School Board Approval

This plan was approved by the Highlands County School Board on 10/8/2019.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <u>www.floridacims.org.</u>

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

By uniting stakeholders, we will prepare our students to be college and career ready, empower our students to achieve personal excellence, and foster responsible citizens.

Provide the school's vision statement.

Unlock Your Potential- Discover Greatness!

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

| Name | Title | Job Duties and Responsibilities |
|------------------|--------------------------|--------------------------------------|
| Doty, Chris | Principal | |
| Douberley, Kim | Instructional Technology | |
| Hayes, Rachel | Teacher, K-12 | |
| Long, Rachel | Teacher, K-12 | |
| Johnson, Lisa | Teacher, K-12 | |
| Portis, Trisha | Instructional Coach | |
| Hinson, Stacey | Assistant Principal | |
| moses, cassandra | Instructional Coach | Literacy Curriculum Resource Teacher |
| Huitchison, Todd | Teacher, K-12 | Social Studies Teacher |
| Hughes, Tara | Teacher, K-12 | ELA Teacher |
| Gill, Jaki | Teacher, K-12 | ELA teacher |

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Although we showed improvement in ELA Achievement for SWD in raw data up 2% from 25% to 27%, it is still our lowest and weakest data point.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our greatest decline in the raw data was in ELA LG with L25% declining by 20% from 53% in 2018 to 33% in 2019. Our overall data increased and met state averages or above in most areas. Our curriculum is aligned and paced accordingly. We did have new teachers is ELA who were not education trained, one struggling significantly with classroom control in the first semester.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap compared to the state average was in the Math LG L25%. State Average was 51% and HGMS was 46%. We had a 2 new teachers in our math department. Although their lesson plans reflected standards based instruction, engagement was an issue. This directly impacted the growth in one 6th grade teacher's classes in a negative way.

Which data component showed the most improvement? What new actions did your school take in this area?

We saw a 7% increase in our Science data from 2018 to 2019. We have acquired 3 new Science Teachers so our plan will be to acclimate them to our pacing guide, continue standards based instruction, and use our Professional Learning Communities to maintain our current levels and strive to improve.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

HGMS has had an increase in discipline referrals in the 18-19 school year. We are implementing a school culture transformation team to address the culture. We have 112 students currently meeting 2 or more indicators in the EWS. We have scheduled these students carefully, targeted the SF they will receive, and created transformation teams to address the areas necessary to increase student engagement.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. Increase ELA Achievement with SWD subgroup.
- 2. Increase Math Achievement with SWD subgroup.
- 3. Increase ELA Achievement with BLK subgroup.
- 4. Increase MAth Achievement with BLK subgroup.
- 5. Increase Math Achievement with ELL subgroup.

Part III: Planning for Improvement

Areas of Focus:

| #1 | |
|--|---|
| Title | ELA Achievement - SWD |
| Rationale | Although we saw a 2% increase, it is still significantly lower than peers. |
| State the measurable outcome the school plans to achieve | Show an increase of 2% in ELA Achievement for SWD subgroup. |
| Person responsible for monitoring outcome | Stacey Hinson (hinsons@highlands.k12.fl.us) |
| Evidence- based Strategy | Target and dagger the students who need additional support. Place them with our strongest teachers. Pull for intervention based on PLC discussions on common assessments. Students will be placed in Reading Support Classes to assist them with skills to help with the general curriculum. SF will be implemented in a manner to serve more students effectively. |
| Rationale for Evidence- based Strategy | We know that students who do not have competent teachers lose ground. Therefore, by placing these students with stronger teachers and providing the necessary supports prescribed in the IEP, we should see increased time on task with grade level text. |
| Action Step | |
| Description | Review data on students to include IEPs, testing data, discipline, attendance, diagnostic etc. Create a Master Schedule Consult with Head ESE Teacher to schedule Support Facilitation. Progress Monitor Adjust as needed. |
| Person Responsible | Chris Doty (dotyc@highlands.k12.fl.us) |

