Demographics

Principal: Nate Fancher

Start Date for this Principal: 6/9/2011

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	High School PK, 9-12
Primary Service Type (per MSID File)	K-12 General Education
2019-20 Title I School	Yes
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	58%
2019-20 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Asian Students Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
School Grades History	2018-19: B (58%) 2017-18: B (59%) 2016-17: B (55%) 2015-16: C (51%)
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	TS&I

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Osceola County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Osceola County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

St. Cloud High School is a positive, nurturing and safe environment where everyone participates in building pathways to success through rigor, hard work, responsibility and accountability.

Failure is not an option.

Provide the school's vision statement.

Saint Cloud High School will outperform all other schools in the state of Florida.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Fancher, Nate	Principal	Instructional Leader of the school and making all final school-based decisions relative to both students and teachers.
Wrona, Jennifer	Assistant Principal	Assistant Principal of Instruction, managing master scheduling, school counselors, stocktakes, state testing, professional development, new teacher development, and ELL.
Morales, Melissa	Assistant Principal	Assistant Principal, managing Exceptional Student Education, 504, Gifted, Supplemental Academic Instruction, and all social media.
Holmes, Stephanie	Instructional Coach	Literacy Coach-Instructional support for all ELA and Reading teachers, managing Khan and Achieve 3000. Offers school-wide quarterly PD specific to needs of teachers by content, and assist new and struggling teachers with pedagogy. Member of MTSS team to assist in assessing student data and providing interventions.
Godfrey, Stephanie	Other	Resource Compliance Specialist- manages all ESE students to ensure proper accommodations are implemented, and IEPs and EPs are in compliance. Member of MTSS team to assist in assessing student data and providing interventions.
Bruns, Diane	Instructional Coach	Math/Science Coach-Instructional support for all Math and Science teachers, managing Algebra Nation and School City. Offers school-wide quarterly PD specific to needs of teachers by content, and assist new and struggling teachers with pedagogy. Member of MTSS team to assist in assessing student data and providing interventions.
Kalashnikova, Anna	Instructional Coach	ESOL Compliance Specialist- manages all ELL students to ensure proper accommodations are implemented and ELL para support that is provided in state assessed classrooms. Member of MTSS team to assist in assessing student data and providing interventions.
Dombo, Robert	Assistant Principal	Assistant Principal of College and Career, managing all CTE courses and certification courses, Deans office-discipline, AVID, Threat Assessment Team, Attendance, and MTSS.

Demographic Information

Principal start date

Thursday 6/9/2011, Nate Fancher

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

28

Total number of teacher positions allocated to the school

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Lowest performance at 39% was in ELA lowest 25%. Contributing factors to the decline are neglecting to incorporate interaction with text- reading and writing every day, and teacher turnover within the ESE support classrooms.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The category with the highest decline, dropping 8% was in the category of ELA lowest 25%. Contributing factors to the decline are neglecting to incorporate interaction with text- reading and writing every day, and teacher turnover within the ESE support classroom.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

ELA achievement was -6%, State was 56% and School was 50%. By cohort of the current 10th grade, when they were in 9th grade dropped in achievement, and when they went to 10th grade they increased, however they did not increase enough to recover from their 9th grade deficit. Trends of decline in ELA was in all categories. Lack of standard tracking on both district and teacher made assessments.

Which data component showed the most improvement? What new actions did your school take in this area?

Math Learning Gains +5%, last year 45% now 50%. Strategic remediation groups during our PAWS time focused on subgroups, in addition to after school tutoring specifically for FSA review.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Attendance for students below 90% is a concern as well as the number of students with one suspension or more. The implication in both cases is that students are missing class time which has an adverse effect on their progress within the classroom. Our goal is to maximize instructional time, therefore we have to focus on improving our school culture so students rarely miss school and behave appropriately when they are in class.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Ensure high levels of achievement for all students in literacy
2. Ensure high levels of achievement for all students in mathematics

3. Ensure high levels of achievement for all students in science
4. Encourage a strong connection to the school community for all students
5. Ensure high levels for achievement for students within subgroups

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale: Given the 18-19 school data finding that only 50% of our school scored a level 3 or higher on their FSA which was a 2% drop from the year prior, strong instructional practices must be planned and incorporated daily to ensure high levels of achievement for all students in literacy

Measurable Outcome: Our goal for the 2020-2021 school year is to increase achievement by 10%, learning gains by 4% and achievement of our lowest 25% of students by 16%.

