Year	N/A
Support Tier	N/A

ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Lake County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Lake County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Triangle Elementary is committed to a shared purpose and direction. We maintain expectations for student learning which are aligned with our school vision. School personnel and all other stakeholders support our shared purpose, vision, and mission. Our expectations serve as the focus for assessing student performance and effectiveness. Triangle's vision guides allocations of time as well as human, material, and fiscal resources.

MISSION:

The mission of Triangle Elementary School is to empower students to achieve, excel, and celebrate life-long learning through reading, writing, thinking and talking each day.

STUDENT PLEDGE:

Today, I will do my work and follow Triangle rules and expectations so I can achieve, excel, and celebrate life-long learning.

BELIEF STATEMENTS:

- All Triangle students are learners.
- The Triangle staff strives to meet the unique learning needs of all students.
- Teaching and learning occur in a safe and orderly environment.
- Resources and services support effective teaching and learning.
- Our staff encourages students and community to value tolerance, respect, and self-esteem.
- Our staff members continue to be active learners.
- Our school and community serve and support one another.
- Our school, with parent and community involvement, plans for continued improvement.

Provide the school's vision statement.

VISION:

Triangle Elementary School, in partnership with families and community, will provide relevant educational opportunities and maintain high academic expectations for a diverse community of learners.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Straughan, Marlene	Principal	
Hartog, Deborah	Assistant Principal	
Boston, Rhonda	Instructional Coach	
Frazier, Whitney	Instructional Coach	
Textor, Christina	Administrative Support	
Dillow, Melissa	Instructional Coach	
McGuire, Linda	School Counselor	
Dooley, Tom	Instructional Coach	
Bolivar, Alexandria	Instructional Coach	
Harris, Angela	School Counselor	
Bence, Stephanie	Dean

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

For proficiency, science was the lowest at 44%, an 11% decrease from the year before. This was a bit of a surprise to drop so significantly. We did anticipate a slight decrease after analyzing the LSA data, but continued with Science Wednesdays as the prior year. Besides being a unique and challenging group, another contributing factor was the fact we piloted a new approach to departmentalizing in 5th grade (3-way split instead of 2). After disaggregating the data, however, we chose to return to the traditional ELA/SS and Math/Science split with two teachers partnered for 2019-2020. We also had our 5th grade Science teacher leave in October, and had to utilize a substitute for well over a month. We eventually hired a new teacher, but was inexperienced.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Not only was science the lowest in proficiency, but also showed the greatest decline from the previous year (11%). Math proficiency was the only other decrease out of the 7 graded categories with an 8% decrease to 57%..

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Once again, science has the greatest gap when compared to the state average. We were at 44% proficiency, and the district was at 54% and state at 53%. Some factors that contributed were the challenges that came with the class (behaviors and academic trends over the past 3 years) as well as the logistics of the schedule we utilized. We tried a new schedule with two teams instead of three and each teacher teaching one subject vs. two. It clearly did not benefit us so we returned to the traditional schedule for this year. We also had a first-year teacher in the 5th grade science position last year, who only started in Oct. due to the original teacher transferring to another school.

Which data component showed the most improvement? What new actions did your school take in this area?

ELA increased in all categories: proficiency, learning gains and learning gains of the lower quartile. We had a focus on authentic literacy and utilized the literacy block. We increased classroom libraries for all classrooms and hired consultant Angela Schroden to lead PD in IDR with conferring. We conducted classroom walk throughs with feedback and offered several professional development opportunities.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Our current 4th grade class is relatively small with just over 100 students. We noticed, however, 28 current 4th graders scored a level 1 on the FSA last year. This accounts for over 25% over the class population. We will focus our efforts to identify the Lower Quartile, as well as the 'bubble kids' for intervention and continue to monitor their progress. Teachers will also differentiate instruction and utilize resources and strategies such as small group instruction.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increase Science Proficiency to 62%
2. Increase Math Proficiency to 65%
3. Increase ELA overall proficiency to 62%
4. Increase ELA/Math LG for the LQ by 3 percentage points
5. Increase ELA/Math LG by 3 percentage points

Part III: Planning for Improvement

Areas of Focus:**#1****Title**

With high expectations, teachers will intentionally plan and focus on student learning; students can state what they are learning, why they are learning it, and how they know they have learned it.