| #2 | |
|--|---|
| Title | ELA Achievement - BLK |
| Rationale | Although we saw a 7% decrease and is still significantly lower than peers. |
| State the measurable outcome the school plans to achieve | Show an increase of 2% in ELA Achievement for BLK subgroup. |
| Person responsible for monitoring outcome | Chris Doty (dotyc@highlands.k12.fl.us) |
| Evidence- based Strategy | Target and dagger the students who need additional support. Place them with our strongest teachers. Pull for intervention based on PLC discussions on common assessments. Students will be placed in Reading Support Classes to assist them with skills to help with the general curriculum. SF will be implemented in a manner to serve more students effectively. |
| Rationale for Evidence- based Strategy | We know that students who do not have competent teachers lose ground. Therefore, by placing these students with stronger teachers and providing the necessary supports with additional time in text with Reading Support Classes, all teachers trained in NGCAR-PD; we should see increased time on task with grade level text. |
| Action Step | |
| Description | Review data on students to include IEPs, testing data, discipline, attendance, diagnostic etc. Create a Master Schedule Consult with Literacy Coach to schedule Reading Support and pull-outs. Progress Monitor Adjust as needed. |
| Person Responsible | Chris Doty (dotyc@highlands.k12.fl.us) |

| #3 | |
|---|--|
| Title | Math Achievement - SWD |
| Rationale | Although we saw an increase in our Math Achievement from 30% to 34%, these students are performing below their peers. |
| State the measurable outcome the school plans to achieve | Show an increase of 2% in Math Achievement for SWD subgroup. |
| Person responsible for monitoring outcome | Trisha Portis (portisp@highlands.k12.fl.us) |
| Evidence- based Strategy | Target and dagger the students who need additional support. Place them with our strongest teachers. Pull for intervention based on PLC discussions on common assessments. SF will be implemented in a manner to serve more students effectively. |
| Rationale for Evidence- based Strategy | We know that students who do not have competent teachers lose ground. Therefore, by placing these students with stronger teachers and providing the necessary supports with additional time with Math Support for targeted students, all teachers trained in NGCAR-PD; we should see increased time on task with grade level text and decoding what operations need to be used to solve the problem. |
| Action Step | |
| Description | Review data on students to include IEPs, testing data, discipline, attendance, diagnostic etc. Create a Master Schedule Consult with Head ESE Teacher to schedule Support Facilitation. Progress Monitor Adjust as needed. |
| Person Responsible | Trisha Portis (portisp@highlands.k12.fl.us) |

| #4 | |
|---|--|
| Title | Math Achievement - BLK |
| Rationale | Although we only decreased by one percentage point in achievement, students are not achieving at the same rate as their peers. |
| State the measurable outcome the school plans to achieve | Show an increase of 2% in Math Achievement for BLK subgroup. |
| Person responsible for monitoring outcome | Trisha Portis (portisp@highlands.k12.fl.us) |
| Evidence- based Strategy | Target and dagger the students who need additional support. Place them with our strongest teachers. Pull for intervention based on PLC discussions on common assessments. SF will be implemented in a manner to serve more students effectively. |
| Rationale for Evidence- based Strategy | We know that students who do not have competent teachers lose ground. Therefore, by placing these students with stronger teachers and providing the necessary supports with additional time with Math Support for targeted students, all teachers trained in NGCAR-PD; we should see increased time on task with grade level text and decoding what operations need to be used to solve the problem. |
| Action Step | |
| Description | Review data on students to include IEPs, testing data, discipline, attendance, diagnostic etc. Create a Master Schedule Consult with Head ESE Teacher to schedule Support Facilitation. Progress Monitor with Math Coach Adjust as needed. |
| Person Responsible | Trisha Portis (portisp@highlands.k12.fl.us) |

| #5 | |
|---|--|
| | |
| Title | Math Achievement - ELL |
| Rationale | AELL students decreased significantly from 36% to 23% in the raw data. Students are not achieving at the same rate as their peers. |
| State the measurable outcome the school plans to achieve | Show an increase of 2% in Math Achievement for ELL subgroup. |
| Person responsible for monitoring outcome | Trisha Portis (portisp@highlands.k12.fl.us) |
| Evidence- based Strategy | Target and dagger the students who need additional support. Place them with our strongest teachers. Pull for intervention based on PLC discussions on common assessments. SF will be implemented in a manner to serve more students effectively. |
| Rationale for Evidence- based Strategy | We know that students who do not have competent teachers lose ground. Therefore, by placing these students with stronger teachers and providing the necessary supports with additional time with Math Support for targeted students, all teachers trained in NGCAR-PD; we should see increased time on task with grade level text and decoding what operations need to be used to solve the problem. |
| Action Step | |
| Description | Review data on students to include IEPs, testing data, discipline, attendance, diagnostic etc. Create a Master Schedule Consult with Head ESE Teacher to schedule Support Facilitation. Progress Monitor with Math Coach Adjust as needed. |
| Person Responsible | Chris Doty (dotyc@highlands.k12.fl.us) |