Person responsible for monitoring outcome: Stephanie Holmes (stephanie.holmes@osceolaschools.net)

Evidence-based Strategy: Students will utilize grade level text daily school-wide, synthesize what they read, and complete writing activities to support their thinking; specifically in the state assessed areas of English, US History, Biology, Algebra, and Geometry.

Rationale for Evidence-based Strategy: Evidence shows students need to interact with grade appropriate text through both reading and writing on a daily basis in order for them to increase their Lexile Levels and be college or career ready. (Achieve the Core, 2018)

Action Steps to Implement

1. Khan Academy and Achieve 3000 will be used with fidelity in English and Reading classrooms, monitored through usage reports for proper implementation by both teachers and students.
2. Core Connection PD offered through the school district will be utilized by all ELA teachers and their VE support teacher to assist in continuing their own growth and best practices.
3. SWD will receive grade level instruction. The work will be scaffolded to meet their needs and will be supported by the VE teacher when applicable .
4. Unique Curriculum will be implemented to ensure differentiated instruction in for students on Access Points.
5. NWEA assessment will be taken by all ELA 1 and ELA 2 students three times over the course of the year. Teachers will use data to determine gaps in student learning and adjust instruction to meet students specific needs.

Person Responsible Stephanie Holmes (stephanie.holmes@osceolaschools.net)

6. PLC Unit Agendas to document how reading and writing with grade appropriate text and/or textbooks utilized daily, in addition to weekly lesson plans in all state-assessed areas.
7. Content specific PD to state assessed areas offered by academic coaches to assist in teachers learning literacy strategies that can be taught to their students such as- text marking, annotation, summarizing, etc.
8. Common planning by both ELA 1 and ELA 2 teachers will appropriately be used for both planning purposes and to review student data.
9. ELA sheltered class will support all 1st year language learners with various ELL strategies and bilingual instruction.

Person Responsible Stephanie Holmes (stephanie.holmes@osceolaschools.net)

10. Principal and Leadership Team will conduct walkthroughs of PLC team meetings to ensure correct processes are being used in the analyzing and planning for student achievement.
11. School Stocktake will take place monthly to report progress to the Asst. Principal on the area of focus

12. Principal will share and update the Chief of Staff and Assistant Superintendents during their half way point check in on progress of the Area of Focus through the school stocktake model.

Person Responsible Stephanie Holmes (stephanie.holmes@osceolaschools.net)

#2. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale: Given the 18-19 school data finding that 50% of our school scored a level 3 or higher on their FSA which was a 3% increase from the year prior, we must continue to plan for and incorporate strong instructional practices daily to ensure high levels of achievement for all students in mathematics.

Measurable Outcome: Our goal for the 2020-2021 school year is to increase achievement by 5%, learning gains by 5% and achievement of our lowest 25% of students by 6%.

Person responsible for monitoring outcome: Melissa Morales (melissa.morales@osceolaschools.net)

Evidence-based Strategy: Research shows that the use of common teacher formatives, and consistent weekly monitoring of student proficiency has a profound effect on student overall achievement.

Rationale for Evidence-based Strategy: Algebra and Geometry teachers have not consistently planned and implemented common formatives with FSA style questions. Proper exposure of these questions will assist student understanding of them on Algebra and Geometry FSA. (The Iris Center, 2017)

Action Steps to Implement

1. Math Nation will be utilized weekly in all Algebra classrooms to ensure that students are exposed to and practice answering questions that align to the rigor of the standard.
2. NWEA assessment will be taken by all Algebra 1 and Geometry students three times over the course of the year. Teachers will use data to determine gaps in student learning and adjust instruction to meet students specific needs.
3. Teachers will work collaboratively with Professional Learning Communities (PLC's) to create formatives, track student progress, and document strategies on increase student mastery on Unit agenda and weekly lesson plans.
4. Algebra sheltered class will support all 1st year language learners with various ELL strategies and bilingual instruction.
5. Common planning by Algebra 1 teachers will appropriately be used for both planning purposes and to review student data.

