### School Board Approval

This plan is pending approval by the Palm Beach County School Board.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

ELA learning gains for FRL at 72%. FRL ELA achievement was at 92% but the students had difficulty demonstrating a learning gain. Majority of students ride the bus and are unable to attend before or after school support.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

Multiracial students ELA proficiency decreased 6% points from 92% to 86%. Students were not able to stay after school for additional support or attend Saturday tutorial.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

Positive Gaps in ELA Proficiency compared to the state  
Grade State Morikami  
3 58% 95%  
4 58% 97%  
5 56% 95%

Math Proficiency-positive gaps compared to the state  
Grade State Morikami  
3 62% 98%  
4 64% 95%  
5 60% 98%  
6 55% 100%

**Which data component showed the most improvement? What new actions did your school take in this area?**

Hispanic students increased ELA performance by 6% points. Provide differentiated tier supports, morning and after school support.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)**

Students attendance in grades 3-5 being attached to low performance.

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Continued increase with 3rd grade ELA achievement. Stagnant at 95%
2. Continued increase with ELA learning gains to match proficiency percentage of school.

### Part III: Planning for Improvement

**Areas of Focus:**

#1	
<b>Title</b>	Increase reading on grade level by 3rd grade
<b>Rationale</b>	Students reading on grade level will achieve greater academic success. This area of focus aligns with the District's Strategic Plan to increase reading on grade level to 75% and ensure high school readiness.
<b>State the measurable outcome the school plans to achieve</b>	Increase ELA 3rd grade proficiency by 2% points to continue to meet the LTO of the District's Strategic Plan.
<b>Person responsible for monitoring outcome</b>	Stacey Quinones (stacey.quinones@palmbeachschools.org)
<b>Evidence-based Strategy</b>	Provide data driven differentiated small group instruction and tiered support for students.
<b>Rationale for Evidence-based Strategy</b>	FSA data and iReady data was used in selecting this strategy. Teachers will use iReady data from the first diagnostic to strategically plan small group instruction that is specific to each students' needs. Tiered support will be specific to students' deficiency. Teachers will use LLI and Wilson to remediate student reading deficiencies.
<b>Action Step</b>	
<b>Description</b>	<p>Pillars of Effective instructions: Students will be immersed in effective, rigorous and relevant standards based instruction, including content required by Florida State Statue 1003.42 continuing to develop a single school culture and appreciation of multicultural diversity with a focus on Reading and writing across the content areas.</p> <ul style="list-style-type: none"> <li>* K-2 will continue providing a systematic phonics program using Foundations</li> <li>* Continue with guaranteed academic vocabulary implementation</li> <li>* PLCs will focus on data analysis and instructional action plans will be developed</li> <li>* Teachers will continue implementation of mandated curriculum infusing multicultural texts, as applicable to appropriate grade levels including but not limited to: History of Holocaust, History of Africans and African Americans, Hispanic contributions, Women's contributions, Sacrafices of Veterans.</li> <li>* Teachers will continue to build content knowledge and vocabulary through leveled texts</li> <li>* Teachers will continue to expose students to complex text, aligning text, task, and talk</li> <li>* Teachers will teach inference skills, distinguishing between text-connecting and gap-filling inferences</li> <li>* Students will use iReady, IXL, and iReady prep books to build ELA skills</li> <li>* Teachers will disaggregate data (FSQs and USAs) looking for trends and patterns in each students' data and remediating as necessary.</li> <li>* Specific tiered supports will be provided to students</li> </ul>
<b>Person Responsible</b>	Stacey Quinones (stacey.quinones@palmbeachschools.org)

#2	
<b>Title</b>	To increase ELA and Math learning gains for all students and low 25
<b>Rationale</b>	Both math and ELA showed an increase from 2018 to 2019. Math demonstrated the largest increase from 73 to 89% learning gain for all students and low 25 from 75% to 94%. ELA demonstrated a 5% increase from 80% to 85% for both LG all and low 25 LG. This area of focus is aligned to the District's Strategic Plan to ensure high school readiness
<b>State the measurable outcome the school plans to achieve</b>	Increase ELA learning gains for all students and low 25 by 5% points to 90%. Increase Math learning gains for all students from 89% to 91% Increase Math learning gains for low 25 from 94% to 95%
<b>Person responsible for monitoring outcome</b>	Stacey Quinones (stacey.quinones@palmbeachschools.org)
<b>Evidence-based Strategy</b>	Student data (FSQs, USAs, iReady, formative assessments) will be analyzed for trends and patterns. Teachers will drill down data to specific standards not mastered and small skills group remediation will be provided.
<b>Rationale for Evidence-based Strategy</b>	Research shows that data driven instruction will have the biggest pay off in student achievement. The resources used were 2019 FSA data and iReady data. Data was analyzed and patterns were noted with specific standards that students struggled with and demonstrated that struggle on FSA.
<b>Action Step</b>	
<b>Description</b>	Students will be immersed in rigorous tasks encompassing the full intent of the Florida State Standards and content required by Florida State Statue 1003.42 continuing to develop a single school culture and appreciation of multicultural diversity with a focus on reading, writing, and math. <ul style="list-style-type: none"> <li>* Develop a school-wide WIG for both ELA and Math</li> <li>* Teachers develop either a grade level goal or individual goal</li> <li>* Continued implementation of guaranteed vocabulary</li> <li>* Students will complete weekly iReady and Successmaker minutes</li> <li>* Students will be held accountable for standards taught by completing rigorous assignments and exit tickets</li> <li>* Teachers will teach inference skills, distinguishing between text-connecting and gap-filling inferences</li> <li>* Support services (Tier 2 and 3, SAI, before and after school tutorial) will be provided to students not meeting the standards</li> <li>* PLCs will focus on data analysis and instructional planning</li> <li>* Cross grade level collaboration to share best instructional practices</li> <li>* ELA intervention will be provided to students using LLI, Foundations, or Heggerty</li> <li>* Enrichment will be provided to students at FSA levels 4 &amp; 5</li> <li>* Students at grades 3-5 will have access to IXL math and reading</li> </ul>
<b>Person Responsible</b>	Stacey Quinones (stacey.quinones@palmbeachschools.org)

**Additional Schoolwide Improvement Priorities** (optional)

**After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).**

Pillars of Effective Instruction: Students are immersed in rigorous tasks encompassing the full intent of the Florida State Standards and content required by Florida State Statute 1003.42; continuing to develop a single school culture and appreciation of multicultural diversity in alignment to S.B. 2.09 with a focus on reading and writing across all content areas. Our students focus on content and curriculum related to:

The History of the Holocaust

The History of Black and African Americans

The Contributions of Latino and Hispanics

The Contributions of Women

The Sacrifices of Veterans and Medal of Honor recipients within US History.

Our school integrates Single School Culture by sharing our Universal Guidelines for Success (Morikami Park Way) and communicating these expectations to parents via student protocols and monitoring SwPBS through data. In alignment, to school board 2.09 and Florida State statute 1003.42 our school highlights multicultural diversity within the curriculum and the arts and hosting an annual Multicultural Day. Our students participate in activities and studies including, but not limited to, art expos of different cultures and in music our students study music of different eras and countries and in media our library selection is filled with books related to the variety of cultures.

## Part V: Budget

**The approved budget does not reflect any amendments submitted for this project.**