| #6 | |
|---|---|
| Title | Science |
| Rationale | Although we increase by 7% to 55% achieving a Level 3 and above, it is below what we should expect. In addition, we have 3 new teachers in the content |
| State the measurable outcome the school plans to achieve | Increase by 2% on Science Achievement. |
| Person responsible for monitoring outcome | Rachel Long (longr@highlands.k12.fl.us) |
| Evidence- based Strategy | Target and dagger the students who need additional support. Place them with our strongest teachers. Pull for intervention based on PLC discussions on common assessments. Students will be placed in Reading Support Classes to assist them with skills to help with the general curriculum. |
| Rationale for Evidence- based Strategy | We know that students who do not have competent teachers lose ground. Therefore, by placing these students with stronger teachers and providing the necessary supports prescribed in the IEP, 504 plans, and MTSS; we should see increased time on task with grade level text. All teachers will be trained in NGCAR-PD which will also increase the time in text with research based strategies. |
| Action Step | |
| Description | Review data on students to include IEPs,504's testing data, discipline, attendance, diagnostic etc. Create a Master Schedule Consult with Head ESE Teacher to schedule Support Facilitation. Progress Monitor through baselines Adjust as needed. |
| Person Responsible | Rachel Long (longr@highlands.k12.fl.us) |

| #7 | |
|---|--|
| | |
| Title | Middle School Acceleration |
| Rationale | We saw a decrease in student achievement in acceleration classes. |
| State the measurable outcome the school plans to achieve | Increase achievement in accelerated classes 2%. |
| Person responsible for monitoring outcome | Trisha Portis (portisp@highlands.k12.fl.us) |
| Evidence- based Strategy | Target and dagger the students who need additional support. Place them with our strongest teachers. Pull for intervention based on PLC discussions on common assessments. SF will be implemented in a manner to serve more students effectively. |
| Rationale for Evidence- based Strategy | We know that students who do not have competent teachers lose ground. Therefore, by placing these students with stronger teachers and providing the necessary supports with additional time with Math Support for targeted students, all teachers trained in NGCAR-PD; we should see increased time on task with grade level text and decoding what operations need to be used to solve the problem. |
| Action Step | |
| Description | Review data on students to include IEPs, testing data, discipline, attendance, diagnostic etc. Create a Master Schedule Consult with Head ESE Teacher to schedule Support Facilitation. Progress Monitor with Math Coach Adjust as needed. |
| Person Responsible | Trisha Portis (portisp@highlands.k12.fl.us) |

| #8 | |
|---|---|
| Title | Social Studies |
| Rationale | 74% of our students achieved a Level 3 or higher on the Civics EOC, which was a 3% increase from the previous year |
| State the measurable outcome the school plans to achieve | Maintain or increase the percentage of students achieving level 3 or higher on the Civics EOC. |
| Person responsible for monitoring outcome | Chris Doty (dotyc@highlands.k12.fl.us) |
| Evidence- based Strategy | Target and dagger the students who need additional support. Place them with our strongest teachers. Pull for intervention based on PLC discussions on common assessments. Students will be placed in Reading Support Classes to assist them with skills to help with the general curriculum. SF will be implemented in a manner to serve more students effectively. All teachers have been NGCAR-PD trained which will increase time in text using research based strategies. |
| Rationale for Evidence- based Strategy | We know that students who do not have competent teachers lose ground. Therefore, by placing these students with stronger teachers and providing the necessary supports with additional time in text with Reading Support Classes, all teachers trained in NGCAR-PD; we should see increased time on task with grade level text. |
| Action Step | |
| Description | Review data on students to include IEPs, testing data, discipline, attendance, diagnostic etc. Create a Master Schedule Consult with Head ESE Teacher to schedule Support Facilitation. Progress Monitor using baselines Adjust as needed. |
| Person Responsible | Chris Doty (dotyc@highlands.k12.fl.us) |

| 40 | |
|---|--|
| #9 | |
| Title | Discipline |
| Rationale | Referrals increased in the 18-19 school year to 759. |
| State the measurable outcome the school plans to achieve | Decrease by 5% |
| Person responsible for monitoring outcome | Chris Doty (dotyc@highlands.k12.fl.us) |
| Evidence-based Strategy | Using strategies from PBIS, we will reinforce positive behaviors using a school- wide token economy system. Our Transformation Team will take control of changing the school culture. |
| Rationale for Evidence-based Strategy | Recognizing that students who get in trouble miss the initial instruction of their teachers, we know that reducing student discipline will increase student time on task with grade level standards and text. |
| Action Step | |
| Description | Review data on students to include, discipline, attendance, diagnostic etc. Create a process for change to take place. Consult with Transformation Team and Dean Progress Monitor with MTSS Adjust as needed. |
| Person Responsible | Chris Doty (dotyc@highlands.k12.fl.us) |
| #10 | |
| #10 | |
| Title | Attendance |
| | Attendance 98 students or approximately 7% of our student body missed 10% or more of the school year. |
| Title | 98 students or approximately 7% of our student body missed 10% or more of |
| Title Rationale State the measurable outcome the school | 98 students or approximately 7% of our student body missed 10% or more of the school year. Reduce the number of students missing 10% or more of the school year for |