Person Responsible Melissa Morales (melissa.morales@osceolaschools.net)

6. SWD will receive grade level instruction. The work will be scaffolded to meet their needs and will be supported by the VE teacher when applicable.
7. Unique Curriculum will be implemented to ensure differentiated instruction in all self-contained state-assessed content areas.
8. With the support of the Florida Network of School Improvement (FNSI), teachers will implement an instructional practice to increase students conceptual understanding and articulation of their thinking. Teachers will collect data on its implementation, reflect on the data, and adjust their idea as needed in order to increase student achievement.
9. Principal and Leadership Team will conduct walkthroughs of PLC team meetings to ensure correct processes are being used in the analyzing and planning for student achievement.

Person Responsible Melissa Morales (melissa.morales@osceolaschools.net)

10. School Stocktake will take place monthly to report progress to the Principal on the area of focus
 11. Principal will share and update the Chief of Staff and Assistant Superintendents during their half way point check in on progress of the Area of Focus through the school stocktake model.

Person Responsible Melissa Morales (melissa.morales@osceolaschools.net)

#3. Instructional Practice specifically relating to Science

Area of Focus Description and Rationale: Given the 18-19 school data finding that 74% of our school scored a level 3 or higher on their EOC which was a 3% drop from the year prior, strong instructional practices must be planned for and incorporated daily to ensure high levels of achievement for all students in science

Measurable Outcome: Our goal for the 2020-2021 school year is to increase achievement by 6%.

Person responsible for monitoring outcome: Diane Bruns (diane.bruns@osceolaschools.net)

Evidence-based Strategy: Increase student fluency of both comprehension of text and graph as applicable to EOC style questions.

Rationale for Evidence-based Strategy: Biology EOC is reading test with science content. If students increase their ability to comprehend what they are reading, they will be able to accurately answer and analyze EOC questions (Achieve the Core, 2018) (American Educational Research Journal, 2011).

Action Steps to Implement

1. Common planning by Biology teachers will appropriately be used for both planning purposes and to review student data.
2. Unique Curriculum will be implemented to ensure differentiated instruction in all self-contained state-assessed content areas.
3. Biology sheltered class will support all 1st year language learners with various ELL strategies and bilingual instruction.
4. Daily reading/interaction with Science text in conjunction with some type of written or processing technique
5. Weekly planning for graphs on formative assessments through use of Regents, or released EOC questions
6. Principal and Leadership Team will conduct walkthroughs of PLC team meetings to ensure correct processed are being used in the analyzing and planning for student achievement.

Person Responsible Diane Bruns (diane.bruns@osceolaschools.net)

7. School Stocktake will take place monthly to report progress to the Asst. Principal on the area of focus
 8. Principal will share and update the Chief of Staff and Assistant Superintendents during their half way point check in on progress of the Area of Focus through the school stocktake model

Person Responsible Diane Bruns (diane.bruns@osceolaschools.net)

#4. Other specifically relating to Post-secondary Culture

Area of Focus Description and Rationale: Our goal is to ensure ensure a post secondary culture that results in a post-secondary plan for all students. We have to ensure students have access to learning about both college and career paths and are strategically scheduled into courses that prepare them to attend a post-secondary institution or are ready to join the workforce.

Measurable Outcome: To increase all acceleration areas as set forth by the district: industry certifications passed by 11%, AP exam pass rate by 5%, and graduation rate by 1%.

Person responsible for monitoring outcome: Robert Dombo (robert.dombo@osceolaschools.net)

Evidence-based Strategy: To inform and educate teachers and students on acceleration options- CTE, AP, and DE in order to increase awareness and understanding of their importance to both the student and the school.

