* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Escambia County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission at Blue Angels Elementary School is to promote joy in learning in a safe, child-centered environment.

Provide the school's vision statement.

Our vision is to meet the academic needs of each student at Blue Angels Elementary School while helping to develop well rounded citizens.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Murphy, Jayne	Principal	
Griffin, Vanessa	School Counselor	
Southworth, Gary	School Counselor	
Henry-Slater, Michel	Assistant Principal	

Demographic Information

Principal start date

Sunday 7/1/2018, Jayne Murphy P

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

9

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

5

Total number of teacher positions allocated to the school

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our lowest data component on the FSA was ELA lower quartile learning gains at 42%. This area has been the lowest for the last two testing years.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The greatest decline was in ELA lower quartile learning gains from 52% in 2016/2017 to 42% in 2017/2018.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The biggest gap, when compared to the state average, is our ELA lower quartile learning gains at 42% while the state is 48%.

Which data component showed the most improvement? What new actions did your school take in this area?

The area showing the most improvement was Math lower quartile learning gains at 63%, which is 16 points gain from the previous year, 47%. This is not a trend as the percentage is the same in 2016/2017.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

An area of concern is the number of students with attendance below 90 percent.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increase lower quartile gains from 42%.
2. Decrease the number of students with attendance below 90%.
- 3.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Small Group Instruction

Area of Focus Description and Rationale: Small group instruction allows teachers to work more closely with their students and identify their learning needs. Through classroom observations and data conversations, small group instruction was not differentiated to a degree that would strongly benefit the students involved. Developing a solid core of instruction would allow teachers to work more closely and provide consistent strategies to help students increase their level of proficiency.

Measurable Outcome: Students in the lower quartile will increase from 43% proficiency to 45% in ELA.

Person responsible for monitoring outcome: Jayne Murphy (jmurphy3@ecsdfl.us)

Evidence-based Strategy: While working in small groups, students will use appropriate text and comprehension strategies.

Rationale for Evidence-based Strategy: Using appropriate text with individual small groups and developing their comprehension skills will increase their understanding and fluency.

Action Steps to Implement

Use I-Ready and Star Data to identify appropriate text to use in small group instruction.

Person Responsible Michel Henry-Slater (mhenry-slater@ecsdfl.us)

Continued PD through ELA Reps and information shared with teachers.

Person Responsible Jayne Murphy (jmurphy3@ecsdfl.us)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

We will track student attendance using FOCUS and Raptor.

Parents will participate in "Attendance Child Study," meetings to address attendance concerns.

Additional training in the core areas of Reading and Math utilizing I-Ready and STAR 360.

Teachers will utilize Curriculum frameworks with Studies Weekly and Supplemental Resources linked in the CORE LMS.

Participate in the Science Olympiad and Sunshine Math Program building on research, writing, speaking, and listening skills in 4th and 5th grades with categories of exhibits, performance, and websites.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

We are a "Capturing Kids' Hearts." school. This process emphasizes community, personal responsibility, and the value of treating each other well. Each classroom will have a "Social Contract" to set guidelines for behavior. In addition, we have a strong PBIS program that recognizes our student's behavior.

We provide all teachers with a PBS Survival Guide. The guide includes our PB mission: To facilitate a proactive learning environment through modeling and recognizing positive behavior that aligns with school-wide expectations. The Survival Guide also includes expectations, school pledge, guidelines for tickets, school-wide PBS event calendar; data tracking sheet, and much more.

We have PBS assemblies for all grade levels at the beginning of each semester and PBS Celebration four times a year.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
