School Board Approval

This plan is pending approval by the Polk County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Mission Statement

To build a safe, comprehensive educational community which creates life-long learners, optimizes each child's potential to achieve academic success, promotes diversity, enhances self-esteem, and builds personal responsibility through rigorous instruction and an infusion of technology in a well-articulated curriculum.

Provide the school's vision statement.

Vision Statement

To develop responsible, productive members of our global society.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
WINDHAM, KYLE	Principal	Principal: Provides the vision and leadership necessary to develop and administer educational programs that optimize the human and material resources available. Ensures implementation of learning processes for all students leading to enhanced student achievement within the context of providing a safe and successful school for students, staff, parents, and community in support of enhanced student learning. Provides a common vision for the use of data-based decision-making. Monitors the educational practices of all the teachers.
Portwood, Arlene	Assistant Principal	Assistant Principal for Curriculum: Assists the school principal in providing the vision and leadership necessary to develop and administer educational programs that optimize the human and material resources available. Ensures implementation of learning processes for all students leading to enhanced student achievement within the context of providing a safe and successful school for students, staff, parents, and community in support of enhanced student learning. Provides information regarding the course of study for the individual student according to the Student Progression Plan. Specifically monitors the educational practices of the English and math teachers.
Davis, Melodie	Assistant Principal	The Assistant Principal II will be able to provide additional staff to assist with the non-evaluative walk-throughs and other routine job functions of an existing Assistant Principal. Assists with oversight and responsibility for school's instructional program, to include career education, and its results. Provides the structure for progress monitoring. Specifically monitors the educational practices of the Academies, reading and social studies teachers.
Demarco, Nancy	Instructional Coach	Provides assistance to identified middle and high school students, individually and in groups which includes but is not limited to analyzing data to identify students or subgroups with potential high school graduation problems, including core course completions, state required assessments, grade point average, college and career planning, implementing and tracking individual high school graduation plans; identifying and resolving barriers to graduation, and facilitating smooth transitions from middle school to high school to post-secondary education.
Frazier, Dwight	Assistant Principal	Assists the school principal in providing the vision and leadership necessary to develop and administer educational programs that optimize the human and material resources available. Ensures implementation of learning processes for all students leading to enhanced student achievement within the context of providing a safe and successful school for students, staff, parents, and community in support of enhanced student learning. Provides information regarding the individual student's discipline record, as well as an insight to the reasons for student behavior. Directs the plan for a safe and orderly school. Specifically monitors the educational practices of the science and elective teachers.

Name	Title	Job Duties and Responsibilities
Aldrich, Simone	Administrative Support	Testing Coordinator: Analyzes test results, prepares reports, maintains longitudinal student achievement data, and provides other information as necessary to assist principals and others in the documentation of student learning gains for school improvement. Coordinates and supervises implementation and administration of testing programs and interpretation of results. Assigns, trains, directs and supervises support staff assigned to testing programs. Monitors proper use, dissemination and maintenance of score reports. Ensures security of test forms and related materials.
Lewis, Teresa	School Counselor	School Counselor: Provides a comprehensive counseling program that addresses academic, personal/social, and career development by designing, implementing, evaluating and enhancing a program that promotes student achievement. (The objectives of the guidance program are outlined in the Polk County Developmental Guidance Plan and include services to students, parents, staff and the community.) The comprehensive developmental school counseling program provides education, prevention, intervention, and advocacy.
Youtsler, Anne	School Counselor	School Counselor: Provides a comprehensive counseling program that addresses academic, personal/social, and career development by designing, implementing, evaluating and enhancing a program that promotes student achievement. (The objectives of the guidance program are outlined in the Polk County Developmental Guidance Plan and include services to students, parents, staff and the community.) The comprehensive developmental school counseling program provides education, prevention, intervention, and advocacy.
Perron, Valorie	School Counselor	School Counselor: Provides a comprehensive counseling program that addresses academic, personal/social, and career development by designing, implementing, evaluating and enhancing a program that promotes student achievement. (The objectives of the guidance program are outlined in the Polk County Developmental Guidance Plan and include services to students, parents, staff and the community.) The comprehensive developmental school counseling program provides education, prevention, intervention, and advocacy.
Davisson, Robin	Instructional Coach	Delivers appropriate teacher-to-teacher professional learning and coaching support, resulting in improved effectiveness of classroom instructional practices and enhanced student achievement. This position will serve in a specified school within the district. This position will be assigned to a Math, Reading or Science content area, for which s/he must be fully qualified. Provides guidance to English, reading, and social studies teachers on implementing literacy at Frostproof Middle Senior High School.
Duke, Amy	Teacher, K-12	Teacher / Leader: Provides direction and information about core instruction, participate in student data collection, deliver Tier 1 instruction/

