Demographics

Principal: Samantha Whitehead

Start Date for this Principal: 7/1/2015

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2018-19 Title I School	Yes
2018-19 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2018-19 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners* Black/African American Students* Hispanic Students* Economically Disadvantaged Students*
School Grades History	2018-19: C (42%) 2017-18: C (43%) 2016-17: C (44%) 2015-16: F (30%) 2014-15: F (26%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	TS&I

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Park Ridge Elementary shall be a community that nourishes academic excellence for all students and demonstrates leadership in character development. The mission statement is intended to serve as both the blueprint for improvement and the benchmark by which we will evaluate our progress.

Provide the school's vision statement.

We are dedicated to our students, their families, and our community by fostering respect, leadership and lifelong learning in an environment that is safe, secure, and incorporates and innovative, hands-on approach to learning.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Balchunas, Joseph	Principal	To provide the leadership and management necessary to administer and supervise all programs, policies and activities of the school to ensure high quality educational experiences and services for the students in a safe and enriching environment
Whitehead, Samantha	Assistant Principal	Assist the school principal in overall administration of instructional program and campus level operations. Coordinate assigned student activities and services.
Ragin, Trakina	Instructional Coach	The Instructional Coach will work as a colleague with classroom teachers to support student learning. The Instructional Coach will focus on individual and group professional development that will expand and refine the understanding about researched-base effective instruction.
Turner, Susan	Instructional Coach	The Instructional Coach will work as a colleague with classroom teachers to support student learning. The Instructional Coach will focus on individual and group professional development that will expand and refine the understanding about researched-base effective instruction.
Oguz, Idil	SAC Member	The chair is responsible for notifying members of upcoming meetings and votes. The chair, or designee, will facilitate the SAC meetings and inform the SAC of relevant issues related to school improvement activities.

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	102	115	113	90	92	79	0	0	0	0	0	0	0	591
Attendance below 90 percent	24	20	12	12	14	15	0	0	0	0	0	0	0	97
One or more suspensions	1	0	1	2	2	4	0	0	0	0	0	0	0	10

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

We showed the lowest performance in ELA, showing a percentage of 32% proficiency. Last year's low performance in ELA resulted from having inconsistent pull-outs and push-in's, as well as not implementing reading programs with 100% consistency, as well as limited science integration into our reading blocks.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The data that shows the greatest decline from the prior year is Learning Gains in Math. One of the factors that contributes to this decline is our limited focus on math instruction. During the prior school year, our school set goals and focused our growth efforts on Literacy. This shift in instruction contributed to our decrease in Math Learning Gains.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data component that had the greatest gap when compared to the state average was achievement in ELA. Our gap occurred do to not having enough parallel and vertical planning between teachers and grades. Our gap also occurred do to not implementing our reading programs with 100% fidelity.

Which data component showed the most improvement? What new actions did your school take in this area?

The data component that showed the most improvement was ELA and Math Lowest 25 Percentile Learning Gains both by a 9% increase, from the previous school year. Last year, we placed our instructional focus on our lowest 25% Learning Gains. We focused on implementing differentiated instruction in all classrooms and used our pull-out sessions as extended learning opportunities for these students.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Reflecting on the EWS, two areas of concern are proficiency in ELA and the decline in Learning Gains in Math.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increasing Learning Gains in ELA
2. Increasing Learning Gains in Math
3. Increasing Proficiency in ELA
4. Increasing Proficiency in Science

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Literacy Learning Gains
Rationale	This year, we will be focusing on raising our Learning Gains in reading in grades 3-5. The focus on Learning Gains will target ALL student learners to increase their levels of achievement. Although students increased in ELA learning gains, our school's learning gains fall below 50%.
State the measurable outcome the school plans to achieve	Our Reading Learning Gains in grades 3-5 will increase by 8% from 2019-2020 (from 47-55 percent).
Person responsible for monitoring outcome	Joseph Balchunas (joseph.balchunas@browardschools.com)
Evidence-based Strategy	We will be doing this by implementing a Balanced Literacy program with fidelity. We will be using our instructional coaches to pull-out students and push into classrooms for extra support.
Rationale for Evidence-based Strategy	A balanced literacy program uses research-based elements of comprehension, vocabulary, fluency, phonemic awareness and phonics and includes instruction in a combination of whole group, small group and 1:1 instruction in reading, writing, speaking and listening with the strongest research-based elements of each. Teachers integrate instruction with authentic reading and writing and experiences so that students learn how to use literacy strategies and skills and have opportunities to apply what they are learning. Through a Balanced Literacy program, students develop a level of independence and proficiency in reading.
Action Step	
Description	<ol style="list-style-type: none"> 1. Through our PLC's, we will focus on Balanced Literacy and make sure teachers have the opportunity to plan, collaborate, and acquire resources to improve instructional practices. 2. Teachers will engage in professional development that focuses on the components of Balanced Literacy to support student achievement. 3. The Literacy Coach will model, support, and assist with the planning process of each teacher. 4. Our data chats will focus on identifying the needs of specific student learners and what the instructor's next teaching strategy will be. 5. Teachers will engage horizontal and vertical planning on a regular basis to ensure alignment in the planning and teaching process.
Person Responsible	Joseph Balchunas (joseph.balchunas@browardschools.com)

