School Board Approval

This plan is pending approval by the Polk County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Lake Region High School is to ensure a safe and caring environment that promotes learning with high expectations and encourages every student to realize his/her fullest potential.

Provide the school's vision statement.

The vision of Lake Region High School is that all students will be prepared for success in college and/or careers through an effective system of academic and career-based programs. .

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

| Name | Title | Job Duties and Responsibilities |
|--------------------|---------------------|--|
| Costine, MaryJo | Principal | The administration is responsible for teacher supervision and classroom observations with each administrator having a designated curriculum content focus for planning and observation purposes. The assistant principal of administration is responsible for student supervision, attendance, and building operations. The assistant principal of curriculum is responsible for curriculum development, professional development, and master scheduling. The principal, as manager of personnel, assigns and coordinates responsibilities for all leadership team members. All leadership members are assigned core content areas and the team meets to discuss decisions based on observations and data. |
| Mitchell, Chauncey | Assistant Principal | |
| Simpson, Tanishia | Assistant Principal | |
| Vera, Luciano | Dean | |
| Nicolodi, Donna | Assistant Principal | |
| Ounan, Kevin | Dean | |

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

| Indicator | Grade Level | | | | | | | | | | | | | Total |
|---------------------------------|-------------|---|---|---|---|---|---|---|---|-----|-----|-----|-----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | |
| Number of students enrolled | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 514 | 401 | 329 | 322 | 1566 |
| Attendance below 90 percent | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 35 | 36 | 27 | 28 | 126 |
| One or more suspensions | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 16 | 9 | 7 | 2 | 34 |
| Course failure in ELA or Math | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 73 | 156 | 133 | 156 | 518 |
| Level 1 on statewide assessment | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 199 | 154 | 110 | 83 | 546 |

The number of students with two or more early warning indicators:

| Indicator | Grade Level | | | | | | | | | | | | | Total |
|--------------------------------------|-------------|---|---|---|---|---|---|---|---|----|----|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | |
| Students with two or more indicators | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 69 | 65 | 38 | 65 | 237 |

The number of students identified as retainees:

| Indicator | Grade Level | | | | | | | | | | | | | Total |
|-------------------------------------|-------------|---|---|---|---|---|---|---|---|----|----|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | |
| Retained Students: Current Year | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 68 | 61 | 19 | 6 | 154 |
| Students retained two or more times | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 47 | 30 | 26 | 17 | 120 |

FTE units allocated to school (total number of teacher units)

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Mathematics Learning Gains of the Lowest 25% - 26%
Historical performance of Algebra 1B students revealed deficits in Algebra 1A and Pre-Algebra.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Science Achievement - 51% 2019, 74% 2018 - decline 23 points
Decline occurred due to an increase in enrollment and greater number of non-proficient readers in Biology.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Mathematics Learning Gains of the Lowest 25% - 26% school, 44% state
Historical performance of Algebra 1B students revealed deficits in Algebra 1A and Pre-Algebra.

Which data component showed the most improvement? What new actions did your school take in this area?

Math Achievement - Geometry showed an increase of 17% points. Focus on teacher training and coaching.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

English Language Learners 35%
Black/African American Students 33%

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Mathematics Learning Gains of the Lowest 25% - 26%
2. Black/African American Students 33%
3. English Language Learners 35%
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

| #1 | |
|---|--|
| Title | Black/African American Students 33% |
| Rationale | Subgroup did not meet the 41% ESSA proficiency percentage. Early warning data indicates a high rate of attendance and discipline issues. Low student engagement and instructional response to intervention. |
| State the measurable outcome the school plans to achieve | Black/African American Students will increase proficiency to 41%. Students will be identified and the MTSS team will use a systematic use of assessment data to most efficiently allocate resources in order to improve learning for subgroups. |
| Person responsible for monitoring outcome | Donna Nicolodi (donna.nicolodi@polk-fl.net) |
| Evidence-based Strategy | Students will be identified based on early warning system data. The MTSS team will monitor the indicators and provide interventions. |
| Rationale for Evidence-based Strategy | Data on the Black/African American students, District Early Warning System and the MTSS processes and procedures. |
| Action Step | |
| Description | <ol style="list-style-type: none"> 1. MTSS team will identify at-risk students; discipline team will use the Rtl:B platform to determine specific behavior patterns, extended learning and tutoring will be provided to support the needs of the students. 2. Student Success Coach will monitor early warning indicators for identified students and academic coaches will provide support to content area teachers 3. Professional Development and collaborative planning will be provided to increase knowledge of strategies and interventions 4. Instructional technology will be available to support classroom instruction. 5. Instructional coaches (Literacy, Math and Science) will be used to support teacher development and guide instructional initiatives. Supports for LSI implementation of Target/Task Alignment-Success Criteria. 6. Laptops and Laptop Carts will be purchased to ensure students have access to necessary instructional technology. 7. Field trips will be planned for post secondary opportunities to expose students to various options. 8. special activity items and supplies will be purchased to support parent and family engagement activities. |

