School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	The contents that will be of primary focus for improving student achievement will be in the areas of math and reading learning gains as well as contributing to increased overall mathematics and reading proficiency levels.
Rationale	Students score below 41% in the Overall Federal Percentage of Points.
State the measurable outcome the school plans to achieve	Increase proficiency by 2 percent in each reporting category.
Person responsible for monitoring outcome	Kristin Baltazar (kristin.baltazar@browardschools.com)
Evidence-based Strategy	To increase performance within the ELL population, we will continue to utilize the CARE Process. The English Department has paired with the Reading Department to align instructional practices of the specific standards and assess students using the formative assessments provided by the district. The English Department will then focus on the open responses and the Reading Department will focus on the multiple-choice items. Together, the department will develop remediation and enrichment plans to address the individual student plans.
Rationale for Evidence-based Strategy	This strategy was selected because the sub groups that were reported scored below 41% in Reading and Math as reported by the FSA and EOC Score Report.
Action Step	
Description	<ol style="list-style-type: none"> 1. Students who are enrolled in Reading and LA classes will complete the DAR Assessment to identify struggling areas and next steps for improvement 2. Teachers will utilize Achieve 3000 and Burlington Program to build student proficiency 3. Students will attend pull-out sessions with Literacy Coach to practice skills to prepare them for the state test 4. Student will attend the ELL Enrichment Camp to increase proficiency in Reading, Writing and Math 5. Additional District Support will be provided by Instructional Facilitator and Master Coaches
Person Responsible	Kristin Baltazar (kristin.baltazar@browardschools.com)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

The school will continue to advocate for students by building relations with families, parents and community members by hosting Open House where they gather information about the school and programs being offered. They get to meet the teachers and staff and create personal relationships. Establish partnership with Masonic Lodge to provide donations of food items for students in need. Continue to partner with community churches that provide items to the Teen Parents to assist them with baby essentials.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Through mentoring programs and international student organizations, students will have the opportunity to have transformative conversations about community and culture.

Students will participate in student organizations and clubs and engage in student activities (Hispanic Heritage and Black History Months)

Through the mentoring clubs, students are engaged in promoting positive behaviors, leadership skills, and resolving peer conflicts.

Teachers will encourage students to advocate for themselves, to exhibit positive motivation and optimism, and seek help when needed.

Model and guide students to control students' attention and interpersonal conflict

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Students meet with counselors to obtain information on graduation requirements and testing needs

Teachers also conduct data chats with their students to inform them on their progress in class and also update them on pending academic requirements

Students also meet with the BRACE Advisor who provides information about Scholarship opportunities and assist seniors with the college selection and application process

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The administrative team, along with our school's budget keeper and confidential meet weekly to discuss personnel and curricular needs. This information is then disseminated to the school's Leadership Team, which meets the first Thursday of each month, to determine what roles and responsibilities each staff member will take on. Staff is able to share their strengths with the Leadership Team to determine areas of interest as well as areas where staff can receive professional development moving forward in order to best meet the academic and socio-emotional needs of each student. Lynnette Drayton (Intern Principal)

and Kristin Baltazar (Assistant Principal) are responsible for each month's leadership meeting and determine the agenda and responsibilities for each team member during the meeting. The leadership team works to determine possible resources based on identified student and staff needs. These needs are then assessed for budgetary purposes, and if grants can be written, the team does so.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Students attend Career Fairs held on campus where they have an opportunity to obtain information on colleges and careers that they may be interested in after graduation.

Our partnership with OIC provides Industry Certifications to students participating in identified programs on campus.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
