School Board Approval

N/A

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Somerset Academy, Inc. promotes a culture that maximizes student achievement and fosters the development of responsible, self-directed, life-long learners in a safe and enriching environment.

Provide the school's vision statement.

Set high expectations
Objective
Meaningful curriculum
Effective
Resourceful and responsible life-long learners
Students who achieve proficiency and beyond
Evaluate continuously and use data to drive curriculum
Teachers who are highly qualified

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team:

Name	Title	Job Duties and Responsibilities
Velasquez, Adriana	Teacher, K-12	
Febus, Talia	Teacher, K-12	
O'Sullivan, Kerri	Principal	
Palomares, Karina	Assistant Principal	
Buergo, Marlene	Teacher, K-12	
Valdes, Jacky	Teacher, ESE	
Sherry, Colleen	Teacher, K-12	

Early Warning Systems

Current Year

The number of students by grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

ELA Lowest 25% was the lowest performance component. The school went from a 64% to a 57% the contributing factors was the change in student population and demographics. 4012 moved it's location to another campus (location 2 miles away) with all new students . The new students were mainly from the private school sector and were not use to test taking, test taking strategies and were missing Reading foundational skills.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

ELA Achievement showed the greatest declined from 79% to 58%. The factors that contribute to the decline is the change in demographics from 2017-2018 compared to 2018-2019 . The new students were mainly from the private school sector and were not use to test taking, test taking strategies and were missing Reading foundational skills.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

We exceeded the state in all data components. In Math we surpassed and made 100% learning gains. In ELA achievement we surpass the state but by only 5%- this was our lowest surpass due to new studet demographics in which they come from the private school sector and were not use to test taking, test taking strategies and were missing Reading foundational skills.

Which data component showed the most improvement? What new actions did your school take in this area?

Math Lowest 25% had 100%- weekly math drills, Reflex Math, iReady, Khan Academy and DI/small group instruction was utilized i the most effective way to bridge the gaps the students had. Weekly Data Chats with the students increased their motivation and the buy in- they can do this.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

1. ELA Achievement and Learning Gains
2. Maintaining the 100% in Math Lowest 25%

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increase the ELA Achievement and Learning Gains
2. Maintaining the Math Lowest 25% at 100%
3. Increase percent of proficiency in 3rd Grade ELA FSA
4. Increase percent of proficiency in 4th Grade ELA FSA/ Learning Gains
5. Increase percent of proficiency in 5th Grade Science FCAT

Part III: Planning for Improvement

Areas of Focus:

#1	
Title	Increase the ELA Proficiency in 3rd and 4th grade
Rationale	<p>The focus will help increase- the lowest 25% in ELA and the overall ELA achievement percentile. The ELA teachers at SASP are focusing on rigorous curriculum with the use of such resources like, NWEA, iReady Tool Box, i Read to Write, iReady, iReady Standards Mastery , Performance Coach, Wordly Wise and StoryWorks. Teachers will also focus on building skills in understanding connotative language as it related to vocabulary and providing opportunities for students to respond to the essential question through "Writers Journals." In addition teacher will use iReady, iReady Standards Mastery and iReady Toolbox, a comprehensive progress monitoring computer based program aligned to the State Standards, which will help provide students the opportunity to read and respond to grade-level texts across the curriculum and standards based bi-weekly assessments. Teachers will utilize vertical planning to provide support on low-performing benchmarks. After school bi-weekly tutoring is being provided with the classroom teachers.</p>
State the measurable outcome the school plans to achieve	The school will increase from 58% to 62% in the overall ELA achievement percentile.
Person responsible for monitoring outcome	Karina Palomares (kpalomares@somersetsilverpalms.net)
Evidence-based Strategy	<p>Our strategy is to utilize intervention programs to lessen the learning gap and build the foundational skills. This year our students will use personal data trackers to track their growth data by benchmark.</p>
Rationale for Evidence-based Strategy	<p>Utilizing this strategy allows the parents, students, and teachers a clear understanding of how students are performing in each content area/standard. Students will be assessed at the beginning of the year on all benchmarks, this data will then be analyzed and logged in their data folders. Teachers then will use the data folders to group students by strengths and weaknesses. During small groups, students will be provided remediation and continuously reassessed to show growth. As needed, the students will be moved between groups in order to ensure that their learning needs are continuously being met. The data folders will facilitate open communication and understanding by all parties involved in how to best support our students.</p>
Action Step	
Description	<p>As a collaborative effort we have developed an action plan that will monitor the learning gains of the students in order to ensure that even with our barriers our students are achieving at the necessary levels of rigor and understanding. Our plan includes progress monitoring and instructional support through professional development. In order to monitor the effectiveness of our action plan both administration and instructional leaders such as department heads will meet biweekly to discuss progress and data. These meetings will run throughout the calendar school year from August through June. Within these meetings the participants will discuss the evidence collected such as, lesson plans, assessments data, and personal data trackers.</p>
Person Responsible	Karina Palomares (kpalomares@somersetsilverpalms.net)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

If the rigor in core instruction is increased in all content areas then student achievement will improve.

Part IV: Title I Requirements**Additional Title I Requirements**

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Schoolwide Improvement Plan to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, Â§ 1114(b). This section is not required for non-Title I schools.

Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.

Title 1 School Please see PIP

PFEP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

Somerset Academy at Silver Palms Princeton offers many service-based, social and academic clubs, including a full athletic program, to help meet the needs of our diverse student population. Our teachers/ club sponsors meet on a monthly basis in order to provide mentorship and social development opportunities. The school also offers two full-time counselors who offer guidance counseling, college advisement, and peer mediation to all secondary students. The administrative team also mentors the lowest quartile in Reading and Math for the entire duration of the academic school year.

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Prior to the opening of school, Orientation is held for all incoming Kindergarten students. Before the school year begins incoming Kindergarten students are screened in both reading and math using a school developed assessment in order to provide teachers with a baseline assessment of prior knowledge. Kindergarten students are assessed using FLKRS/ECHOS, and iReady Diagnostic Assessment which is given three times a year. The data received from these assessments is used to assist teachers in planning instruction.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The teachers selected for the MTSS/RTI team gathered and analyzed a variety of data by grade level in order to determine effectiveness of the strategies being implemented in the classrooms. Then the

complete RTI team collaborated in order to modify the strategies/resources necessary as identified in the End of Year School Improvement Plan Reviews from all departments. The new goals and action plans were then added to the 2019-2020 School Improvement Plan.

Title I

Somerset Academy Silver Palms provides services to ensure students, both elementary and secondary, requiring additional remediation are assisted through before school and after school tutoring, pull out tutoring using Wonder Works and after school FSA Tutoring. The instructional coaches will develop, lead and evaluate the reading program; model instructional lessons, and conduct data chats with teachers. Other components that are integrated into the school wide program include an extensive Parental Program where parents are required to volunteer 30 hours per year at the school,

Title III

Somerset Academy Silver Palms will provide for its ELL population through services available through the district for education materials and ELL district support services to improve the education of immigrant and English Language Learners through the use of iLit, and Wonder Works through intervention and push in tutoring.

Supplemental Academic Instruction (SAI)

Somerset Academy Silver Palms provides FSA after school tutoring and Saturday Tutoring where selected students participating in the FSA receive instruction in math and reading. The school funds tutoring programs for all students in the school who wish to attend. Pull out intervention will be offered to students who scored in the lowest 25% in reading and math.

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

For the 2019-2020 school year, Somerset Academy at Silver Palms Princeton will only house grades K-5th.