Rationale

If we monitor and support our focus on purpose and provide common planning, then teachers will intentionally plan and evaluate grade level student assessments and work products. If we support the district's instructional framework, then teachers will understand and utilize modeling, guided instruction, collaborative and independent learning with high expectations for all students. This area of focus supports our goal on increasing overall proficiency in ELA, Math and Science.

State the measurable outcome the school plans to achieve

Build capacity in the Marzano elements as evidenced by CLW's; Increase student achievement in ELA proficiency from 55 to 62%, ELA LG from 64 to 67%, ELA LQ LG from 67 to 70%; Math proficiency from 57 to 65%, Math LG from 59 to 62%, Math LQ LG from 54 to 57%, and Science proficiency from 44 to 62%.

Person responsible for monitoring outcome

Marlene Straughan (straughanm@lake.k12.fl.us)

Evidence-based Strategy

Create a common planning schedule for all grade levels to intentionally plan with support from leadership, including academic coaches, CRT and administrators. Common planning, PLC's and collaborative plan days will have clearly defined protocols, planning time frame and expected outcomes.

Rationale for Evidence-based Strategy

By creating a common planning schedule, teachers will be able to collaboratively plan and create grade appropriate assignments, strong instruction, deep engagement and high expectations. Students will have daily opportunities to read, write, think and talk through authentic literacy and teachers will utilize a variety of strategies including modeling, guided instruction, purpose, collaborative and independent learning. This will be evidence through student data and CLW's.

Action Step**Description**

1. Introduce the instructional framework
2. PD on Purpose: focuses on student learning
3. Create common planning and PLC schedule and give support during instructional time and common plan
4. Conduct weekly classroom learning walks
5. Strategic Intervention Team to push in and support teachers and students across the grade levels and curriculum.

Person Responsible

Marlene Straughan (straughanm@lake.k12.fl.us)

#2	
Title	With high expectations, we will create a culture that ensures a safe and equitable learning environment for all students.
Rationale	If we implement, monitor and support positive behavior support systems, then we will foster a safe and equitable learning environment for all students.
State the measurable outcome the school plans to achieve	Increased positive student behaviors through PBS strategies and classroom standard operating procedures; increase trust in law enforcement through interaction with the School Resource Officer (SRO); decrease the number of student referrals; reduce the number of students meeting the EWS indicator for suspensions each quarter.
Person responsible for monitoring outcome	Stephanie Bence (bences@lake.k12.fl.us)
Evidence-based Strategy	We will utilize the Sanford Harmony Social-Emotional Learning Program which includes a variety of problem-solving skills; continue the use of the Manatee Market, Ambassador Program, Manatee Mentoring, and safety/attendance committees.
Rationale for Evidence-based Strategy	The SEL program teaches students to embrace diversity and build healthy relationships that will last well into adulthood. We will see more positive behaviors by establishing clearly identified protocols and expectations while in common areas and offering a variety of incentives for good behavior. Supports will also be in place including counseling and mentoring (resources include SRO, counselors, Mental Health Liaison and PASS teacher).
Action Step	
Description	<ol style="list-style-type: none"> 1. Create schedule for SEL teacher training and lessons 2. Develop and utilize schedule for Manatee Market 3. Meet routinely to disaggregate data and measure impact of utilized resources 4. Safety and Attendance committees meets quarterly to discuss findings and/or concerns 5. Identify students and a create schedule for Manatee Mentoring Program
Person Responsible	Deborah Hartog (hartogd@lake.k12.fl.us)

#3

Title

With high expectations, teachers will understand, plan and use intervention and enrichment strategies to meet the needs of all students in all content areas.

