Freeman (tarshe.t.freeman@browardschools.com)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

n/a

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

The school plans on building positive relationships with parents, families, and other community shareholders to fulfill the school's mission by hosting Parent Training Academies throughout the year. The academies will focus on a number of different topics from math strategies to cultivating positive behavioral skill and summer learning preparation. These trainings will help foster positive relationships between our school and our families.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The school has over 20 staff members that are SEL (Social Emotional Learning) Trained. With this training, we were able to train other teachers on how to cater to the students' social emotional needs. In turn, this helps us build relationships with the kids and give them a sense of feeling safe while letting them know that they are cared for. We also have a school psychologist, a community liaison, and school counselors on sight to help students in need. We have referral services for outside counseling agencies and resources when necessary.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

The school has Summer Transition Camps for incoming 6th graders and continuing 7th and 8th graders. During this camp, students get to explore the school, meet other students, and they have the opportunity to be exposed to the summer curriculum. It helps students acclimate into the school culture and interact with teachers and staff to help make their transition more smooth. We also offer schedule pick-up day for incoming 6th graders in which the kids are able to meet their teachers, tour the school and visit their classrooms.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The school offers Saturday FSA Camps that focus on Math, (ELA) Reading, Science and Civics. These camps are also offered during the week after school for an hour and a half. As an incentive to help increase attendance, students are provided with snacks and there is a weekly raffle on Saturdays. The person responsible
Ms. Scatliffe.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

The school utilizes Naviance, which is blended learning platform that is designed to help students prepare college as well as their future career endeavors. Naviance aligns students' strengths and interest to postsecondary goals and exposes them to real life situations.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Area of Focus is Students with Disabilities				\$14,000.00
	Function	Object	Budget Focus	Funding Source	FTE	2019-20
	7200	100-Salaries	0251 - Sunrise Middle School	Title, I Part A		\$13,000.00
			<i>Notes: Extra Learning Opportunity (ELO) Camps to prepare for FSA will be offered to the students on Weekdays and Saturdays.</i>			
	6400		0251 - Sunrise Middle School	School Improvement Funds		\$1,000.00
			<i>Notes: Professional Development training and continuous support for iReady platform usage, classroom management techniques, and instructional strategies to assist students with disabilities in general education classrooms.</i>			
Total:						\$14,000.00
