## **Demographics**

**Principal: Laura Burgess** 

Start Date for this Principal: 8/31/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	High School 6-12
Primary Service Type (per MSID File)	Alternative Education
2019-20 Title I School	No
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2019-20 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* White Students* Economically Disadvantaged Students*
School Grades History	2018-19: No Grade 2017-18: No Grade 2016-17: No Grade 2015-16: No Grade
2019-20 School Improvement (SI) Int	formation*
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	CS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. F	For more information, <u>click here</u> .

## **School Board Approval**

This plan is pending approval by the Hernando County School Board.

## **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridacims.org">www.floridacims.org</a>.

## **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridaCIMS.org">https://www.floridaCIMS.org</a>.

## **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## **Part I: School Information**

#### **School Mission and Vision**

#### Provide the school's mission statement.

To create a safe, caring and structured environment for at-risk students. Students are empowered to take responsibility for their social, behavioral and academic goals.

#### Provide the school's vision statement.

To develop a "new" beginning for at-risk students aimed at success. "Vita Nova"

## School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Crognale, Steve	Principal	Monitor overall operation of the school.
Webster, Kimberly	Teacher, K-12	Teacher of ELA. Secretary of SAC. Endeavor department head - monitor student scheduling and academic progress for Endeavor.
Brown, Calvin	Dean	Completes intakes for all incoming students and their parents/guardians. Monitors attendance data and student behavior.

#### **Demographic Information**

## Principal start date

Monday 8/31/2020, Laura Burgess

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

C

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

9

## Total number of teacher positions allocated to the school

21

## **Analysis**

#### **Data Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Science Grade 8 continues to be the lowest performing with 5%. This is due to our students being behind in their course work and normally don't take 8th science as they're given a more rigorous high school course and have not been taught the course work that's on the test.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

It remains to be grade 8 science. Students are not taught the material that they are tested on. The reason students are not taught 8th grade science at Endeavor is most are over age and taking high school courses to complete middle school requirements and earn high school credit in an effort to catch up to their cohort.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap continues to be 8th grade ELA. Students demonstrated 10% proficiency, which is a 46% gap from the state average in 2019.

Which data component showed the most improvement? What new actions did your school take in this area?

The data component that showed the most improvement was 7th grade math at an improvement rate of 25% based on the cohort comparison of 17%. Students have improved with the use of the Edgenuity curriculum program that's been implemented here at Endeavor/Discovery Academy.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

The largest issue getting in the way of student success is attendance. Many of the students miss a large amount of school unexcused and excused.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. Attendance
- 2.
- 3.
- 4.
- 5.

## Part III: Planning for Improvement

#### Areas of Focus:

#### #1. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups

Area of Increase Instructional Time by Increasing Student Attendance Rate Focus According to ESSA data, there are three (3) low performing subgroups:

Students with Disabilities: 12% proficiency Description

White Students: 15% proficiency and

Rationale: Economically Disadvantaged Students: 12% proficiency

Measurable Outcome:

Continue working with under-performing subgroups (Students with Disabilities, white students, and Economically Disadvantaged Students) will increase their proficiency by 1%,

as measured by the 2021 Florida assessment and End of Course exams

Person responsible

for Steve Crognale (crognale\_s@hcsb.k12.fl.us)

monitoring outcome:

Students' attendance will be reviewed weekly on an individual basis. Weekly attendance

data will be reviewed by administration and the data will be shared bi-weekly at

Evidencebased Strategy:

departmental meetings with teachers and staff. At these meetings, strategies to intervene in poor attendance trends will be developed and implemented, with a focus on encouraging students to come to school, thereby increasing each students instructional time and

ultimately improving their academic success. These students who improve will have an

opportunity to return to their zone school.

Rationale

for Evidencebased

Strategy:

Students who are not in school attendance 90% of the semester, also on average fail to maintain academic progress. Both attendance and maintaining a 2.0 grade point average is required for students to be eligible to return to their zone school. Endeavor Academy is structured to improve the individual student's academic and behavioral deficiencies, so he/ she is able to successfully return to their zone school to complete their education and reach

graduation.

#### **Action Steps to Implement**

- 1) Review of attendance data weekly
- 2) Daily calls home, regular parent conferences
- 3) Bi-Weekly data chats with faculty and staff to discuss student progress and develop interventions
- 4) Daily point cards charting attendance, academics, and behavior
- 5) PBS rewards
- 6) Students transition back to zone school

#### Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

Hernando County Schools, in partnership with BayCare Health systems, will be out to work with students to improve mental health.

## **Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

To build positive school culture once every four weeks the school puts on a cookout for faculty, staff, and students. Also, students can earn spot on field trips by maintaining 90% attendance, 2.0 GPA, and having no disciplines.

#### Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