Rationale

If we monitor and support intervention and enrichment strategies, then we will meet the needs of all students across each content area. This area of focus was identified as a critical need based on the need to increase overall proficiency in all areas as evidenced by FSA scores. This impacts student learning and success by meeting the needs of students through differentiation and strategic intervention and enrichment.

State the measurable outcome the school plans to achieve

Increased overall proficiency in ELA, math and science for all students, including those in the lower quartile (LQ) as evidenced on the FSA; increase support for both teachers and students as evidenced by increases in performance data and classroom learning walk data; increase the number of 3's and 4's on the FSA to 5's and maintain students scoring a 5 by continued enrichment time, strategies and support.

Person responsible for monitoring outcome

Tom Dooley (dooleym@lake.k12.fl.us)

Evidence-based Strategy

We will create and establish a schedule for the strategic intervention team to push-in to classrooms to assist teachers and students in all grades and content areas; create and establish intervention and enrichment time in the master schedule for all students in all grade levels.

Rationale for Evidence-based Strategy

By having specific time scheduled throughout the day for intervention and enrichment, students and teachers alike will get additional support in all grades and content. Leadership will conduct weekly CLW's to measure the impact of the intervention/enrichment time and the strategic intervention team will meet weekly to discuss data and summative/formative student assessments.

Action Step

Description

1. Hire qualified additional personnel for strategic intervention team
2. Create intervention/enrichment time within the master schedule
3. Develop and utilize administrative schedule for attending and supporting intervention/enrichment time
4. Conduct weekly classroom learning walks with leadership team
5. Meet weekly to disaggregate data and identify students in need to supports.

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

We will work collaboratively as ONE TEAM to increase overall school improvement. We welcome feedback from all stakeholders and communicate effectively and efficiently.

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Parent and community involvement is vital to our school. Parents and community members comprise two of the most important groups of our stakeholders. Community partners include: Mount Dora Police Department, Lake County Sheriff's Office, Mount Dora Kiwanis, Mount Dora Women's Club, Dominoes Pizza, Publix, Sonic, Burger King, Oakwood, Triangle Lanes, First United Methodist Church of Mount Dora, First Baptist Church of Mount Dora, Saint Phillips Lutheran Church, Northland Church, 7-11 and ValuTeachers, just to name a few. Many of these partners give their time as mentors, financial contributors for supplies, community services projects, and academic achievement (attendance, honor roll, etc.) as well volunteer for special projects and events held at the school.

Years ago, we started a school-wide initiative to boost both student achievement and community involvement through in-school presentations and activities. We will continue these presentations as well as a monthly community service outreach recognizing service groups who support our school.

We will also continue our partnership with the Mount Dora Police Department, who provide a full-time SRO to keep the school safe and help build community relations.

Our 2019-2020 PFEP has been uploaded for review. Communications are sent home in a language parents can understand.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Triangle Elementary has two full-time school counselors, a Mental Health Liaison, Dean and PASS (positive alternative to school suspension) teacher. They are all available for our students and parents to address needs in confidence. They are able to refer families to local agencies for behavioral and emotional needs. Our school social worker and title 1 contact work closely with our family in need by providing backpacks, school supplies, clothes, shoes, food and support for our homeless families. We also provide referrals to Life Stream, Big Bear Behavioral and UCF CARD (Center for Autism and Related Disabilities). As a team, they work to support our students' behavior, attendance and emotional goals in the educational setting.

Our PBS program also includes a mentoring program, "Manatee Mentors," where school personnel and other community stakeholders are assigned to students in need of support and guidance. They provide mentoring for academic, behavioral and social skills issues for all students, especially our ELL subgroup. Outside school mentors are also provided for students through outside community partnerships. In addition, we are utilizing the Sanford Harmony program for social-emotional lessons starting with the 2019-2020 school year. The lessons will be taught to students and supported by the counselors and mental health liaison.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

(1) Voluntary Preschool (VPK) is offered during the regular school year to assist in readiness skills for Kindergarten. Triangle offers one full day Pre-K funded half by Title 1 and half by LCS VPK program. The county PLAY Center helps identify, set up services, and refer students to Triangle for early intervention in ESE Pre-K. Our community is also provided with VPK summer services through the county at a nearby location. ESE articulation meetings are held for transitions from Pre-K to Kindergarten and from fifth grade to middle school. Student records are reviewed with receiving middle school to ensure smooth transition.