Rationale for Evidence-based Strategy: Information and understanding the purpose for acceleration will lay the foundation and rationale for all decision making associated with it (ED.Gov, 2010)

Action Steps to Implement

1. College and Career Committee consisted of CCC, teachers, and admin to increase visibility through:
 - a. increasing awareness of faculty college, university. and technical school alma maters (AVID)
 - b. Every Wednesday college/armel service/AVID t-shirt can be worn by students and staff
 - c. Bulldog Union once a quarter in courtyard during lunch to have various business and community stakeholders interface with students and give out information in a "conference'-like setting
2. AP and CTE award night to congratulate and positively reinforce/recognize those that passed at least one exam last year
3. AP/DE parent information sessions to explain various options and impact of these courses on post-secondary readiness
4. Using Economics/ELA classrooms to educate seniors on FAFSA, Bright Futures, career exploration, Valencia, OTECH, scholarships. Lesson completion percentages will be monitored through Xello.

Person Responsible Robert Dombo (robert.dombo@osceolaschools.net)

5. Track college acceptance, scholarships dollars, military enlistment, job placement for all students.
6. Teachers will utilize AP Classroom with students a minimum of one time per unit tracked in AP Central
7. AP students will complete a comprehensive mid-year and end-of year mock exam
8. Principal and Leadership Team will conduct daily walkthroughs of PLC teams to ensure correct processes are being used in the analyzing and planning for student achievement.

Person Responsible Robert Dombo (robert.dombo@osceolaschools.net)

#5. Culture & Environment specifically relating to Social Emotional Learning

Area of Focus
Description and Rationale: Data from Panorama student survey reveals that only 24% of our students responded favorably to feeling connected to adults at our school and only 34% responded favorably to feeling that people understand them as a person.

Measurable Outcome: Our goal for the 2020-2021 school year is to increase students' the amount of students that feel connected to an adult and understood by others by 6%.

Person responsible for monitoring outcome: Melissa Morales (melissa.morales@osceolaschools.net)

Evidence-based Strategy: Studies show that building resiliency factors in students can help protect them from adverse effects. If students build relationships with others and feel that others understand them, they will be able to have positive social relationships, effective coping skills, the ability to express themselves and seek support when needed, problem-solve, and have high self-esteem and self-confidence.

Rationale for Evidence-based Strategy: Evidence suggests that due to recent events in our society students are dealing with fear, isolation, illness, anxiety, economic issues, trauma, and family instability. By providing direct instruction for SEL, what resources are available to them, and helping them connect with adults, students will be better equipped to handle stressors (Education Development Center, 2018)

Action Steps to Implement

1. Social Emotional Learning activities will be embedded into teachers curriculum unit plans.
2. Students will receive mentoring and instruction in in SEL during our PAWS intervention time by their teacher.
3. Club Rush for both face-to-face students to allow students to learn about and sign up for clubs on campus.
4. Student will complete surveys to gain a better understanding of students' attitudes and beliefs about their school community and the adults on campus.
5. Weekly video announcement by the principal to discuss a social emotional learning competency and to connect it to their experiences on campus (Self-management, Self-Awareness, Relationship Skills, Responsible Decision Making, and Social Awareness).

Person Responsible Melissa Morales (melissa.morales@osceolaschools.net)

6. Monthly fantastic Bulldog award ceremony for students nominated by their teachers for excellent work habits or improvements from one month to another.
7. Principal and Leadership Team will conduct walkthroughs of classroom during instructional time and PAWS to ensure teachers are incorporating SEL competencies into their daily lessons.
8. Survey data will be shared out at school Stocktake meetings to report progress to the Asst. Principal on the area of focus.
9. School Stocktake will take place monthly to report progress to the Asst. Principal on the area of focus
10. Principal will share and update the Chief of Staff and Assistant Superintendents during their half way point check in on progress of the Area of Focus through the school stocktake model

Person Responsible Melissa Morales (melissa.morales@osceolaschools.net)

