Demographics

## **Principal: Ashley Trawick**

Start Date for this Principal: 8/17/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School KG-5
Primary Service Type (per MSID File)	K-12 General Education
2019-20 Title I School	Yes
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	85%
<b>2019-20 ESSA Subgroups Represented</b> (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* Black/African American Students* Multiracial Students* White Students Economically Disadvantaged Students
School Grades History	2018-19: B (56%) 2017-18: C (47%) 2016-17: B (54%) 2015-16: C (49%)
2019-20 School Improvement (SI) Inf	ormation*
SI Region	Northwest
Regional Executive Director	Rachel Heide
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. F	or more information, <u>click here</u> .

#### **School Board Approval**

N/A

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <u>www.floridacims.org.</u>

#### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridaCIMS.org">https://www.floridaCIMS.org</a>.

#### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## **Part I: School Information**

#### School Mission and Vision

#### Provide the school's mission statement.

Byrneville Elementary School is committed to the constant improvement of skills and knowledge to provide an appropriate and safe learning environment in which students can develop their academic, emotional, physical, and social abilities to their fullest extent.

#### Provide the school's vision statement.

The vision of Byrneville Elementary School is for our students to have success today, be prepared for success in secondary education, and to flourish as a responsible citizens.

#### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Wolfe-Sullivan, Dee	Principal	Instructional Leader
Thornton, Candi	Teacher, K-12	Intermediate math rep/fourth grade teacher
Weaver, Deana	Teacher, K-12	Math rep/third grade teacher
Dunsford, Tame'	Teacher, K-12	Third grade teacher
Johnston, Jacke'	Teacher, K-12	5th grade teacher
Slade, Ashley	Teacher, K-12	Kindergarten teacher

#### Demographic Information

#### Principal start date

Monday 8/17/2020, Ashley Trawick

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

#### Analysis

#### **Data Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

# Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

No 2020 data due to the pandemic.

On the 2019 FSA, ELA learning gains for the lowest 25% showed the greatest decline with only 38% of our students making learning gains compared to 50% in 2018. Many of our proficient students did not show learning gains.

# Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

No 2020 data due to the pandemic.

On the 2019 FSA, ELA learning gains for the lowest 25% showed the greatest decline with only 38% of our students making learning gains compared to 50% in 2018. One factor is that the third grade students are faced with a retention law that encourages parents and students to take the FSA very seriously. It is much more difficult to motivate the fourth and fifth graders to make learning gains.

# Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

No 2020 data due to the pandemic. There was a 15 point gap between the state and school percentages for lowest 25% ELA.

# Which data component showed the most improvement? What new actions did your school take in this area?

No 2020 data due to the pandemic.

We showed significant gains in mathematics. After reviewing the data from the students who were to be in the fourth and fifth grade for the 2017-2018 school year the teachers and the principal made the

decision to departmentalize, but due to the lack of adequate instruction in mathematics the students did not perform as well as they should on the 2017-18 FSA. For the 2018-2019 school year we went back to each teacher instructing their students in all core areas.

#### Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

No 2020 data due to the pandemic.

Upon reflection, we are very concerned that the black subgroup only showed 40% learning gain in ELA on the 2019 FSA.

# Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Performance in ELA by the black subgroup on the FSA

2. Performance of lowest 25% in math on the FSA

### Part III: Planning for Improvement

Areas of Focus:

#### **#1. Instructional Practice specifically relating to ELA**

Area of Focus Description and Rationale:	The area of focus is learning gains of the black subgroup in ELA on the FSA This need was identified using 2017-18 FSA and 2018-19 FSA. 40 percent of the black subgroup made learning gains in ELA on the FSA 2019. 27 percent of the black subgroup made learning gains in ELA on the FSA 2018.
Measurable Outcome:	41 percent of the black subgroup will show learning gains on the 2019-20 FSA ELA.
Person responsible for monitoring outcome:	Dee Wolfe-Sullivan (dwsullivan@byrnevilleelementary.com)
Evidence- based Strategy:	Provide explicit vocabulary instruction in all content areas
Rationale for Evidence- based Strategy:	In analyzing assessment data, vocabulary acquisition appears to be a hindrance to reading comprehension. According to Marzano, one of the key indicators of student success in school and in life is vocabulary development. Research has also shown that low income and minorities have lower vocabularies and need explicit vocabulary instruction.

#### **Action Steps to Implement**

1. Administer STAR 360 at least four times per year.

2. Collaborate monthly with grade level team to review classroom/diagnostic assessment data for low performing students in black subgroup.

https://www.floridacims.org

3. Use the ELA decision tree to determine the level of intervention needed.

- 4. Implement a vocabulary curriculum in grades 2-5.
- 5. Utilize the computer based reading program Learning A-Z.
- 6. Utilize semantic mapping for vocabulary instruction

#### Person

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

[no one identified]

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

#### N/A

### Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Byrneville Elementary school, Inc. will have programs, activities, and procedures for the involvement of parents/guardians. These programs, activities, and procedures will be planned and operated using meaningful consultation with parents/guardians.

#### Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

## Part V: Budget

#### The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
2	III.A.	Areas of Focus: Select below:	\$0.00
		Total:	\$0.00