#2	
Title	African American Students
Rationale	African American students were selected based on the 2019 Florida Standard Assessment Results, showing a federal index of 40%. This year, we will be focusing on raising our Learning Gains in reading in grades 3-5 for the African American Students.
State the measurable outcome the school plans to achieve	Our Reading Learning Gains in grades 3-5 will increase by 8% from 2019-2020 (from 47-55 percent).
Person responsible for monitoring outcome	Joseph Balchunas (joseph.balchunas@browardschools.com)
Evidence-based Strategy	We will be doing this by implementing a Balanced Literacy program with fidelity. We will be using our instructional coaches to pull-out students and push into classrooms for extra support. We will use resources like School City to monitor student growth in literacy.
Rationale for Evidence-based Strategy	A balanced literacy program uses research-based elements of comprehension, vocabulary, fluency, phonemic awareness and phonics and includes instruction in a combination of whole group, small group and 1:1 instruction in reading, writing, speaking and listening with the strongest research-based elements of each. Teachers integrate instruction with authentic reading and writing and experiences so that students learn how to use literacy strategies and skills and have opportunities to apply what they are learning. Through a Balanced Literacy program, students develop a level of independence and proficiency in reading.
Action Step	
Description	<ol style="list-style-type: none"> 1. Through our PLC's, we will focus on Balanced Literacy and make sure teachers have the opportunity to plan, collaborate, and acquire resources to improve instructional practices for African American Students. 2. Teachers will engage in professional development that focuses on the components of Balanced Literacy to support student achievement for African American Students. 3. The Literacy Coach will model, support, and assist with the planning process of each teacher. 4. Our data chats will focus on identifying the needs of African American learners and what the instructor's next teaching strategy will be. 5. Teachers will engage horizontal and vertical planning on a regular basis to ensure alignment in the planning and teaching process.
Person Responsible	Joseph Balchunas (joseph.balchunas@browardschools.com)

#3	
Title	Student's with Disabilities (SWD)
Rationale	Students with Disabilities (SWD) were selected based on the 2019 Florida Standard Assessment Results, showing a federal index of 34%. This year, we will be focusing on raising their Learning Gains in reading and in Math, in grades 3-5, for SWD's.
State the measurable outcome the school plans to achieve	Our goal for Student's with Disabilities this year is a 10% improvement in Learning Gains for both math and reading.
Person responsible for monitoring outcome	Joseph Balchunas (joseph.balchunas@browardschools.com)
Evidence-based Strategy	We will be doing this by implementing programs like Foundations, Phonics for Reading, and I-ready for ELA and MAFS for math.
Rationale for Evidence-based Strategy	Programs like Phonics for Reading and Foundations are great programs to use with SWD's because they work on phonemic decoding for those students who have not mastered those levels yet. All of the programs and strategies used for these students can be implemented inside and outside of the classroom.
Action Step	
Description	<ol style="list-style-type: none"> 1. Through our PLC's, we will focus on Differentiated Learning and make sure teachers have the opportunity to plan, collaborate, and acquire resources to improve instructional practices for Student's with Disabilities. 2. Teachers will engage in professional development that focuses on the components of Differentiated learning to support achievement for SWD's. 3. The Literacy Coach will model, support, and assist with the planning process of each teacher. 4. Our data chats will focus on identifying the needs of Students with Disabilities and what the instructor's next teaching strategy will be. 5. Teachers will engage horizontal and vertical planning on a regular basis to ensure alignment in the planning and teaching process.
Person Responsible	Joseph Balchunas (joseph.balchunas@browardschools.com)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

This year, Park Ridge will focus on building positive relationships with parents, families, and other community members in many ways. We will be incorporating many different activities and events that will focus on various interests and groups of people. We will be hosting events like Family Nights, Literacy Nights, Dad's Day, multiple musical events, Math and STEM Nights, Mom's Day, Field Day, and more. Each family member and student will have a chance to be a part of these events. Parent engagement will increase our student achievement.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Park Ridge makes sure all students have an assembly geared towards the support team that is offered to them on a daily basis. Our staff members know to use BASIS for any student referrals to the school Social Worker as well as the School Counselor. All referrals are closely monitored and strategies are given for student success.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Park Ridge makes all student's feel safe and secure once they arrive at our school. We keep our communication line between the other schools very open so that we can best accommodate for that student. The same goes for student's who leave Park Ridge.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

Title 1 funds are used to supplement tier 1 instruction in the classroom. Reading programs such as i-Ready, are used for all grade levels to ensure that questioning about text meets the rigor of the Florida Standards. Title 1 funds are also used for staff professional development, classroom materials, like library books, and parental involvement activities. This year we will be implementing a number of parental activities that will all contribute to an increase in student achievement. We are hoping the funds from the SMART bond will enhance our technology and our safety features at the school.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Our school engages our students to be college ready after they leave Park Ridge. We provide our 5th grade students with opportunities to engage in various activities like Career Day, Biz Town Visits, mentoring between them and high school students, and more.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Literacy Learning Gains				\$46,100.00
	Function	Object	Budget Focus	Funding Source	FTE	2019-20
	5100	500-Materials and Supplies	1951 - Park Ridge Elementary School	General Fund	271.0	\$12,100.00
			<i>Notes: Materials and supplies for classroom instruction and small group instruction to include but not limited to: Guided Reading Materials, Guided Reading Professional Development materials, Trade Books, Leveled Text Sets, iReady, Rally Educational Materials, Storyworks, Instructional Technology, Additional small group materials and supplies</i>
