ESSA Status	TS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Brevard County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Brevard County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission at Southwest Middle School is to improve student achievement through the development of positive and productive relationships with all stakeholders.

Provide the school's vision statement.

At The Great Southwest, we courageously strive to provide each of our students with the best educational experience possible by helping students meet rigorous moral and academic expectations.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Shaw, Ronald	Principal	Ron Shaw's major duties consist of overseeing the entire school. He manages essential school meeting and helps to solve major problems that may present themselves. He also acts as the school's leader and provides guidance to staff and faculty when needed or requested.
Glover, Laura	Assistant Principal	Laura Glover's primary duties is to provide support and implement the state curriculum. She also provides and oversees many other responsibilities such as scheduling, planning events, and heading communications with parents and other stakeholders. Assisting Principal Shaw when needed, Laura Glover provides support in all fashions for the entire school.
Vacca, Ralph	Teacher, K-12	Ralph Vacca's primary duties as a classroom teacher is to provide students with an equal and fair education. Other duties consist of providing a safe learning environment, teaching state learning standards, and to cultivate positive relationships with all students.
Doucimo, Todd	Instructional Coach	Todd Doucimo's primary duties are provide literacy support for all classrooms. Todd also is responsible for hosting professional development training sessions, helping to provide teachers with possible literacy techniques and way to implement them. Todd also maintains a school wide Google Classrooms, providing helpful literacy documents, various important information/data, and provides feedback when needed.
Gordon, Sandy	Teacher, K-12	Sandra Gordan's primary duties as a classroom teacher is to provide students with and equal and fair education. Other duties consist of providing a safe learning environment, teaching state learning standards, and to cultivate positive relationships with all students.
Boyer, Barbara	Teacher, K-12	Barbra Boyer's primary duties as a classroom teacher is to provide students with and equal and fair education. Other duties consist of providing a safe learning environment, teaching state learning standards, and to cultivate positive relationships with all students.

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Number of students enrolled	0	0	0	0	0	0	0	477	427	0	0	0	0	904

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component that shows the lowest performance here at The Great Southwest (TGSW) occurs in ELA and Math achievement for our English Language Learners (ELL) and our Students with Disabilities (SWD). While both subgroups posted significant gains in 2019, they remain well behind other subgroups and the school as a whole. Overall ELA achievement is 53% at TGSW; it is 29% for ELLs and 20% for SWD. Overall MATH achievement is 56% at TGSW; it is 22% for ELLs and 21% for SWD.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

In general, our Math and ELA lowest 25th percentile showed the greatest decline at 1% and 2% respectively. Additionally, our Math learning gains dropped by 1%. While these are not significant declines, they are concerning none the less. During the 2018-2019 school year TGSW had an extremely high turnover of math instructional personnel. This instructional instability greatly impacted our ability to provide consistent, effective math instruction.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Our Social Studies Achievement is 8% below that state average at 64%. Here too, SWMS had a high turnover of instructional personnel. This instructional instability greatly impacted our ability to provide consistent, effective social studies instruction.

Which data component showed the most improvement? What new actions did your school take in this area?

ELA Achievement and Learning Gains showed our greatest increase at 3% and 2% respectively. These gains are attributed to department utilization of data to drive instruction and instructional coaches working with all teachers to improve instructional delivery and formative data collection. Additionally, we implemented well orchestrated school-wide incentives linked to meeting literacy goals (i.e. 20 Book Challenge) such as New York Times Bestselling authors visits with Kwame Alexander and Jason Reynolds.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

In reviewing our EWS data, an area of great concern is the number of level 1 students. The 348 students listed represent 42% of the student body. This is a great impediment to student achievement and must be addressed with appropriate strategies and instructional planning.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increase ELA and MATH achievement rates for English Language Learners to 35% and 30%, respectively.
2. Increase both ELA and MATH achievement rates to 30% for Students with Disabilities.

3. Increase both ELA and MATH lowest 25th percentile average to 50%.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1

Title Achievement of English Language Learners Subgroup

Rationale Our English Language Learners subgroup achieved an average proficiency rate of 36% on the ESSA Federal Index which reflects a huge achievement gap when compared to our White subgroup proficiency rate of 59% on the ESSA Federal Index.

State the measurable outcome the school plans to achieve Southwest Middle School will increase English Language Learners subgroup math and reading proficiency to at least 30% and 35% proficiency, respectively. This represents a 8% and 6% increase, respectively.

