School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Green Springs High School is to help at risk students earn a standard high school diploma and prepare for post secondary success.

Provide the school's vision statement.

The vision of Green Springs High School is to provide quality education to all students regardless of their life circumstances, recognizing that at risk students have different needs, learn at different rates, and have diverse learning styles which cause many of these at risk students to drop out of school.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Attendance has been the lowest data component for Green Springs High school.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Reading was the data component that showed the greatest decline for the prior year.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The attendance for Green Springs showed the greatest gap when compared to the state.

Which data component showed the most improvement? What new actions did your school take in this area?

Mathematics showed the greatest improvement.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Green Springs will focus on increasing student gains in reading by 3 percentage points as reflected on the School Improvement Rating (SIR).

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Improve reading gains.
2. Improve attendance rate.
3. Maintain or increase math gains.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Our area of focus for the 2019-2020 school year is to increase student achievement across content areas of ELA.
Rationale	The typical Green Springs students is at least two grades behind cohort in reading and math.
State the measurable outcome the school plans to achieve	Green Springs will raise reading gains by 3 percentage points.
Person responsible for monitoring outcome	Enrique Palma (epalma@dadeschools.net)
Evidence-based Strategy	Level 1 and 2 students will receive targeted reading interventions on a daily basis to increase achievement levels.
Rationale for Evidence-based Strategy	Students who are deficient in reading must receive differentiated instruction to address their individual needs.
Action Step	
Description	<ol style="list-style-type: none"> 1. Identify level 1 and level 2 students 2. Schedule L1 and L2 students with ELA teachers 3. Develop instructional focus calendar for reading based on the testing calendar for re-takers. 4. Ensure that planned instruction is delivered with fidelity. 5.