Name	Title	Job Duties and Responsibilities
		intervention, and collaborate with other staff to implement Tier 2 interventions.
Hadden, Pamela	Teacher, K-12	Teacher / Leader: Provides direction and information about core instruction, participate in student data collection, deliver Tier 1 instruction/ intervention, and collaborate with other staff to implement Tier 2 interventions.
Mulder, Julie	Teacher, K-12	Teacher / Leader: Provides direction and information about core instruction, participate in student data collection, deliver Tier 1 instruction/ intervention, and collaborate with other staff to implement Tier 2 interventions.
Nicholson, Rachel	Teacher, K-12	Teacher / Leader: Provides direction and information about core instruction, participate in student data collection, deliver Tier 1 instruction/ intervention, and collaborate with other staff to implement Tier 2 interventions.
Regling, Jennifer	Administrative Support	ESE Facilitator: Coordinates educational placement and appropriate services for students with disabilities. The person in this role will serve as the LEA (Local Education Agency) representative at staffings and IEP (Individual Education Plan) meetings at the assigned school. Simultaneously, this staff member will provide direct support to students with disabilities and their general education and ESE teachers to promote inclusion of students with disabilities in the general education environment. Participates in the collection, interpretation, and analysis of data, facilitates the development of intervention plans, provides support for intervention fidelity and documentation, and provides professional development and technical assistance, when needed.
Schulze-Lock, Arlette	Teacher, K-12	Teacher / Leader: Provides direction and information about core instruction, participate in student data collection, deliver Tier 1 instruction/ intervention, and collaborate with other staff to implement Tier 2 interventions.
Wrye, George	Teacher, K-12	Teacher / Leader: Provides direction and information about core instruction, participate in student data collection, deliver Tier 1 instruction/ intervention, and collaborate with other staff to implement Tier 2 interventions.
Emery, Dean	Teacher, K-12	Teacher / Leader: Provides direction and information about core instruction, participate in student data collection, deliver Tier 1 instruction/ intervention, and collaborate with other staff to implement Tier 2 interventions.

Name	Title	Job Duties and Responsibilities
Ard, Tammy	Teacher, K-12	Teacher / Leader: Provides direction and information about core instruction, participate in student data collection, deliver Tier 1 instruction/intervention, and collaborate with other staff to implement Tier 2 interventions.
Woodward, Catherine	Teacher, K-12	Teacher / Leader: Provides direction and information about core instruction, participate in student data collection, deliver Tier 1 instruction/intervention, and collaborate with other staff to implement Tier 2 interventions.
Capers, Tiffany	Dean	Provides information regarding the individual student's discipline record, as well as insight to the reasons for student behavior. Monitors school areas to ensure safe and orderly behavior by students and staff.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

1. The first data component to show the low performance was our MS ELA data. Only 39% of the students were able to score a 3 or higher. However, there was an improvement over last year of 2 percentage points.
2. The second data component to show low performance was our Science Achievement. Only 37% of the students were able to score a 3 or higher. However, there was an improvement over last year of 3 percentage points.
3. The subgroup data for our Students With Disabilities (34%) and English Language Learners (40%) is below the 41% required by ESSA. These subgroups were not below the 32% requirement in previous years.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

