Demographics

Principal: Amelia Estrada

Start Date for this Principal: 9/5/2019

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Middle School 6-8
Primary Service Type (per MSID File)	K-12 General Education
2018-19 Title I School	No
2018-19 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	60%
2018-19 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities English Language Learners Hispanic Students White Students Economically Disadvantaged Students
School Grades History	2018-19: A (74%) 2017-18: A (73%) 2016-17: I (%) 2015-16: B (57%) 2014-15: A (71%)
2019-20 School Improvement (SI) Information*	
SI Region	Southeast
Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	TS&I

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

N/A

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Perpetuate a school community that cultivates emotional, moral and Physical well-being while
Motivating and preparing students to achieve
High standards in order to become effective leaders

Provide the school's vision statement.

At Pinecrest Preparatory Middle-High (PPMH), we will strive to perpetuate a community of learners in which the pursuit of Honor, High Standards, and Intellectual Growth is complemented by a concern for the physical, cultural and character development of each student. Through its academic rigor, PPMH promotes a sense of identity, community, personal integrity and values that prepare students to become effective leaders.

School Leadership Team

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

As identified by the 2019 School Grade Components by Subgroup data disaggregation tool, the lowest performing subgroup is the SWD. In terms of English Language Arts learning gains score, the SWD subgroup earned a 30% score (compared to 47% in 2018). In addition, the English Language Arts achievement score yields at a 32% (a one percentage point decrease from 2018). These students have continued to struggle with Integration of Knowledge and Ideas.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

As stated above, the component that showed the greatest decline is the ELA learning gains score from the SWD subgroup.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

All data components exceeded state averages.

Which data component showed the most improvement? What new actions did your school take in this area?

Social Studies Achievement showed the most improvement among the data components. Instructional strategies included focus on Evidence-based reading and writing, incorporating the College Board Pre-AP principles applied to the Civics curriculum. Students that were under performing in the mid-year assessment and/or summative assessments were invited to target tutoring.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern? (see Guidance tab for additional information)

Reflecting on the EWS data, an area of concern is the number of 6th grade students that earned a level 1 on state assessments.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Integration of Knowledge and Ideas - SWD
2. Number of 6th grade students earning a level 1 on state assessments.
- 3.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1

Title Increase Learning Gains - SWD subgroup

Rationale As identified by the 2019 School Grade Components by Subgroup data disaggregation tool, the lowest performing subgroup is the SWD. In terms of English Language Arts learning gains score, the SWD subgroup earned a 30% score (compared to 47% in 2018). In addition, the English Language Arts achievement score yields at a 32% (a one percentage point decrease from 2018). These students have continued to struggle with Integration of Knowledge and Ideas.

State the measurable outcome the school plans to achieve Utilizing the 2019-2020 FSA ELA assessment, it is expected that 50% of our SWD population will make one year worth of learning gains.

Person responsible for monitoring outcome Amelia Estrada (ameliaestrada@dadeschools.net)

Evidence-based Strategy In addition to the intensive reading course that is offered to all Level 1 and 2 students, SWD will be offered mandatory tutoring in small group settings before and after school.

Rationale for Evidence-based Strategy Prescriptive targeted tutoring based on flexible grouping will provide additional assistance to subgroup. As a result, these tutoring sessions will be focused on content-specific material, as well as test taking skills. Emphasis is on remediation, ensuring students master concepts not attained during the regular school day.

Action Step

- Description**
1. Certified tutors will design these lessons tailored to the flexible groups (based on data collected by I Ready assessments, SpringBoard ZINC reports, and results of classroom-based assessments).
 2. Student Services will inform parents of the tutoring and continue to monitor academic progress.
 3. Respective math teacher will collaborate with interventionist to design prescriptive lessons based on results from formative and summative assessments.
 - 4.
 - 5.

Person Responsible Amelia Estrada (ameliaestrada@dadeschools.net)

Additional Schoolwide Improvement Priorities (optional)

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities (see the Guidance tab for more information).

In order to further support 6th grade students earning a level 1 on state assessments (ELA and/or mathematics), students will be required to attend the Saturday Success Academy program, which begins in January and ends in April. This program is offered for seven consecutive Saturdays for three hours per session and focus on test taking skills.