Person responsible for monitoring outcome Todd Doucimo (doucimo.todd@brevardschools.org)

Evidence-based Strategy Culturally Responsive Teaching and Differentiated Instruction

Rationale for Evidence-based Strategy Preparing teachers with culturally responsive knowledge, attitudes, and skills during pre-service education programs will improve the school success of diverse students. Through proper training, teachers will bridge the gap between instructional delivery and diverse learning styles and establish continuity between how diverse students learn.

Action Step

Description

1. Southwest Middle School will provide professional development to our instructional staff to better support Culturally Responsive Instruction.
2. Administration will ensure teachers are incorporating Culturally Responsive Instructional strategies into their lesson plans.
3. ELL students will be enrolled in Language Live, a district provided online program that aids in language acquisition and reading comprehension. Work with this program is completed via ILA classes.
4. ELL students will be enrolled in an homogeneous ELL ILA class so that the teacher can tailor instruction to the specific needs of this group.
4. Student achievement data will be monitored via MESH team meetings and MTSS.
5. PLC in "Closing The Attitude Gap" for social/personal aspect of teaching.
6. Teachers will utilize the Media Center by making and coordinate lessons with the media specialist.

Person Responsible Ronald Shaw (shaw.ron@brevardschools.org)

#2	
Title	Achievement of Students with Disabilities Subgroup
Rationale	Our Students with Disabilities subgroup achieved an average proficiency rate of 38% on the ESSA Federal Index which reflects a huge achievement gap when compared to our White subgroup proficiency rate of 59% on the ESSA Federal Index.
State the measurable outcome the school plans to achieve	Southwest Middle School will increase Students with Disabilities subgroup math and reading proficiency to at least 30% proficiency. This represents a 9% and 10% increase, respectively.
Person responsible for monitoring outcome	Todd Doucimo (doucimo.todd@brevardschools.org)
Evidence-based Strategy	Implementation of Differentiated Literacy Strategies
Rationale for Evidence-based Strategy	Teachers often request strategies to use with their ESE students. We believe that concerted professional development can bear accelerate student achievement.
Action Step	
Description	<ol style="list-style-type: none"> 1. Southwest Middle School will conduct professional development to our instructional staff providing a variety of content area literacy strategies and techniques. 2. Literacy Coach and SWD teachers will partner with non-SWD content-area teachers to model differentiated instructional strategies. 3. Instructional leaders will facility data analysis and utilize instructional strategies based on student needs. 4. Administration will ensure teachers are embedding appropriate learning strategies into their lesson plans. 5. PLC in "Closing The Attitude Gap" for social/personal aspect of teaching. 6. Teachers will utilize the Media Center by making and coordinate lessons with the media specialist.
Person Responsible	Ronald Shaw (shaw.ron@brevardschools.org)

#3	
Title	ELA and Math Lowest 25th Percentile
Rationale	Our ELA Lowest 25th Percentile dropped from 46% to 44%. Our Math Lowest 25th Percentile dropped from 46% to 45%. These drops, while currently small, must be addressed in order to prevent larger drops in the future.
State the measurable outcome the school plans to achieve	Southwest Middle School will increase the ELA and Math Lowest 25th Percentile averages to 50%. This represents a 6% and 5% increase, respectively.
Person responsible for monitoring outcome	Todd Doucimo (doucimo.todd@brevardschools.org)
Evidence-based Strategy	Tutoring, Data Driven Instruction, and Differentiated Instruction
Rationale for Evidence-based Strategy	Students identified in the ELA and Math Lowest 25th Percentile will be enrolled in the Southwest Success Academy which will offer remediation based on each student's classroom performance.
Action Step	
Description	<ol style="list-style-type: none"> 1. Southwest will identify students in the ELA and Math Lowest 25th Percentile. 2. Southwest will identify teachers to provide this additional support both during school and before/after school hours. 3. Southwest will utilize ASP funds to pay for tutors enrolled in the Southwest Success Academy (before/after school hours). 4. MESH team will facilitate data analysis and utilize instructional strategies based on student needs. 5. Through classroom observations and reviewing of lesson plans, administrators will ensure teachers are providing data-driven and differentiated instruction with fidelity. 6. ELA and ILA will partner to write lessons that reinforce shared skills and standards. 7. Instructional Coach will assist teachers in items 4, 5, & 6 above. 8. Math teachers will monitor students using the district's new MAP assessment system and make instructional adjustments based on that data.
Person Responsible	Ronald Shaw (shaw.ron@brevardschools.org)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).