1. The first data component to show decline was our Civics EOC; a decline of 25 percentage points. In 2017-18, we were transitioning the Civics requirement to our 8th grade students, so only 7th grade honors students took Civics and the Civics EOC. During the 2018-19 school year, all honors 7th grade and regular 8th grade students were enrolled in Civics.
2. The second data component to show decline was our 7th grade ELA cohort comparison; a decline of 7 percentage points. The teacher retired mid-year, leaving a substitute teacher in charge of instructing the class.
3. The third data component to show decline was our 8th grade Math; a decline of 8 percentage points. Students who make a Achievement Level 1 or 2 may be placed in a class to remediate their math skills. At the 8th grade level, the Imagine Math was not aligned with the Math Standards. The company has made a change so the standards are aligned for this year.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

1. The first data component to have the greatest gap compared to the state is the Biology EOC. While there was a 6 percentage point increase for the school, we still fell behind the state by 24 percentage points. Frostproof is a small, rural community with limited access to STEM opportunities for students. Title 1 has paid for an interactive program called Gizmos which will incorporate more STEM related activities into science lessons.
2. The second data component to have a gap is the 7th grade ELA group with a 19 point discrepancy between the school and the state. There was negative impact of the test group by the retirement of the teacher mid-year, resulting in the class being taught by a substitute.

Which data component showed the most improvement? What new actions did your school take in this area?

1. The first data group to show the most improvement was the Geometry EOC, with a 29% increase. The teacher used innovative, interactive materials. She met with students to discuss their progress. She also implemented positive affirmation exercises for her students.
2. The second data group to show marked improvement was the 9th grade ELA, with a 12% increase. A teacher was moved into the 9th grade position who has taught reading in the past. This combination led to an increased emphasis on reading and writing in the English class.
3. The third data group to show marked improvement was the 7th grade Math, with a 10% increase. The math teacher involved the students with more hands-on activities and interactive notebooks. We also implemented an Intensive Math program which utilizes Imagine Math remediation.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

1. The first area of concern in the EWS is the large percentage of students not passing the FSA / ELA test, especially at the 10th grade level. Currently, 64% of our 11th graders are unprepared to graduate with a regular high school diploma, because they have not passed this requirement.
2. The second area of concern in the EWS is the number of disciplinary actions occurring at our school. One of our goals is a safe and orderly school. This number, especially the suspensions, indicates a need to address this area.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increase the numbers of students earning a 3 or higher on the FSA ELA for grades 6, 7, 8, and 10, especially our SWD, ELL, and Black subgroups.
2. Decreased number of suspensions / behavior interventions.

3. Increased scores on the 8th grade Science assessment and Biology EOC.
4. Increased scores on the Civics EOC for all subgroups.
5. Increased graduation rate and lowered drop-out rate.

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Ambitious Instruction
Rationale	ELA Achievement = 39% which is -8% below the District, -17% below the State. Math Achievement = 52% which is +9% above the District, +1% above the State. Science Achievement is 37% which is -21% below the District, -31% below the State. Social Studies Achievement is 61% which is equal to the District, but -12% below the State.
State the measurable outcome the school plans to achieve	Using the Spring 2020 state assessments, the overall percentage of students achieving a 3 or higher will increase to: ELA 44%, Mathematics 55%, Science 42%, Social Studies 66%.
Person responsible for monitoring outcome	KYLE WINDHAM (kyle.windham@polk-fl.net)
Evidence-based Strategy	<ol style="list-style-type: none"> 1. Students scoring a AL 1 or 2 on the FSA ELA will be enrolled in an intensive reading program. They will use the Achieve 3000 program for remediation. 2. Select middle school students scoring a AL 1 or 2 on the FSA Mathematics and identified as needing intensive help in math remediation will be enrolled on the Imagine Math program. 3. Science activities will be designed to be more hands-on and rigorous will be used to increase achievement levels on the Science 8 and Biology assessments. A subscription for the Gizmos program will be purchased to make labs more interactive and STEM based. 4. The SWD subgroup will be assisted by an inclusion teacher or resource room placement, while our ELL students will work with the ESOL teacher to improve their achievement levels. Tutoring will be available after school 3 days a week.
Rationale for Evidence-based Strategy	Rigorous instruction in the classroom with individual remediation for struggling students is critical for the success of our students. Programs, such as Achieve 3000, Imagine Math and Gizmos, can assist these students.
Action Step	
Description	<ol style="list-style-type: none"> 1. Teachers will use data and timelines in the Polk County Schools learning maps to drive their instruction. 2. Extended Learning and test preparation sessions will be provided to assist with student achievement. 3. Families and the community will be informed of school procedures, policies, events and ways to become engaged in the school. Parent engagement that involves teaching parents how to help their students at home will be implemented. 4. Technology, supplies, classroom libraries, Media Center books and additional resources will be provided to students and staff. 5. Have data chats in professional learning communities to monitor progress throughout the school year. 6. Provide appropriate training as to create common language, common expectations and encourage collective efficacy. 7. Provide and encourage quality collaborative opportunities, so teachers instruct rigorous, relevant, and cognitively complex material based on learning maps. 8. Purchase state of the art technology needed to teach and assess rigorous, relevant and cognitively complex information. 9. Employ an Instructional Coach to assist faculty and students. A Media Center