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

HGMS employees a plethora of ways to build positive relationships with families. Each month every teacher sends home at least 4 post cards per month of positivity for students. During the year, we host several events such as e Dads Take Their Kids to School as well as an Open House and Report Card Pick Up Night. All parents are invited to join us for the monthly PTO and SAC meetings. In addition, parents can request conferences on Wednesdays or Fridays with one or all teachers to discuss successes or concerns.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The Responsive Services that we provide that assist students who need immediate help due to socialemotional needs are: Individual and small group counseling, crisis counseling (intervening, debriefing, or teaching prevention strategies), consulting/collaborating (with the students and those who also work with the students), and making referrals (for those students with more serious disorders that require more indepth or long term counseling). MTSS team meets multiple times a month to discuss students with barriers to academic and social success. Check-in, check-out, and Connect Ed (auto- calling program) policies in place to track attendance and notify parents of absences. All students will be receiving a minimum of 5 hours of instruction on the topics that were identified in the law.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Incoming sixth graders have two opportunities to become oriented to HGMS. First, prospective students come with their current 5th grade class for a visit during school hours. Students attend an assembly on academic, behavioral, and attendance expectations given by administration and guidance. During this time, chorus and band students give brief performances. Fifth grade students then do a campus tour with members of NJHS or student government, visiting classrooms and points of interest.

The second opportunity for students to visit HGMS happens in the evening and parent attendance is encouraged. Again, academic, behavioral, and attendance expectations provided in a presentation by administration and guidance during a brief assembly. This is followed by parents and rising sixth graders visiting sixth grade teachers while adhering to a mock schedule. Teachers provide information about individual class expectations and supply lists. Rising ninth graders have the opportunity to participate in similar activities offered by APHS/SHS. In addition, guidance counselors from the high school make several visits to talk about academic opportunities and choices and programs that vary from the norm, such as the IB programme and the Career Academy. Counselors also come to help students design their

schedules and answer questions that students may have about high school in general or APHS/SHS specifically.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The principal, assistant principal, literacy coach, math coach, and AVID Coordinator meet weekly to review progress. They identify areas of concern and analyze possible solutions for effectiveness and efficiency. The other instructional coaches are pulled in as needed to assist with instructional needs. The Curriculum Leadership Team (CLT) members meets bi-monthly, but also on an as-needed basis in order to provide assistance to faculty members in a timely manner. The district leadership team (iTRT, science, math, reading content area specialists) visits the school on an as-needed basis to discuss current data, trends, and student needs based on that information. All parties are immediately accessible by e-mail or phone. Administrators, LCRT, have an open-door policy and all parties are encouraged to bring concerns as they arise. HGMS is committed to using student data to guide curriculum and instruction at the school and use the information to increase student achievement. All funds are coordinated through the School Board of Highlands County.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Students in 7th & 8th grade participate in electives which they select based on their interests. These courses include: Band, Chorus, Art, AgScience, Journalism, or Computer Applications. In addition, 8th grade students are required to take a Career Planning class that focuses on seeking and sustaining employment. Career Planning also includes the development of a four-year High School Plan and is completed with their U.S. History classes. Guidance Counselors work with both students and Social Studies teachers in assisting students in developing their four-year plans. Selected students also have the opportunity to participate in HGMS's AVID program. AVID focuses on self-monitoring of self-determined goals. HGMS uses SpringBoard, the county-adopted language arts text, which is a rigorous language arts programs that prepares students for the expectations of college and career.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

| 1 | III.A. | Areas of Focus: ELA Achievement - SWD | \$0.00 |
|---|--------|--|--------|
| 2 | III.A. | Areas of Focus: ELA Achievement - BLK | \$0.00 |
| 3 | III.A. | Areas of Focus: Math Achievement - SWD | \$0.00 |
| 4 | III.A. | Areas of Focus: Math Achievement - BLK | \$0.00 |
| 5 | III.A. | Areas of Focus: Math Achievement - ELL | \$0.00 |
