School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The lowest performing area was Students with Disabilities. The contributing factors included students misdiagnosed, 5th grade students under performing, and lack of home support.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Lowest quartile in Math Learning gains decreased by 15 % points. The contributing factors included students misdiagnosed, 5th grade students under performing, under use of Math ILS, and lack of home support.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Lowest quartile in Math Learning gains decreased by 15 % points. The contributing factors included students misdiagnosed, 5th grade students under performing, under use of Math ILS, and lack of home support.

Which data component showed the most improvement? What new actions did your school take in this area?

Lowest quartile in ELA increased the most. The actions we added were LLI pull out groups, I-Ready camp, FSA and All Star Camp, and increased usage of ILS.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

The area of concern would be students who scored a level 1 on statewide assessments.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Professional Development in grades K-5 for teachers that service SWD
2. Small group instruction in Math/ELA for SWD
3. Progress monitoring in Math/ELA/Science
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Integration of ELA in Science
Rationale	There was a decline in our Science scores of 17%
State the measurable outcome the school plans to achieve	Increase our Science scores to 50% or higher
Person responsible for monitoring outcome	Thaddeus Smith (thaddeus.smith@browardschools.com)
Evidence-based Strategy	Stemscope assessments/i-ready ELA standards testing
Rationale for Evidence-based Strategy	Stemscopes is aligned with Florida Standards and gives teachers tools to support students' specific needs. Science A-Z will address ELA and science needs.

Action Step	
Description	<ol style="list-style-type: none"> 1. Staff Professional Development 2. Vertical Teaming/Planning 3. Target areas of concern 4. Progress monitoring 5. Reteach/Celebrate
Person Responsible	Thaddeus Smith (thaddeus.smith@browardschools.com)

#2	
Title	Students with Disabilities
Rationale	Our students with disabilities population did not meet FSA expectations.
State the measurable outcome the school plans to achieve	The goal is that by May 2020 SWD will grow 20% higher than last years FSA scores.
Person responsible for monitoring outcome	Thaddeus Smith (thaddeus.smith@browardschools.com)
Evidence-based Strategy	The strategies being used are LLI, STAM, Foundations, Wilson, iReady Teacher Toolbox and Go Math Reteach.
Rationale for Evidence-based Strategy	These research-based resources align with the Florida State Standards and have been proven to help build student stamina and bring them to grade level.

Person Responsible	[no one identified]

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

As a school we plan to build positive relationships through enhanced family engagement nights (Report Card, Literacy, Technology, ELL). PTA Events- movie nights, Fall Festival, and book fairs. In addition parents are invited to attend and participate in all RTI meetings. Other events include Kindergarten Round Up, Open House, Grandparent's breakfast, Career Day.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Schoolwide we use the Harmony program as our SEL curriculum. Teachers use it in the morning meeting format. Our Horizon buddies program is a peer mentoring program between our special program Autistic students and general education students. The school counselor provides classroom guidance lessons. One on one counseling is provided on an as needed basis.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

For incoming Kindergarten students we have our Kindergarten Round-up as an orientation for parent and students, as well as tours.

Our fifth grade students are visited by our feeder middle schools.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The school leadership identifies and aligns available resources using the Support and Leadership teams. The support team meets weekly to discuss the use of personnel and curriculum. The Support Team makes collaborative decisions based on data. The areas of responsibilities for the support team are as follows: Literacy coach- All ELA curriculum and data, Math/Science coach- all Math curriculum and data, School Counselor- ELL, RTI, and SEL, ESE Specialist- All ESE meetings, data, and support, Autism Coach- teacher support, behavior support, IEP support. All funding the school receives goes to the purchase of materials and resources to meet the needs of the students.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Career Day is an event that happens yearly where students listen to presentations about careers. To promote college awareness all of our teachers post each teacher's alma mater on their classroom/office door.
