Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	CS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. F	or more information, click here.

#### **School Board Approval**

This plan is pending approval by the Dade County School Board.

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <u>www.floridacims.org.</u>

#### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

#### School Board Approval

This plan is pending approval by the Dade County School Board.

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all noncharter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at https://www.floridaCIMS.org.

#### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

### **Part I: School Information**

#### School Mission and Vision

#### Provide the school's mission statement.

Our Mission at Phoenix Academy of Excellence is to provide students with an innovative, non-traditional and traditional learning environment to motivate our learners to fulfill their potential, both academically and socially. We are committed to educating our students through individualized instruction that is tailored to meet each student's needs. The goal of Phoenix Academy is to MOTIVATE, EDUCATE, and PREPARE our students, but also CULTIVATE life-long learners.

#### Provide the school's vision statement.

"To provide the groundwork for continued success for a lifetime of achievement and success..." Phoenix Academy offers students, who are challenged by the traditional approach to learning, the opportunity to earn a state-recognized high school diploma. We recognize that the students we serve require a solid middle school education, job preparedness, and readiness for continuing education.

#### School Leadership Team

#### Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Tucker Robinson, Latoya	Principal	As the principal, I am responsible for leading teachers and staff, setting goals and ensuring that students meet their learning objectives. Also, overseeing the school's day-to-day operations as well as handling disciplinary matters, managing a budget and hiring teachers and other personnel. At the end of the day I am responsible for ensuring that students are safe at all times.

#### Early Warning Systems

#### **Current Year**

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level														
indicator	κ	1	2	3	4	5	6	7	8	9	10	11	12	Total	
Number of students enrolled	0	0	0	0	0	0	4	6	0	0	0	0	0	10	
Attendance below 90 percent	0	0	0	0	0	0	2	6	0	0	0	0	0	8	
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0		
Course failure in ELA or Math	0	0	0	0	0	0	1	1	0	0	0	0	0	2	
Level 1 on statewide assessment	0	0	0	0	0	0	4	10	1	0	0	0	0	15	

The number of students with two or more early warning indicators:

#### Analysis

#### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Mathematics

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Low foundational skills. This is an alternative school that serves overaged under-credited students which impacts the performance data.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Low foundational skills. This is an alternative school that serves overaged under-credited students which impacts the performance data.

# Which data component showed the most improvement? What new actions did your school take in this area?

No trends to monitor due to having one year of data.

# Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

FSA Proficiency and attendance

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. Attendance
- 2. ELA Proficiency
- 3. Mathematics Proficiency
- 4. 5.
- Last Modified: 5/4/2024

#### Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

### Part IV: Title I Requirements

#### Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

# Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

In order to assist our students needs there must be positive connections with parents, families and community stakeholders. Therefore, we have partnered with The Opa-Locka Community Development Corporation (OLCDC) as a resource that provides various services to families. These services consist of academic assistance for students, health services for parents, employment, art, and economic development.

#### PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

# Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Through our partnership with The OLCDC, we have begun signing all students up for the HOPE program. This service provides counseling as well as tutoring services for students. We also consult with Baron Counseling group which provides in house counseling to those students who have been identified to receive services on their IEP's.

# Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

As students are enrolled they are involved in orientation. This allows students an opportunity to gain some insight on the school's mission/vision, as well as create a portfolio which includes an interest inventory. This inventory provides us with information to better assist the child academically.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

As the student is enrolled successfully, the next step would be orientation. This session allows students an opportunity to learn the expectations of the school and understand how the school will assist them academically. They will set academic goals as well as begin to develop a career plan. Our Dean of students will facilitate. The student will also take a baseline assessment which will give us entry-level data on each child before placing them in class. Students will be monitored academically/career by administration.

# Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

All students enrolled at our school attend a career class. This course helps students set future goals by way of developing a personal/professional plan. Then we provide opportunities for students to gain knowledge of different careers and skills to build capacity. We have also reached out to local businesses to invite them in and made arrangements to take students off campus to expose to different professions.