To assist our fifth grade students with the transition to the middle school, teachers and students visit the receiving schools for an orientation to the campus, curriculum, and expectations.

(2) Triangle Elementary offers "Kindergarten Round Up" in the spring to orient and provide parents and students with information regarding curriculum, services, schedules, and special events. Triangle also provides a school based Kindergarten Readiness Screener which is administered before the start of school, and FLKRS (Florida Kindergarten Readiness Screener) is administered within the first 30 days of Kindergarten to determine readiness skills and to assess current programs for preschoolers.

(3) 5th to 6th grade Standard Promotion Criteria: report card grades (grades reported to reflect Florida Standards mastery for all 5th grade content areas), pass Reading, Language Arts, Math, Science and Social Studies. Alternative Promotion Considerations: committee recommendation, with the principal making the final determination, based on student performance in all grade level specific content area Florida Standards and

a) Previous retentions b) English Language Learner (ELL) c) ESE Status d) 504 Status e) Progress Monitoring Status f) Health Status g) Alternative Assessment Scores. We also continue supporting ELL's who were exited from the ESOL program.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

MTSS

The function and responsibility the MTSS Leadership team is to create a system of supports for both the classroom teacher and individual students according to the intervention design outlined in the MTSS process. It is a collaborative process with systematic 'checks and balances' to determine the effectiveness of the intervention plan based on the student's response to the intervention.

TITLE I, PART A

The Title Services department coordinates the funding which utilizes to help students improve academic achievement. These opportunities include additional instructional personnel targeted at assisting with LQ student subgroups, materials for mathematics, reading, and science, funding for remediation, intervention and after-school tutoring, and professional development for staff. When data is received, special attention will be given to subgroups which didn't meet the target.

TITLE II

The Curriculum Department coordinates funding for technology aimed at increasing student achievement. Funding for PD is coordinated through the curriculum department at the district level. On the school level, the AP, CRT, technology contact, and the family liaison works with the principal to ensure compliance with guidelines and assistance to children and families.

TITLE III

The Curriculum Department coordinates funding for services to English Language Learners through a

partnership with the district curriculum department and the school's ELL coordinator. The purpose of this funding is to ensure that appropriate services are provided to ELL students. Supplemental instructional materials include Rosetta Stone.

TITLE IX- HOMELESS

The School Counselors and Social Worker assist to provide resources for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education.

VIOLENCE PREVENTION PROGRAMS

We participate in the Too Good for Drugs prevention program.

IDEA FUNDS

We receive federal IDEA funds for equipment and/or materials to be utilized for our ESE students.

Meetings are held monthly and a continuous inventory maintained.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

We have a school-wide initiative to boost both student achievement, community involvement and college and career awareness through in-school presentations and activities. Due to the success we've seen from this program of the last couple of years, we will continue it for the 2019-2020 school year. These presentations and activities are part of our Wonderful Wednesdays and promote not only community involvement, but college and career awareness as we enrich our students in math, science and encourage the fine arts and other career opportunities.

Some of local business partners include MDPD, MDFD, Waste Management, Eustis Elks, Dominos, Sonic, Mount Dora Kiwanis, Northland Church, St. Phillip Lutheran Church, Mount Dora Baptist Church, Main Street Leasing, and 7-11.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: With high expectations, teachers will intentionally plan and focus on student learning; students can state what they are learning, why they are learning it, and how they know they have learned it.				\$0.00
2	III.A.	Areas of Focus: With high expectations, we will create a culture that ensures a safe and equitable learning environment for all students.				\$0.00
3	III.A.	Areas of Focus: With high expectations, teachers will understand, plan and use intervention and enrichment strategies to meet the needs of all students in all content areas.				\$7,351.40
