Demographics

Principal: Lori Amos

Start Date for this Principal: 9/30/2019

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	High School 9-12
Primary Service Type (per MSID File)	K-12 General Education
2018-19 Title I School	No
2018-19 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	35%
2018-19 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities English Language Learners* Asian Students* Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (65%) 2017-18: A (65%) 2016-17: B (58%) 2015-16: A (62%) 2014-15: A (67%)
2019-20 School Improvement (SI) Information*	
SI Region	Northeast
Regional Executive Director	Cassandra Brusca
Turnaround Option/Cycle	N/A
Year	
Support Tier	

ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Nassau County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission is to develop each student as an inspired life-long learner and problem-solver with the strength of character to serve as a productive member of society.

Provide the school's vision statement.

Our vision for all members of Yulee High School is to provide a safe environment, maintain and model professionalism and high expectations which will result in continuous academic growth, excellence, and increased post graduation opportunities.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Drake, Natasha	Principal	
Joinville, Yvon	Assistant Principal	
Jackson, Donna	Assistant Principal	
Perry, Donna	Instructional Media	
Schweitzer, Richard	Teacher, K-12	
Harris, Blair	School Counselor	
Scarberry, Rebecca	Teacher, K-12	
Blake, Thomas	Teacher, K-12	
Patterson, Brianna	Teacher, K-12	
Pinckney, Heather	Teacher, K-12	
Lacand, Caroline	Teacher, K-12	
Hicken, Candace	Instructional Coach	
Matricardi, Mandi	Dean	
Crosby, Kathy	Teacher, Career/Technical	
Murray, Ashley	Teacher, K-12	
Eckman, Jessi	Teacher, K-12	
Grunewald, Amnesty	Teacher, ESE	
VanDelinder, Janice	Teacher, K-12	

Early Warning Systems

Current Year

Economically Disadvantaged Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The ELA 9th and 10th grade performed at 63% proficiency on the 2018-2019 assessment vs. the district average of 65%. The 9th grade declined 1% when compared to previous year's data. Our lowest 25% dropped from 47% in 2017-2018 to 31% in 2018-2019.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The 2018-2019 Algebra EOC data (67%) declined 13% from the 2017-2018 school year (80%). This was the first year that Algebra 1-B students from the 2016-2017 cohort tested. Overall learning gains as well as Lower Quartile learning gains declined slightly as well.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

YHS is above state average in all areas.

Which data component showed the most improvement? What new actions did your school take in this area?

YHS showed the most improvement in the area of Geometry moving from 52% in 2017-2018 to 64% in 2018-2019.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

The greatest area of concern is 17% of our population (224 students) is identified as a Level 1 on statewide assessment. In the 2018-2019 school year, only 31% of the lowest quartile made learning gains compared to the 42% state average.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Improve ELA learning gains among our lower quartile students
2. Improve our Algebra scores
3. Improve our overall ELA pass rate
4. Improve overall attendance below 90%

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	ELA Lowest 25th Percentile
Rationale	ELA Lowest 25th Percentile dropped from 47% to 31% learning gains in the 2018-2019 school year. We are refocusing our instructional strategies, increasing small group instruction, and ensuring teacher created questions, assignments and assessments are at the same level of rigor as the standard.
State the measurable outcome the school plans to achieve	ELA Lowest 25th Percentile will improve from 31% learning gains to 36% learning gains for the 2019-2020 school year.
Person responsible for monitoring outcome	Natasha Drake (natasha.drake@nassau.k12.fl.us)
Evidence-based Strategy	Evidence-based strategies include implementation of a progress monitoring assessment based on assessed ELA standards. Administration will take place in December. Evaluative data will be disseminated and used for differentiated lesson planning to include extra instruction in each strand deficiency. Benchmark assessments, close reads, sample writings, and a determination of student lexile levels will also drive curriculum and instruction.
Rationale for Evidence-based Strategy	Benchmark assessments can help determine individual student learning gains. These allow for more specific instruction on deficient areas.
Action Step	
Description	<ol style="list-style-type: none"> 1. Determine individual student lexile levels and reading comprehension 2. Determine writing deficiencies based on previous years data and current writing prompt samples. 3. Develop Common Boards as a standards based planning assessment, ensuring that tasks align to the rigor of the standards 4. Intensive teachers create and administer a progress monitoring assessment based on assessed ELA standards. Administration will take place in December. 5. Plan future lessons based on data collected from the progress monitoring assessment
Person Responsible	Ashley Murray (murrayas@nassau.k12.fl.us)

