### School Board Approval

This plan was approved by the Highlands County School Board on 10/8/2019.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

ELA Lowest 25th Percentile. Due to the increase of student skill deficits in ELA of our incoming 9th graders, the language barrier of students that receive ELL services and the expressive and receptive cognitive delays of our students with disabilities, we are finding a trend in this area.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

ELA-- Due in part to the increase of student skill deficits in ELA of our incoming 9th graders, the language barrier of students that receive ELL services and the expressive and receptive cognitive delays of our students with disabilities.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

Science Achievement: Due in part to the increase of student skill deficits of our incoming 9th graders, the language barrier of students that receive ELL services and the expressive and receptive cognitive delays of our students with disabilities

**Which data component showed the most improvement? What new actions did your school take in this area?**

Math Learning Gains- Due in part to flexible scheduling by looking at their strength and weaknesses and placing them in the appropriate math course; tier 2 and 3 math advisement support classes; and afterschool tutoring by certified math teachers.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)**

One-third of the student population has attendance below 90%.

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Increasing student attendance
2. Increase learning gains in Math and ELA
3. Improve graduation rate
4. Improve college and career readiness

### Part III: Planning for Improvement

**Areas of Focus:**

#1	
<b>Title</b>	College and Career Acceleration
<b>Rationale</b>	Ensuring students take at least one AP, Dual Enrollment or pass an industry certification is necessary to ensure we are preparing our students to be college, career and workplace ready (Our APHS Mission).
<b>State the measurable outcome the school plans to achieve</b>	Increase the % of students taking and passing an advanced placement, dual enrollment and/or industry certification exam by 3%
<b>Person responsible for monitoring outcome</b>	Danielle Erwin (erwind@highlands.k12.fl.us)
	Addition of Pre-AP Alg 1, English 1, Music and Theater Curriculum for all 9th grade students and those seeking elective credits
	Increasing course offerings
	Real-world application of curriculum
	Career /College Cafes
	Peer Leadership Program
<b>Evidence-based Strategy</b>	College Bound Male Initiative
	AP Capstone Program
	Guidance Nights--Family Involvement
	AVID Program
	AP Exam Prep
	Professional development for teachers
	Recruitment/Marketing of AP Programs
<b>Rationale for Evidence-based Strategy</b>	Based on our 2018-19 data, 40% of our students have obtained college and/or career acceleration points. With this in mind, we looked at our offerings and decided to increase the variety of opportunities/initiatives so that students have a better chance of accessing mastery in college/career acceleration areas.
<b>Action Step</b>	
<b>Description</b>	<ol style="list-style-type: none"> <li>1. AP Summer Institute through College Board and AVID trainings (Professional Development) including training with the AP Data Analysis tools</li> <li>2. Use of AP Insight as a resource in AP classes</li> <li>3. Industry Certification Testing Training</li> <li>4. Established partnerships with business, colleges, industry and community</li> </ol> <p>Increase offerings and sections of AP and industry certification courses (Vet-Tech, Ag Foundations, etc.)</p>

organizations help provide our students with opportunities to hear from individuals (Guest Speakers) about a variety of post-secondary opportunities

5. Farm to Table Initiative across multiple CTE content areas
6. PEER Leader program to promote advanced coursework through peer interactions and encouragement from peers
7. As well, events to increase family involvement are also necessary to inform families and will be held this year. These include guidance nights and AVID family nights.
8. Tutoring sessions held for AP courses, based on content, prior to assessment date to help students best prepare for the exams
9. AP Capstone Night
10. Use of PSAT results to determine AP Potential and send out parent letters to encourage AP course enrollment
11. Use of Khan Academy for support in AP classes

#2	
<b>Title</b>	Graduation Rate
<b>Rationale</b>	In order for all students to be college and career ready, they need to (at minimum) graduate from high school.
<b>State the measurable outcome the school plans to achieve</b>	Increase our high school graduation rate by 3%.
<b>Person responsible for monitoring outcome</b>	Danielle Erwin (erwind@highlands.k12.fl.us)
<b>Evidence-based Strategy</b>	<p>The following is a list of activities/supports we have implemented in order to increase graduation rate:</p> <ul style="list-style-type: none"> <li>• Guidance Nights--quarterly / AVID Family Nights</li> <li>• 2nd Day PowerPoint</li> <li>• Admin / Peer visits to classrooms (behavior and expectations)</li> <li>• College Room and Peer Leader taskforce</li> <li>• Freshman Focus</li> <li>• SARC (Attendance)</li> <li>• PBIS (Development of School-wide expectations)</li> <li>• AVID Trainings: Summer Institutes, VCC, VFT</li> <li>• 1 to 1 Mentoring Program</li> <li>• Peer Mentors</li> <li>• MTSS</li> <li>• Khan Academy</li> <li>• After School Tutoring</li> <li>• Graduation Coach</li> </ul>
<b>Rationale for Evidence-based Strategy</b>	Based on our 2018-19 data, 76% of our students graduated on time. With this in mind, we looked at at risk-student data and developed a plan and supported initiatives that would provide supports and needed remediation to keep these students on track.
<b>Action Step</b>	
<b>Description</b>	<ol style="list-style-type: none"> <li>1. Guidance Nights--quarterly / AVID Family Nights held to inform parents of graduation requirements and supports available for students</li> <li>2. 2nd Day PowerPoint presentation given to all students at the beginning of the school year that includes guidance information regarding courses and graduation requirements</li> <li>3. Admin / Peer visits to classrooms to discuss with all 9th and 10th grade students the impact that behavior and academic engagement have on their success in high school.</li> <li>4. The College Room is open during lunches and provides information about FAFSA, Career and college opportunities</li> <li>5. Peer leaders-mentor incoming 9th and 10th graders, assist with FASFA Night and work with administration on PBIS</li> <li>6. Guidance department and Peer leaders hold a workshop for Freshman parents on what to expect for their 4-years of high school</li> </ol>

