School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The Reading data showed the lowest performance. Percentage of students making learning gains in Reading dropped from 33% to 4%. Percentage of students making learning gains in Mathematics dropped from 39% to 15%. Low student attendance and limited small group instruction has had an effect on student performance. The lack of implementation of best practices of data driven and differentiated instruction was also a contribution to the decrease of the learning gains.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Reading data showed the greatest decline from the prior year, dropping from 39% to 4%. Data driven and differentiated instruction were not implemented. Students' poor attendance also contributed to the decrease.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The percentage of students making learning gains in the State for ELA is 59% compared to EAOP/ S3C students' percentage making learning gains for ELA is 4%. There is a gap of 55%.

Which data component showed the most improvement? What new actions did your school take in this area?

Mathematics showed the most improvement from 39% to 50%. Small group and individual student instruction was conducted with fidelity.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

1. 8th grade students attendance-Attendance below 90%-20%
2. 8th grade students scoring Level 1 on state assessments-48%

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Percentage of students making learning gains in Reading and Mathematics
2. Daily Attendance
3. Percentage of students tested-90% or higher
4. Bi-weekly Progress monitoring
5. Increase social-emotional counseling with school psychologists

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Increase the Percentage of students making learning gains in Reading and Mathematics.
Rationale	In order to achieve an overall Commendable rating in both Reading and Mathematics, percentage of students making learning gains need to be increased.
State the measurable outcome the school plans to achieve	To improve the percentage of students making learning gains from 4% to 26% in Reading and 15% to 26% in Mathematics.
Person responsible for monitoring outcome	Tabitha Young (tyoung@dadeschools.net)
Evidence-based Strategy	Utilize instructional coaches to share best practices strategies with Reading and Mathematics teachers to implement with students to increase student achievement.
Rationale for Evidence-based Strategy	To provide support to teachers infusing standards-based instruction and resources by instructional coaches. Best practices will be implemented and monitored with fidelity in order to increase student achievement.
Action Step	
Description	<ol style="list-style-type: none"> 1. Execute small group instruction 2. Model instruction 3. Utilize co-teaching model 4. Conduct Data chats with students and teachers 5. Assist teachers in planning and provide feedback

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Improve percentage of students' daily attendance rate to 75%. School-wide incentive plan will be implemented funded by EESAC. Implement quarterly award assemblies highlighting academic, I-Ready achievements as well as attendance goals.

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Conduct parent/student interviews at the home school prior to application submission
 Facilitate Title I Annual Meeting/Open House
 Collaborate the development of School Compacts and PFEP plans with parents' input
 Facilitate EESAC meetings
 Provide Parent Resource Center
 Communicate with parents regularly
 Provide student monthly progress report
 Provide parents with option of receiving weekly progress report by email
 Invite parents/stakeholders to Parenty Academy workshops
 Invite parents to trainings at Title I Neighborhood Resource Center

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

EAOP has a team of full time-counselors who meet the needs of every student, often providing face to face contact on a weekly basis. Students are mentored daily by teachers on a one to one basis for academic needs and in small groups by teacher in subject areas. School psychologists are also on call should a teacher observe the need and a school social worker works directly with teachers to provide home visitations and give aid to the family of students in need of food, utilities, and county services. Threat assessment team and Mental Health teams are available to provide the services students need.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Miami-Dade County Public Schools partnered with the Juvenile Justice System as well as with several community partners to provide transitional services assisting adjudicated students in their transition back to appropriate educational settings. At one centralized location, students that have been released from adjudication by the Justice System are referred to the One Stop Center to receive an educational assessment by one of our transition specialists. Students will also have access to community service agencies for additional support. The following services are provided:

- Comprehensive multi-disciplinary educational assessment and advisement;
- Referral to appropriate Miami-Dade County Public Schools support services;
- Transition advisement and placement in a K-12 or high school completion program;
- Educational case management and academic progress monitoring;
- Specialized services that utilize family and community interventions;
- Alternative to suspension services

Additionally, counselor assist students as they transition from middle school to high school or adult/ vocational technical colleges.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

To meet the needs of all students and maximize desired outcomes, members of the leadership team consistently review and discuss academic and behavioral data in order to determine effective strategies that are closely monitored for fidelity of implementation. Services are also provided to ensure students requiring additional remediation are assisted (before-school and/or after-school programs, Saturday Academy or summer school). Title II and Title III ensures staff development needs are provided. Support

services are provided to the schools, students, and families. Title I funded Community Involvement Specialists (CIS), serve as bridge between the home and school through home visits, telephone calls, school site, and community parenting activities. The CIS schedules meetings, activities, encourage parents to support their child's education, provide materials, and encourage parental participation in the decision making processes at the school site. Curriculum Coaches develop, lead, and evaluate school core content standards. Coaches identify assist with whole school screening programs that provide early intervening services for children to be considered "at risk" assist in the design and implementation for progress monitoring, data collection, and data analysis. Parents participate school's Parent Involvement Plan, the school improvement process and the annual Title I Annual Parent Meeting at the beginning of the school year. The annual M-DCPS Title I Parent/Family Involvement Survey is used toward the end of the school year to measure the parent program. At end of the year, an evaluation of the parent involvement program results to inform planning for the following year. An all-out effort is made to inform parents of the importance of this survey via CIS, Title I District and Region meetings, Title I Newsletter for Parents, and Title I Quarterly Parent Bulletins. This survey, available in English, Spanish and Haitian-Creole, online and via hard copy for parents (at schools and at District meetings) to complete.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

EAOP has established partnerships with post-secondary education centers throughout the district to provide students with the opportunity to tour campuses and learn about the programs offered. Additionally, guidance counselors meet with students individually to review their academic progress and discuss career goals and aspirations and provide them with the support needed to move forward. Students also access My Career Shines and the Choices platforms in the Student's portal to identify which career path they most identify with.