#2	
Title	Algebra EOC
Rationale	The number of students passing the Algebra EOC in the 2018-2019 school year dropped from 80% to 67% in the 2018-2019 school year. Students must pass the EOC in order to earn a high school diploma. We are refocusing our instructional strategies, increasing small group instruction, and ensuring teacher created questions, assignments and assessments are at the same level of rigor as the standard.
State the measurable outcome the school plans to achieve	The number of students passing the Algebra EOC in the 2018-2019 school year will improve from 67% proficiency to 70% for the 2019-2020 school year.
Person responsible for monitoring outcome	Donna Jackson (donna.jackson@nassau.k12.fl.us)
Evidence-based Strategy	Throughout the year, we will be using small groups for instruction and remediation, district created spiral review, and benchmark assessments.
Rationale for Evidence-based Strategy	Small group instruction allows for more specific instruction on deficient areas. To ensure the level of rigor is addressed, we will use Algebra Nation 'Test Yourself,' and 'Check for Understanding,' as well as the videos and workbook to reinforce concepts. In addition, we will use a combination of a 10 week review packet, Mastery Sheets, Concept Quizzes, and released test questions in class, as well as in boot camp review. Benchmark assessments can help determine individual student learning gains.
Action Step	
Description	<ol style="list-style-type: none"> 1. Determine individual math achievement and comprehension scores 2. Determine math deficiencies based on previous year's date and summative assessments 3. Develop Common Boards as standards-based planning assessment, ensuring tasks align to the rigor of the standards 4. Create lessons that promote one-on-one or small group learning 5. Monitor student progress through Algebra Nation, Test Yourself Reports, an Math XL Reports
Person Responsible	[no one identified]

#3	
Title	Attendance Below 90 Percent
Rationale	17% of the students at Yulee High School had annual attendance below 90 percent during the 2018-2019 school year. Consistent attendance is an indicator of student success and achievement in school.
State the measurable outcome the school plans to achieve	YHS will increase student attendance to reduce the attendance below 90 percent to 15% for the 2019-2020 school year.
Person responsible for monitoring outcome	Mandi Matricardi (matricardi.ma@nassau.k12.fl.us)
Evidence-based Strategy	Yulee High School Leadership team will develop a check-in, check-out system for students in Tier 1 of attendance - 5 absences in 30 days. For students in Tier 2 the Administrative Problem Solving Team will meet with parents and guardians to troubleshoot and propose interventions along with continuing Tier 1 supports.
Rationale for Evidence-based Strategy	Research shows that students who have connections or find connectivity to school are more likely to attend and improve patterns of attendance. By partnering with parents and providing additional resources, we will more likely remove or minimize barriers to student attendance and decrease absenteeism.
Action Step	
Description	<ol style="list-style-type: none"> 1. Identify all former and current Tier 1 and potential Tier 2 students with less than 90% attendance 2. Assign students to faculty members for check-in, check- out system 3. Current ISD teacher will make weekly phone calls for all Tier 1 and Tier 2 students who are absent 4. The Administrative Problem Solving Team will meet monthly to review and discuss current Tier 2 students 5. The Dean of Students and Resource Officer will conduct home visits for all Tier 3 students (15 absences in 90 days) 6. Conduct monthly celebration and recognition of students with perfect attendance for the month
Person Responsible	[no one identified]

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).
