School Board Approval

This plan is pending approval by the Nassau County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Callahan Intermediate is committed to working with the community to create a variety of high quality educational experiences designed to provide each student with the opportunity to develop his or her talents in every area of the curriculum. Students will develop positive learning habits that will enable them to become dependable contributors to a diverse society through challenging programs in a safe, caring environment.

Provide the school's vision statement.

Callahan Intermediate visualizes the complex world that our students live in and the many demands that will be placed upon them in a multicultural society and swiftly changing environment. Our vision is for students to develop positive learning habits that will enable them to become dependable contributors to a diverse society.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Cason, Monica	Principal	
Bryant, Terri	School Counselor	
Simmons, Rachel	Teacher, K-12	
Palmer, Sarah	Teacher, K-12	
Clark, Ashleigh	Assistant Principal	
Jackson, Alisa	Teacher, K-12	
Simmons, Steven	Teacher, K-12	

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

At Callahan Intermediate 68% of the students in 3rd grade, 62% in 4th grade are proficient on the ELA Florida State Assessment. These percents show a deficit of 5-7% compared to the district.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Third grade ELA showed the greatest deficit for Callahan Intermediate School by 13% compared to the prior year.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The 2018-2019 data was above the state average. For grade 3, CIS was 10% above the state, fourth grade was 5 % above the state, and 5th grade was 27% above the state average.

Which data component showed the most improvement? What new actions did your school take in this area?

For state assessments, the 5th grade ELA showed the most improvement by 33% and in math by 27%. Small group differentiated instruction as well as whole group instruction along with paraprofessional assistance helped with both ELA and Math for 5th grade. Consistent spiral teaching and review also help students maintain and practice skills throughout the school year.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

After reflecting on the EWS data we will continue to monitor and implement strategies to reduce excessive absences.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Overall ELA achievement and learning gains for our lower quartile
- 2.
- 3.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1

Title	Increase academic achievement in ELA
Rationale	At Callahan Intermediate 68% of the students in 3rd grade, 62% in 4th grade are proficient on the ELA Florida State Assessment. These percents show a deficit of 5-7% compared to the district.
State the measurable outcome the school plans to achieve	At the 3-5th grade level, the average proficiency rate will increase by 7-9% on the ELA FSA for the 2019-20 school year.
Person responsible for monitoring outcome	Monica Cason (casonmo@nassau.k12.fl.us)
Evidence-based Strategy	To implement intentional, differentiated ELA instruction based on data from diagnostic assessments to progress monitor achievement and growth.
Rationale for Evidence-based Strategy	Based on a plethora of assessment (previous year's FSA, current i-Ready, and STAR, progress monitoring data), the data shows a need for continued adjustments for growth in ELA.
Action Step	
Description	<ol style="list-style-type: none"> 1. Differentiated small group instruction 2. Targeted in school interventions 3. Tiered support as indicated in MTSS 4. Tutoring 5. Collaborative planning and professional development
Person Responsible	Monica Cason (casonmo@nassau.k12.fl.us)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Parent Nights for each of the subject areas: Reading, Math, Science, Writing and Technology are to be held in the first and second semester of school. Information was disseminated to parents regarding each subject area. Hands-on activities were implemented to show parents how to work with their child. School staff, faculty, and administrators strive to strengthen family involvement and family empowerment in the school. The school will coordinate and integrate parental involvement strategies with School

Improvement, Strategic Planning, Title I, Title II, Title IV, Title VI, Community Involvement Programs, Business Partnerships, and other community involvement activities.

The school will provide the coordination, technical assistance, and other support necessary to assist in planning and implementing effective and comprehensive parent involvement programs, based on the National Standards for Parent/Family Involvement Programs, which include:

- A. Communication between home and school is regular, two-way and meaningful.
- B. Responsible parenting is promoted and supported.
- C. Parents play an integral role in assisting student learning. The School will help parents understand the state's academic standards, student progression requirements, and how to monitor their children's progress.
- D. Parents are welcome in school, treated with courtesy and respect, and their support and assistance are sought.
- E. Parents are full partners in the decisions that affect children and families.
- F. Community resources are utilized to strengthen school programs, family practices, and student learning.

The school will communicate parental choices and responsibilities to parents. Emphasis will be placed on active parent involvement at each school. The following are examples of family and community involvement communication:

- Open House, Parent Nights (STEAM, Literacy)
- School Web Page
- Focus
- Newsletters communicating classroom and school news to parents
- Parent phone calls, Blackboard, and conferences, school marquee, Remind 101

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Students at Callahan Intermediate School are provided with counseling services through the guidance department with parent consent. Outside agencies such as D.A.R.E, Nassau County Homeless Liaison, CARRT, Child Find, Starting Point, etc.....assist with mentoring and counseling services on an individual or family basis as needed. School based teams meet to discuss students with barriers to academic and social success and refer to Child Advocate Rapid Response Team (CARRT) as needed. Staff advocates are assigned to students identified with concerns. Offer instruction and various campus activities that address social/emotional needs of students.

Connect students to agencies who have Cooperative Agreements or are on campus.

School counseling program with dedicated time to: 1. Assess the needs of the students and the barriers blocking their success (Data-Driven Decision Making), 2. Identify interventions that the research suggests works to remove the barrier to success (Evidence-Based Intervention), and 3. Evaluate your intervention (Evaluation)

Engage with identified staff (i.e. school counselor, school-based team leader) to provide a differentiated delivery of services based on student/school need. (Include core, supplemental, and intensive supports.)

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Each school holds student/parent orientation meetings to assist with the transitioning from one school level to another. The Student Progression Plan and student handbook is distributed and reviewed. The Nassau Schools that contain primary grades work in concert with Episcopal Children's Services, Child

Find, and other service agencies in order to strengthen curriculum offerings, provide ease of transition to kindergarten, increase community involvement, and increase meaningful parent involvement. Each school also holds student/parent orientation meetings to assist with the transitioning from one school level to another. The Student Progression Plan and student handbook are distributed and reviewed.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The school's leadership team oversees the implementation/ monitoring of its MTSS and SIP structures through data-based decision making which identifies areas of deficit and identifies and provides supports and resources needed to address those deficits.

The Problem Solving/RTI process requires the following steps: Problem Identification, Problem Analysis, Intervention Design/ Implementation, and Evaluation: Response to Intervention.

Data based decisions are expected at all levels of the school.

Title I

Services are provided to ensure students requiring additional remediation are assisted through extended learning opportunities. The district coordinates with Title II/Title III in ensuring staff development needs are provided. Teachers develop, lead, and evaluate school core content standards/ programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. They identify systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered "at risk;" assist in the design and implementation for progress monitoring, data collection, and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring. The school-wide program include Parental Programs; Supplemental Educational Services; and special support services to special needs populations such as homeless, migrant, and neglected and delinquent students. Information is shared with parents during our Open House/Annual Title I Meeting.

Title II

The District uses supplemental funds for improving basic education as follows:

- training to certify qualified mentors for the New Teacher Program
- training for add-on endorsement programs

Title III

The District provides supplemental academic instruction and services to students who are ELL.

Title X- Funds are set aside to meet needs of identified homeless families.

Violence Prevention Programs:

The District has adopted bullying prevention and intervention policies, procedures and training.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

The strategies used to advance college and career awareness include: providing after school programs like Arts Alive, utilizing community resources and guest speakers, family parent nights like STEAM, utilizing a computer lab and science lab.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Increase academic achievement in ELA				\$25,000.00