#6. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups

Area of Focus	Our goal is to ensure high levels of achievement for students with subgroups. Students within our ESE, LY and Male Hispanic subgroup are lagging behind their peers. We must focus on increasing student achievement in these area in
Description and Rationale:	
Measurable Outcome:	Our goal is to increase our ESE subgroup in ELA by 9% and in math by 7% and our LY subgroup in ELA by 6% and in math by 5%.
Person responsible for monitoring outcome:	Shane Muller (shane.muller@osceolaschools.net)
Evidence-based Strategy:	For our LY students sheltered classes will be offered in Biology, Algebra 1, and US History. A paraprofessional will be assigned to each classroom to provide translation and Ellevation strategies are utilized. In order to support ESE students the VE and Core teacher meet weekly to plan and address student accommodations. In all cases, students will be pulled into PAWS groups to support their learning and data is consistently reviewed to ensure adjustments to instruction is occurring to meet each students needs.
Rationale for Evidence-based Strategy:	By providing students with qualified staff who are implementing effective instructional strategies, maintain high standards for all students, and utilizing a guaranteed and viable standards based curriculum, students within our subgroups will make larger gains (Hanover Research, 2017).

Action Steps to Implement

1. SWD will receive grade level instruction. The work will be scaffolded to meet their needs and will be supported by the VE teacher when applicable .-
2. Sheltered classes for students enrolled in Algebra 1, Biology, and US History with the support of an ELL paras
3. ELA sheltered class will support all 1st year language learners with various ELL strategies and bilingual instruction.
4. Paras strategically placed in courses where there is a large concentration of ELL students to support language needs
5. Students in our lowest quartile or ESE subgroup who are demonstrating a need in either math or reading are placed in small group during PAWS (purposeful academic work for success) to provide academic support. Intervention during PAWS for our LY students will begin during the 2nd quarter.

Person Responsible Shane Muller (shane.muller@osceolaschools.net)

6. Students enrolled in courses in native language (AP Spanish, Spanish 3 Honors).
7. ELlevation database used to support ELL students with activities to increase language acquisition.
8. Learning Strategies teachers to support ESE students by providing small group instruction in the area of Mathematics and Reading.
9. NWEA MAP Growth and school city data will be used to track student growth (including all sub-groups) and to help the team determine next steps.
10. Embed cross curricular reading passages within ELA/Reading classes to support our World History students.

Person Responsible Shane Muller (shane.muller@osceolaschools.net)

11. PLC Unit Agendas to document how students are performing on the standards taught, what remediation is provided, and next steps.
12. VE teachers and ELL support staff participate in PLC meetings to discuss data and help create activities that support student learning.
13. School Stocktake will take place monthly to report progress to the Asst. Principal on the area of focus
14. Principal will share and update the Chief of Staff and Assistant Superintendents during their half way point check in on progress of the Area of Focus through the school stocktake model.

Person Responsible Shane Muller (shane.muller@osceolaschools.net)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

The team will focus on increasing attendance and reducing the amount of student suspensions. Clubs and activities will continue on campus in both a face-to-face capacity as well as digitally. Staff will be assigned to reviewing attendance data and reaching out to students who are not attending school regularly. Students with behavioral concerns will be assigned a mentor on campus.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

At St. Cloud High School we want all students to feel included in our school community. At the start of each school year we hold a Club Rush where students can learn about all the clubs offered at our school. This year we will continue that tradition except we will offer it in a face-to-face capacity as well as digitally. We also hold a Bulldog Union quarterly which is another time to showcase our clubs, sports, as well as academic programs offered on campus. Weekly, our Principal Mr. Fancher will focus on a social emotional competency (emotional regulation, problem-solving, etc.) during his weekly video announcement to students. In addition, we will hold our monthly Fantastic Bulldog Ceremony that celebrates student accomplishments in various areas such as most improvement and top academic performance. Finally, we share student and teacher successes during our SAC meetings as well as on all Social Media Outlets and our Website.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA				\$0.00
2	III.A.	Areas of Focus: Instructional Practice: Math				\$0.00
3	III.A.	Areas of Focus: Instructional Practice: Science				\$0.00
4	III.A.	Areas of Focus: Other: Post-secondary Culture				\$0.00
5	III.A.	Areas of Focus: Culture & Environment: Social Emotional Learning				\$500.00
	Function	Object	Budget Focus	Funding Source	FTE	2020-21
	1110	239-Other	0201 - St. Cloud High School	General Fund		\$500.00
			Notes: Purchase food for students.			
6	III.A.	Areas of Focus: ESSA Subgroup: Outcomes for Multiple Subgroups				\$0.00
Total:						\$500.00
