## School Board Approval

This plan is pending approval by the Washington County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### Provide the school's mission statement.

Mission: The mission of the Washington County School District is to empower all students to become well educated, productive citizens by providing appropriate, high quality, and rigorous educational programs in a safe learning environment.

#### Provide the school's vision statement.

One hundred percent of Washington County students will graduate and be prepared to complete post-secondary educational opportunities or enter the workforce as successful citizens in our society.

### School Leadership Team

#### Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Cox, Sam	Principal	oversee all school activities
Hodge, Rachel	School Counselor	guidance counselor
Brock, Cheryl	Administrative Support	secretary/data entry

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

The lowest reported performance data is the 14% decrease in Algebra 1 EOC. It is difficult to identify the reason, but one contributing factor is having students enrolled for only a portion of the school year due to the nature of alternative school.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

Algebra 1 EOC

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

The biggest gap is in Civics EOC. It is -71% from state average. There were none reported in 2018 or 2019, so the comparison is skewed.

**Which data component showed the most improvement? What new actions did your school take in this area?**

The only recorded improvement is an increase from zero to 9% in History.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)**

areas of concern are subgroups - economically disadvantaged, and white students also percent tested

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Test at least 95%
2. improve learning gains in subgroup economically disadvantaged
3. improve learning gains in subgroup white students

## Part III: Planning for Improvement

### Areas of Focus:

**#1**

<b>Title</b>	Subgroups - Black/African American, White and Economically Disadvantaged Students
<b>Rationale</b>	A critical need identified in the state assessment data. These subgroups missed the target federal index of 41% and are not meeting expectations.
<b>State the measurable outcome the school plans to achieve</b>	In 2019-2020, the Black/African American student subgroup, the White student subgroup and Economically Disadvantaged subgroup data will increase to at least 41% meeting expectations as determined by the ESSA data.
<b>Person responsible for monitoring outcome</b>	Sam Cox (sam.cox@wcsdschools.com)
<b>Evidence-based Strategy</b>	All Level 1 and 2 ELA students will be enrolled in Intensive Reading/Empower 180 Comprehension. Edgenuity will be utilized for remediation and credit recovery.
<b>Rationale for Evidence-based Strategy</b>	MTSS research shows that improvement and growth in ELA and reading is shown when struggling reading students are identified and provided specific interventions. School grade results, FSA ELA/Math scores and ESSA data were used to determine the areas of focus.
<b>Action Step</b>	
<b>Description</b>	<ol style="list-style-type: none"> <li>1. Hiring highly qualified, reading endorsed teachers for ELA and intensive reading courses</li> <li>2. All Level 1 and 2 ELA students will be identified and enrolled in Intensive Reading/Empower 180 Comprehension</li> <li>3. Review progress monitoring and classroom assessments to monitor student growth</li> <li>4. Ensure differentiated instruction through classroom observation and data assessment</li> <li>5. Provide instructional resources and supports when needed</li> </ol>
<b>Person Responsible</b>	Sam Cox (sam.cox@wcsdschools.com)

### Additional Schoolwide Improvement Priorities (optional)

**After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).**

We will test at least 95% of students.

## Part IV: Title I Requirements

### Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

**Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.**

WISE will build positive relationships through working with volunteers and mentors, parent conferences, transition staffings, graduation ceremony, and other community events.

#### PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

Students are offered and provided mental health services through the district LMHC, Anchorage, Florida Therapy, and Life Management.

**Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

The school uses staffing meetings with students and parents with the home zoned school before any movement to or from another school. The district is also utilizing the behavior analyst as a transition assistant for students.

**Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

Our number one desired student outcome is graduation with a standard high school diploma. Our second most important student outcome is for our graduates to be successful contributing members of society. Everything we do, from behavior modification to credit recovery, is to this purpose and outcome.

**Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

We try to dual enroll as many of our students as possible in our local technical school, the Florida Panhandle Technical College.

**Part V: Budget**

The approved budget does not reflect any amendments submitted for this project.
