Demographics

Principal: Dawn Wolfe

Start Date for this Principal: 11/26/2018

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-6
Primary Service Type (per MSID File)	K-12 General Education
2018-19 Title I School	No
2018-19 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	63%
2018-19 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Black/African American Students* Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (71%) 2017-18: A (63%) 2016-17: A (69%) 2015-16: B (60%) 2014-15: A (67%)
2019-20 School Improvement (SI) Information*	
SI Region	Northeast
Regional Executive Director	Cassandra Brusca
Turnaround Option/Cycle	N/A
Year	
Support Tier	

ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Clay County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Lakeside's mission is to work collaboratively with all stakeholders to provide a public education that is motivating, challenging, and rewarding for all children. We will increase student achievement by providing students with learning opportunities that are rigorous, relevant and transcend beyond the boundaries of the school walls. We will ensure a working and learning environment built upon honesty, integrity, and respect. Through these values, we will maximize student potential and promote individual responsibility.

Provide the school's vision statement.

Lakeside Elementary School exists to prepare life -long learners for success in a global and competitive workplace in acquiring applicable life skills.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Wolfe, Dawn	Principal	The department heads, guidance, ESE and administration at Lakeside Elementary work collaboratively with stakeholders to ensure students are receiving high levels of instruction. The leadership team meets monthly to discuss school wide initiatives and protocols.
Grybb, Megan	Teacher, K-12	
Knotts, Danielle	Teacher, K-12	
Tracanna-Breault, Kim	Teacher, K-12	
Jernigan, Kelly	Instructional Media	
Jewell, Jessica	Teacher, K-12	
Fowler, Christy	Assistant Principal	
Dotson, Angela	Teacher, K-12	
Henley, Alayne	Teacher, K-12	
Hunt, Emily	Teacher, K-12	
Loveland, Christine	Teacher, ESE	
Travis, Sarah	Teacher, K-12	

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	120	110	85	103	107	100	112	0	0	0	0	0	0	737
Attendance below 90 percent	6	3	3	1	1	2	2	0	0	0	0	0	0	18

Economically Disadvantaged Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

School-wide data shows that the group that had the lowest performance percentage was our bottom 25% in the area of ELA. More specifically was the bottom 25% in 5th grade in the area of ELA. Our bottom quartile is mostly comprised of ESE students. The majority of these students based on local assessments (iReady data) were performing at one to two grade levels below their current grade.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

School-wide data shows that the learning gains of the lowest quartile in Math was the greatest decline from the prior year going from 73% in 17-18 to 71% in 18-19. Teachers were not utilizing small groups for true differentiation nor were all teachers utilizing the same curriculum.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

School-wide data shows that all areas were above the state average. However, Science had the lowest difference between the school and the state.

Which data component showed the most improvement? What new actions did your school take in this area?

School-wide data shows that the most improved area was in the learning gains of the lowest quartile in ELA. In 17-18 this area had a 37% and in 18-19 it increased to 58%, showing an increase of 21%. Targeted differentiated small group instruction and monitoring of the lowest quartile students.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

As of this point, we only have 2 out of 737 students showing 2 or more indicators. Those students are being tracked and monitored consistently. If more students arise with 2 or more indicators, they will also be tracked, monitored, and assisted through the Student Success Team meeting process.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Maintaining a high level of achievement from the previous year
2. Increase student achievement on the NGSSS Science assessment
3. Increase the learning gains for the bottom quartile in Math
4. Increase the learning gains for the bottom quartile in ELA
5. Parental Involvement

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	ELA Learning Gains Bottom Quartile
Rationale	This is still a continued area of weakness, in spite of the 21% increase (37% to 58%) from the previous year.
State the measurable outcome the school plans to achieve	Lakeside Elementary will continue to make learning gains in the bottom quartile for ELA by achieving an increase to 60%.
Person responsible for monitoring outcome	Dawn Wolfe (dawn.wolfe@myoneclay.net)
Evidence-based Strategy	The lowest quartile students have been identified and teachers are tracking and monitoring those students on a daily basis. Those students are receiving differentiated small group instruction with their teacher and the Title 1 Assistant assigned to that grade level. Students will use LAFS for whole group instruction. They will use Achieve 3000 and iReady to support classroom instruction. Bottom quartile students will also be the first students to receive an offer for after school tutoring.
Rationale for Evidence-based Strategy	School-wide data and the bottom quartile report were used to identify those students and the area of opportunity for our school.
Action Step	
Description	<ol style="list-style-type: none"> 1. Small-Group Instruction 2. Title 1 Assistants will be used to meet with small groups throughout all grades for targeted instruction. Priority is given to bottom quartile and level 1 students. 3. Monitoring Achieve 3000 and iReady Data 4. After School Tutoring Services
Person Responsible	Dawn Wolfe (dawn.wolfe@myoneclay.net)