paraprofessional will assist students from all classes in the Media Center with research, projects, and computer work.

10. Field trips will be provided to allow students to make real-world connections to learnings in classrooms.

Person Responsible KYLE WINDHAM (kyle.windham@polk-fl.net)

#2

Title Student Achievement

Rationale Students who qualify for the Early Warning System may be at risk of dropping out, not graduating or not progressing with their cohort. These students need systems in place to assist them in being successful and planning for post-secondary education, training, and employment.

State the measurable outcome the school plans to achieve Students who are identified by the Early Warning System will be targeted to participate in programming to assist them to successfully complete the 2019-20 school year. Seniors will develop post-secondary plans for education, training or employment.

Person responsible for monitoring outcome KYLE WINDHAM (kyle.windham@polk-fl.net)

Evidence-based Strategy After at-risk students have been identified, a plan for assistance will be determined. A mentoring program will be used to support these students and track their progress throughout the year.

Rationale for Evidence-based Strategy Mentoring is a proven strategy for positive youth development. Youth are more likely to succeed when they have the additional support of a caring, consistent adult mentor. Having a mentor can enhance a young person's learning skills, help build self-efficacy and develop academic stamina to earn a high school diploma.

Action Step

Description

1. Students will be identified who meet one or more of the indicators of the Early Warning System.
2. A plan will be developed to help students to successfully complete the 2019-20 school year.
3. Seniors will develop a post-secondary plan.
4. The REAL Academy will be implemented to work with the students so they are able to successfully complete the courses or credits needed to be placed with their graduation cohort.
5. Counselors, Success Coaches, and Behavior Interventionist will work together with administration and faculty to identify, mentor and coach students to meet graduation requirements.

Person Responsible Nancy Demarco (nancy.demarco@polk-fl.net)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

A monthly newsletter will be sent to all families to keep them informed about activities, events, and information about the school.

Title 1 provides workshops for parents during the year. The school hosts an Orientation and Open House. Parents can come, tour the school and meet the teachers and staff.

Our School Advisory Council and Academic Boosters meet during the year to explain programs and activities taking place at the school. Feedback and suggestions are solicited from members to improve our school.

We have many booster organizations which provide opportunities for the parents to get involved in the school.

In the spring, we host the rising 5th graders from our two elementary feeder schools. They tour the school and meet various teachers. The school counselor talks to them about what it will be like in Middle School. In the evening, we host the parents. We provide them with a packet of information about our school, curriculum, middle school planning, helpful websites and homework helps. They tour the campus to see where their students will be attending classes, the media center, gym, cafeteria, and the offices. In the spring, we host the rising 8th grade students and their parents at an evening event. We provide information about our school, curriculum, four year planning. Then in the fall, the 9th grade school counselor meets with parents before Open House to discuss transitioning to 9th grade. Credit requirements, assessment information and grade point averages are all covered.

At Open House night, our Senior School Counselor meets with parents about transition plans after high school. Whether it be work, post-secondary education or military plans, these options are explained to parents.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

We have three school counselors, two student success coaches and a behavior interventionist to work with students. In addition, we have a mental health facilitator provided by Polk County Schools. A social worker comes to the school to work with students, especially those with attendance issues. Winter Haven Hospital provides a counselor once a week to work with students with disabilities who also display emotional or behavior issues.