7. SARC committee meets bi weekly to ensure students with attendance concerns are put on attendance plans (Attendance)
8. PBIS (Development of School-wide expectations)- Be Red Campaign
9. AVID training provided to all teachers via: Summer Institutes, VCC, VFT and school PD plan
10. 1 to 1 Mentoring Program that provides additional support to at-risk students
11. MTSS Interventions in reading, math and behavior to provide remediation so that students can meet graduation requirements
12. School-wide use of Khan Academy resources during Advisement
13. After School Tutoring provided for all students by certified teachers (4 days a week)
14. Graduation Coach's responsibilities range from managing mentors to working with at-risk students and families to grant writing to support school-wide initiatives

**Title** Attendance

**Rationale** Regular school attendance is important for a student's academic success.

**State the measurable outcome the school plans to achieve**

Increase school-wide attendance rate by 3%

**Person responsible for monitoring outcome**

Danielle Erwin (erwind@highlands.k12.fl.us)

**Evidence-based Strategy**

The following activities will help to improve our attendance rate:

- SARC
- PBIS
- Mentoring
- Daily attendance monitoring
- Skyward
- Relationships with discretionary agencies (Youth and Family Services, USF, Project 10)

**Rationale for Evidence-based Strategy**

In order for students to be engaged and involved in their academics and school community, they must be in attendance regularly. We have implemented strategies that take into consideration the whole child and parent involvement

**Action Step**

**Description**

1. Updated procedures for SARC (School Attendance Review Committee)
2. Incentives/reward for good attendance
3. 1 to 1 Mentoring Program that provides additional support to at-risk students
4. Peer mentoring training
5. Calls home in the morning when student is absent from school
6. Encourage use of Skyward Parent Portal to check real time attendance
7. Work in partnership with discretionary agencies to best meet the needs of our the whole child

Reduce total number of students with 6 or more referrals by 1%

**Person responsible for monitoring outcome**

Danielle Erwin (erwind@highlands.k12.fl.us)

**Evidence-based Strategy**

The following strategies will help us achieve an increase in this area:

- PBIS School-wide (Model School status)
- Development of Teacher-Student Relationship Agreements
- 9th and 10th grade class visits to go over discipline with administration and Peer Leaders (students)
- 2nd day of school PowerPoint presentation to whole school
- Mentoring

**Rationale for Evidence-based Strategy**

The strategies listed above are based on an analysis of students needs identified from the 2018-19 Behavior data (4% of students received 6 or more referrals) and in response to full implementation of the PBIS Initiative.

## Action Step

**Description**

1. Implementation of PBIS e.g. student rewards/incentives for good behavior
2. Implementation of School-Wide Expectations (PBIS)
3. Tier 1, 2 and 3 implementation of PBIS
4. Tier 2 MTSS for behavior specialized advisement and check-in system
5. 1:1 Mentoring to at-risk students

### Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

## Part IV: Title I Requirements

### Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

**Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.**

Increase parental involvement in academic recognition and awards ceremonies and other school related activities (AVID family nights, guidance nights).

Increase parental involvement on our school advisory committee.

Increase involvement and attendance of all stakeholders at school's annual Night of Stars program.

#### PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

During our advisement period, mentors advocate on their assigned students' behalf. During advisement students and teachers review grades, build relationships and discuss academic issues. Students in 9th grade Leadership class engage in character building discussions using Covey's 7 Habits of Highly Effective Teens and 6 Most Important Decisions curriculum. The APHS MTSS committee works with the school-based leadership team to identify students who meet criteria for MTSS evaluation. MTSS team members coordinate delivery of remedial/supplemental instructional/behavioral interventions, and progress monitor students identified as at risk using our school's early warning system. APHS also has 1:1 mentoring that focus on our at-risk students. Guidance Counselors and outside agencies such as New Horizons and Youth and Family Services provide individual/family counseling to assist students and their families with their individual needs. After school tutoring is available (4 days a week) to all students to get extra support. Lastly, all students will be receiving a minimum of 5 hours of instruction on the topics that were identified in the law.

**Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

9th graders transitioning from the middle school are enrolled in a Leadership Class. Instructional objectives for this course include improving students with organizational skills, providing instruction in self advocacy strategies, and to increase student's post-secondary preparedness.

**Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

Prior to the start of each school year the APHS leadership team meets to analyze student achievement results and to establish achievement/performance goals for the upcoming school year. Additionally the leadership team, working with faculty and staff as whole will establish the master schedule, finalize instructional teaching assignments and compile a list of instructional resources needed to support teaching and learning. Many of the members of the CLT also help to develop and deliver targeted professional development to help increase student achievement.

**Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

Each student is assigned a guidance counselor. Guidance counselors advise students on course selections, college and career planning. Instituted a guidance advisement period that connects each student with an adult mentor on campus to review academic histories, monitor academic progress, provide college and career planning support via Peer Forward Peer Leaders. Implemented AVID program for select 9th through 12th graders. The AVID College Readiness System (ACRS) accelerates student learning, uses research based methods of effective instruction, provides meaningful and motivational professional learning, and acts as a catalyst for systemic reform and change. In addition, established partnerships with business, colleges, industry and community organizations help provide our students with opportunities to hear from individuals (Guest Speakers) about a variety of post-secondary opportunities in our Career/College Cafes.