#2	
Title	Math Learning Gains Bottom Quartile
Rationale	This is an area of opportunity, in spite of achieving 71% this was a decrease from the previous year of 73%.

State the measurable outcome the school plans to achieve Lakeside Elementary will continue to make learning gains in the bottom quartile for Math by achieving an increase to 73%.

Person responsible for monitoring outcome Dawn Wolfe (dawn.wolfe@myoneclay.net)

Evidence-based Strategy The lowest quartile students have been identified and teachers are tracking and monitoring those students on a daily basis. Those students are receiving differentiated small group instruction with their teacher and the Title 1 Assistant assigned to that grade level. Students will utilize Eureka Math for whole group instruction and will also utilize iReady Math Toolbox for support. Bottom quartile students will also be the first students to receive an offer for after school tutoring.

Rationale for Evidence-based Strategy School-wide data and the bottom quartile report were used to identify those students and the area of opportunity for our school.

Action Step

Description

1. Small-Group Instruction
2. Title 1 Assistants will be used to meet with small groups throughout all grades for targeted instruction. Priority is given to bottom quartile and level 1 students.
3. Monitoring iReady Data
4. After School Tutoring Services

Person Responsible Dawn Wolfe (dawn.wolfe@myoneclay.net)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements
 This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Lakeside Elementary is reinstating the PFA and has created a school committee devoted to Family and Community Engagement. The 2 committees will work together to create activities to build positive relationships with all stakeholders. Additionally, Lakeside has increased its use of Social Media, Robocalls, Positive Phone Calls Home, and flyers for events. We also have held and plan to hold a variety of informative and recreational events to increase positive relationships such as Open House, Eureka Math Night, Fall Family Fun Night, Evening Conferences, STEM is in the Air Evening, and much more.

The School Advisory Council will meet quarterly at a minimum. SAC and PFA will provide input at meetings for SIP, PFEP, Title 1 budget and Title 1 program via discussions and anonymous feedback forms.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Lakeside is staffed with 2 guidance counselors who are available to provide support for all students on an as-needed basis. They also provide social-emotional lessons within the classrooms. Additionally, we have the services of a school psychologist and social worker to aid in situations in which advice or help is needed.

The administration is providing professional development on classroom discipline and positive behavior supports to increase relationship building with the students. There will also be a professional development session to guide teachers on how to teach students who suffer from trauma-related incidents. We also have a military life counselor who frequently pulls small groups of students whose parents are active military.

The early warning system is monitored by one of our guidance counselors and through our PBIS/MTSS committee. Student success meetings will be held if the need arises to provide additional support to any student.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Lakeside utilizes staggered enrollment to help with the transition from Pre-K to Kindergarten. We offer a Kindergarten Parent Night before the first day of school. We offer Orientation for the whole school and we hold Open House, but divide it between 1st-3rd and 4th-6th grades. Lakeside also held its first annual New to Lakeside Popsicle party for students to get to know other students who were also new to Lakeside. Towards the end of the year, the JH comes to give information to the current 6th graders and explain the process for Junior High.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Lakeside used Title 1 funds to hire 3 new classroom assistants. Those assistants each have 2-grade levels for which they are responsible. Classroom teachers identify what students the classroom assistants will work with on a regular basis. We will use Title 1 Funding to hire substitutes so teachers are able to participate in in-depth data discussions with the administration. The early warning system is monitored by one of our guidance counselors and through our PBIS/MTSS committee. Student

success meetings will be held if the need arises to provide additional support to any student. Administration pulls data after each diagnostic and growth monitoring check and then meets with teachers to discuss data. Teachers will identify students who are struggling and refer them to the PBIS/MTSS committee in order to discuss interventions and if necessary to begin the MTSS process.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Lakeside has business partners and plans to have a job fair for 6th grade.
