School Board Approval

N/A

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

N/A

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Academir Preparatory Academy is to provide students with a well-rounded elementary education, through a challenging program, focused on mathematics and science pursuing innovative, reform-based instructional methods in a stimulating and nurturing environment that fosters maximum student achievement.

Provide the school's vision statement.

The vision of Academir Preparatory Academy is to provide students with a challenging and rigorous curriculum enabling students to be well prepared for life through adherence to the mission, shared purpose, and clearly articulated goals.

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Espinosa, Paola	Instructional Coach	
Bello, Susie	Assistant Principal	
Timilsina, Nabin	Instructional Coach	

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	64	61	77	92	76	67	0	0	0	0	0	0	0	437
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0	
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	0	19	9	0	0	0	0	0	0	0	28

The number of students with two or more early warning indicators:

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Math and Science

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

L25

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Math L25

Which data component showed the most improvement? What new actions did your school take in this area?

ELA Proficiency

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Science and Math

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Focus on L25 for both Math and ELA via targeted intervention
2. Identify students with 1 or more Early Warning Signs.
- 3.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	L25 for Math
Rationale	Based on the 2018-2019 school data, the data component that performed the lowest was Math L25 - a decrease of 33 points from the previous year: 2017-2018.
State the measurable outcome the school plans to achieve	We plan to increase Math L25 by ten percentage points this school year (35% to 45%).
Person responsible for monitoring outcome	Susie Bello (sbello@dadeschools.net)
Evidence-based Strategy	Intervention and tutoring will be offered an hour every school day during the school year targeting specifically students who fall in the L25 category. In addition, one hour of Saturday morning tutoring will be offered for 10 consecutive weeks prior to testing days.
Rationale for Evidence-based Strategy	Due to our decrease of 33 percentage points with our Math L25, this subgroup will be highly targeted via every intervention window offered in addition to the standard-aligned instruction that will be held in the classroom, closely monitored by Ms. Susie Bello.
Action Step	
Description	<ol style="list-style-type: none"> 1. Identify L25 population (in Math) for this school year. 2. Communicate with students and parents about in-school and after-school intervention beginning week of September 23rd 2019 via school letters (sent from administration) in addition to Saturday Academy, beginning on January 2020. 3. Prepare standard-aligned curriculum that targets areas of need (Math domains). 4. Monitor students' progress via I-Ready and Topic assessments (Unify) for Math. 5. Customize intervention, as needed, based on student progress.
Person Responsible	[no one identified]

#2	
Title	
Rationale	Based on the 2018-2019 data, the lowest data component was Math L25 with an average of 35% versus the district average of 55%.
State the measurable outcome the school plans to achieve	We plan on increasing the Math L25 data component by ten percentage points.
Person responsible for monitoring outcome	Susie Bello (sbello@dadeschools.net)
Evidence-based Strategy	Intervention and tutoring offered an hour every school day targeting the L25 in Math during the school year. In addition, two hours of Saturday morning tutoring will be offered for 10 consecutive weeks prior to testing days
Rationale for Evidence-based Strategy	
Action Step	
Description	1.
	2.
	3.
	4.
	5.
Person Responsible	[no one identified]

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

Other data components such as Learning Gains and Proficiency will also be a school-wide priority for both ELA and Math. We will use the same evidence-based strategy to target ALL students who are showing weaknesses via ongoing data.

Part IV: Title I Requirements

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

The school will maintain an open channel of communication with parents at all times to provide them with information regarding their child's academic progress.

The school will:

- Identify students who are at a level below, at grade level or above grade level and let parents know by

notifying them and requesting a parent conference.

- Those students that are not making adequate progress toward the Florida Standards will be identified and methods of improvement will be implemented and interventions will take place in order to help the student improve. All interventions and the progress of the interventions will be communicated to parents through MTS meetings that review the intervention implemented.

- Other data that is obtained and the progress of the students will be communicated to parents via progress reports, report cards, parent involvement workshops and parent conferences as well as other adequate forms written and oral communication deemed necessary in order to maintain the parent informed.

The school website informs parents of all upcoming events and activities. All teachers have classroom websites that are updated weekly to inform parents of all home learning assignments, upcoming tests and projects. Parents are provided with conference times after school hours after 3:00 p.m. The school will continue to host parental involvement activities that promote literacy.

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

APA ensures that the social-emotional needs of all students are being met through the process of self-reflection, utilization of data, structuring for success, and collaboration. If student behavior is irresponsible, the school staff will reflect on what they can do to help the student. Objective information about behavior is important in planning and making decisions about behavior. The setting is organized to promote successful behavior from all students. Faculty and staff share the responsibility of ensuring that all students follow the school's discipline plan. A policy is in place for disseminating critical information regarding a student's well-being and safety.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

New student applications will be accepted during the month of January. The dates are posted on the school website as well as visibly in the main office. Banners advertising the application period are also displayed outside the building. Siblings of current students have priority. Open house "Meet and Greet" sessions for Kindergarten students occur one week prior to the opening of school. Parents and students are able to visit their child's classrooms and meet the teachers. Student participation in this event is strongly encouraged. Parents and students are also invited to the September Open House that will occur during the month of September. A separate Kindergarten Orientation is held the week before school starts. Articulation meetings with the articulating middle school is held prior to the closing of the academic school year to ensure a smooth transition for each student.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The MTSS Leadership Team will review and reflect upon the School Improvement Plan on an on-going basis to ensure SIP implementation and fidelity. The team will meet to discuss, review, and reflect upon the data obtained from baseline, interim, and winter assessments. The team will discuss student's strengths and weaknesses, as well as, class performance. The data will reflect which students require additional supports and intervention. Students will be grouped for intervention in accordance to

competency levels as determined by our IReady diagnostics and instructional needs as reflected on the data obtained through district assessments. Class performance on district assessments will be used as indicators for the need for particular professional developments. Curriculum coach will serve as instructional support to model lessons and assist teachers on program implementation, grouping, and interventions. Grade level meetings will be held on a weekly basis to discuss student data results and performance. Monthly data chats will be held to determine student progress through the MTSS system. Leadership meetings will be held twice a month to discuss data results, trends, and reflection. Goals and strategies aligned to the SIP will be discussed regularly for continued improvement.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.
