School Board Approval

This plan was approved by the Jackson County School Board on 10/15/2019.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Science achievement for 5th and 8th grade were the lowest performing. Instructional practices and impacts of Hurricane Michael contributed to the low performance.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Science achievement had a 5% decline from the prior year. Instructional practices and impacts of Hurricane Michael contributed to the decline in performance.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Social Studies (Civics) had a 5% gap compared to the state average.

Which data component showed the most improvement? What new actions did your school take in this area?

Math learning gains went up 24%. The school utilized i-Ready instructional support and Imagine Math instructional support for students through dedicated remediation and enrichment time.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Attendance is our greatest EWS concern.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Maintain increased proficiency rates.
2. Continue to make learning gains.
3. Improve science achievement.
4. Improve Civics achievement.
5. Improve student attendance.

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	ELA performance and learning gains.
Rationale	Ensure performance remains at current levels or improves.
State the measurable outcome the school plans to achieve	Reduce non-proficient students by 10% on the 2020 FSA. 62% of total students and 62% of lowest 25% students will make learning gains on the 2020 FSA.

Person Responsible	Laurence Pender (laurence.pender@hdsb.org)

#2	
Title	Math performance and learning gains.
Rationale	Support continued improvement in proficiency and learning gains for students. Supports middle school acceleration outcomes.
State the measurable outcome the school plans to achieve	Decrease non-proficient by 10% on the 2020 FSA. Ensure that at least 62% of all students make learning gains and at least 62% of the lowest 25% make learning gains. Ensure that Algebra 1 EOC pass rate is at least 90%.

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

The school is monitoring attendance through EWS and is supporting students through established district procedures.

Part IV: Title I Requirements

Additional Title I Requirements
This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

The school utilizes the Title I Parent and Family Engagement Plan to provide the support of family involvement to fulfill the school's mission and support the needs of students.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Sneads High School invites GRS students to tour the campus near the end of the school year and the guidance department gives materials and information to students as well as assisting in creating schedules for their upcoming 9th grade year. Grand Ridge School also hosts an Open House for grades 5-8. At the beginning of the school year students and parents have a grade level parent orientation night to answer any questions that parents might have and teachers explain procedures and expectations for each class.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Using data measured from formative, progressive, diagnostic and summative assessments the school makes meaningful decisions to assist students with a continuum of educational needs. As deficiencies are noted the SIP team discusses these issues with the SAC where recommendations for changes can be made.

Title I, Part A - Title 1 funds are being used to supplement math and reading programs in the school, math instruction will be in blocks.

Supplemental Academic Instruction (SAI)- Supplemental Academic Instruction is being provided to assist students who are not meeting grade level expectations. WriteScore has been purchased for all students in grades 5-8 with three diagnostics as well as extra math blocks.

Violence prevention program- The school introduces the students to anti bullying instruction throughout the year. Banners are posted throughout the school along with instruction in the classroom. Students are rewarded for appropriate behavior.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Sneads High School guidance department meets with eighth grade students near the end of the school year to discuss scheduling options as well as courses that will be needed in order to graduate. Students are given forms to take home and discuss with parents/ guardian which helps in planning their freshmen year. GRS guidance also help students in planning their ninth grade year. Parents/ Guardians are given information so that they are aware of which classes their child will need in order to graduate. Grand Ridge School also offers middle school acceleration industry certifications in agriculture and business education. Students in FBLA and FFA compete in district, region and state level competitions with multiple disciplines.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

The school works with the community and CTE programs to advance college and career readiness.