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Lake Region High School hosts a variety of student/parent meetings during the year. In the beginning of the year, an evening orientation is held as well as Title 1 parent meeting and time for parents to meet with teachers. During the year, three parent meetings are held to discuss the academic programs. An academy night is also held in the spring to provide parents a chance to visit the school's career programs. SAC (School Advisory Committee) meetings are held to involve the community along with academy advisory meetings that include the community stakeholders. Guidance counselors conduct student conferences during the year to advise students of their academic progress and a daily Guidance Cafe during lunches provides students with regular access to guidance services. The Lake Region website provides an electronic access to academic information. Guidance counselors schedule and conduct teacher/parent conferences as requested by teacher or parent. Guidance Counselors meet with students and parents regarding college advising and financial aid. Please see attached Parent and Family Engagement Plan for full details on how we plan to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

PFEF Link

The school completes a Parental Involvement Plan (PFEF), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Lake Region High School Student Services includes 4 guidance counselors, an ESE Facilitator, a Student Success Coach, and a Psychologist. Students may request to meet with one of these staff or a student may be referred for services by a teacher or parent. Students identified as having social-emotional needs are given the opportunity to meet with the guidance counselor individually or in small groups or if applicable can be met through the classroom staff on a one-to-one basis. Severe cases may be handled with a contracted mental health counselor. The IEP also identifies and addresses social emotional goals for all of our students. Our school also utilizes PBIS and Mentoring Programs.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

For incoming cohorts, an articulation meeting occurs between the high school administration/guidance and the middle school administration/guidance during the 1st semester to discuss and share information related to the pending transition to high school for the next school year. In January, an 8th grade parent meeting occurs for students transitioning to 9th grade. In February/March, high school counselors meet with 8th grade students at the middle schools to share course information and to begin the registration process.

For outgoing cohorts, the high school hosts college admission visits by both public and private Florida colleges. Each fall, the high school hosts a college financial aid information event for parents and students. The high school also employs a college and career specialists that advises students and meets with parents. On campus dual enrollment courses and advanced placement courses are offered so that students can begin transitioning to acquiring college credits and learning college performance expectations while still in high school.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

- Title I, Part A project funds school-wide services at our eligible and participating Title I schools. The Title I funds provide supplemental instructional resources and interventions so that all students achieve academic success.
- Title I, Part C project funds assist students that are prioritized by the MEP for supplemental services based on need and migrant status, as defined by federal and state regulations.
- Title I, Part D project funds provide Transition Facilitators at select Neglected and Delinquent school sites to assist students who transition from Department of Juvenile Justice (DJJ) facilities back into their zoned school.
- Title II funds provide professional development resources to build the capacity of teachers by funding consultants, district professional development personnel, including district/regional coaches, and curriculum specialists. The Title II project contributes to the recruitment/retention of teachers in the district by funding district recruitment personnel, recruitment initiatives both within and outside the school district. Also, may reimburse certification exam fees for teachers placed in an area in which they do not yet have certification in upon successful passing of exam.
- Title III provides supplemental resources for English Language Learners (ELL) and their teachers in Title I schools, professional learning opportunities for school staff, as well as parent family engagement opportunities.
- Title IX – Homeless OR HEARTH Program funded through Title IX and Title I, provides support for students identified as being in a homeless situation. Title I provides support for this program, through funding of HEARTH staff, professional development, and contracted extended learning services for students.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

- Through our Career and Technical Education (CTE) programs and our career academies, work-based learning opportunities are being implemented within the experiential learning domains and standards of practice. Partnerships continue being developed assuring those opportunities for students and the bridges to post-secondary educational institutions remain a priority. Articulation agreements are continually being developed with technical colleges and state colleges in response to higher attainment levels of high school industry certifications. Dual enrollment courses within the CTE field are consistently evaluated and provided to students as often as possible.
- Accelerated programs, such as Dual enrollment and Advanced Placement, in addition to high school courses being offered at middle schools, will be available to students to provide academic rigor and to earn college credit while in high school.
- Every high school will have a designated College and Career Contact.
- Student Success Coaches will work with targeted students to ensure that high school graduation and post-secondary education is achieved in a timely manner.
- AVID will be implemented in sixteen secondary schools to support targeted students in participating in accelerated programs and enrolling in college.
- Students will create academic plans for high school and graduation, and will also track planning for post-secondary education and training. FloridaShines and Overgrad will be used to track this information.
- Career inventories will be used at all grade levels to help students identify skills and interests for college and career planning.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