A list of students has been identified as being students of concern. This confidential list is given to school staff and teachers. If, at any time, these students display any behavior or emotional issues or ask for help, they are to be seen by a counselor immediately.

Our REAL Academy utilizes two Virtual Ed paraprofessionals who facilitate it provide the guidance needed by at-risk students. Through this program, students can earn credits at an accelerated pace, while in a supportive environment.

Seniors who are at-risk for graduating with a regular high school diploma are assigned mentors to meet with them throughout the year. The mentors check the student's progress on interims and report cards to be sure they are on track to graduate. The Senior Counselor and Student Success Coach meet with the students and their families, as needed.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

In the spring, we host the rising 5th graders from our two elementary feeder schools. They tour the school and meet various teachers. Then they all congregate in the auditorium. The band plays music and the school counselor talks to them about what it will be like in Middle School. In the evening, we host the parents. We provide them with a packet of information about our school, curriculum, middle school planning, helpful websites and homework helps. They tour the campus to see where their students will be attending classes, the media center, gym, cafeteria, and the offices.

In the spring, we host the rising 8th grade students and their parents at an evening event. We provide them with a packet of information about our school, curriculum, four year planning, and other helpful information. Then in the fall, the 9th grade school counselor meets with parents before Open House to discuss transitioning to 9th grade. Credit requirements, assessment information and grade point averages are all covered by the 9th grade Counselor.

Also on Open House night, our Senior School Counselor meets with parents about transition plans after high school. Whether it be work, post-secondary education or military plans, these options are explained to parents.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Title I, Part A

This is the ninth year Frostproof MS High School has received the Title 1 funds. Six staff members are paid for by Title 1; Staff Development Coach, Student Success Coach, Behavior Interventionist, 2 Real Academy/Virtual Lab Paraprofessionals and Media Paraprofessional. Additional monies are being used to purchase technology, supplement classroom materials, newsletter and materials for parents, fund parent conferences and workshops.

The Parent Informational Resource Center (PIRC), located at Frostproof Elementary School, serves the parents of all students who attend a Title 1 school.

Title I, Part C- Migrant

Migrant students enrolled in Frostproof MS High School will be assisted by the school and by the District Migrant Education Program (MEP). A Student Success Coach will be assigned to our school due to our high percentage of migrant students.

Title II

Professional development resources are available to Title I schools through Title II funds. In addition, School Technology Services provide technical support, technology training, and licenses for software programs and web-based access via Title II-D funds.

Title III

The district provides supplemental resources for English Language Learners (ELL) and their teachers in Title I schools, as well as professional learning opportunities for school staff.

Title X- Homeless

The Hearth program, funded through Title X, provides support for identified homeless students.

Supplemental Academic Instruction (SAI)

SAI monies are used to fund after school tutoring.

Violence Prevention Programs

Title IV provides violence and drug prevention programs in schools in order to promote a safe school environment.

Nutrition Programs

The 2018-19 Economically Disadvantaged (FRL) rate for FMSHS was 91%. This allowed all our students to receive free breakfast and lunch this year.

Career and Technical Education

We have a nationally certified Agricultural Academy called, "AgDogs." This academy will focus on commercial growers and agribusiness. We offer industry certification examinations.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Career planning is included as part of the social studies curriculum for all middle school students. We offer a personal, career, and school success course targeted at students that are in danger of not graduating. All non-core courses include a section on related careers. We use reports from the PSAT given to all 10th graders to determine the potential for students to be successful in AP or Dual Enrollment classes. The ASVAB is also given to help students making career choices.

The Student Success Coach meets with the Junior and Senior English classes to discuss post-secondary options. The Senior School Counselor and / or Student Success Coach have open labs days during the school day several times in the year for students to investigate colleges, fill out applications, work on their FAFSA or Bright Futures, and sign up for ACT/ SAT testing. This year, we are planning to have juniors and seniors visit post-secondary options for college, training, military, or career opportunities. We also plan to take the students to the Polk County College and Career Fair while also hosting a College and Career Fair in the spring.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Ambitious Instruction	\$0.00
2	III.A.	Areas of Focus: Student Achievement	\$0.00
Total:			\$0.00
