School Board Approval

This plan was approved by the Charlotte County School Board on 10/13/2020.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan was approved by the Charlotte County School Board on 10/13/2020.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

We empower and inspire all students to be critical thinkers by offering innovative and creative opportunities within our diverse community.

Provide the school's vision statement.

Celebrate Success!

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
LeClair, John	Principal	Principal-Co-Chair of PPC, SAC. Responsible for scheduling Professional Development activities requested by the staff. Assist with student discipline interventions and parent conferences. Work with program planners to review grade level data and provide support in the RtI/TST process. Facilitates department PLCs, Oversees instructional intervention programs.
Kunder, Matt	Assistant Principal	Assistant Principals-Co-Chair of the SSPPC, member of PTO, Literacy Council. Assist with student discipline interventions and parent conferences. Facilitates the new Teacher PLC and works with teachers on coordinating professional development opportunities. Work with program planners to review grade level data and provide support in the RtI/TST process.
Whisenant, Tara	Assistant Principal	Assistant Principals-Co-Chair of the SSPPC, member of PTO, Literacy Council. Assist with student discipline interventions and parent conferences. Facilitates the new Teacher PLC and works with teachers on coordinating professional development opportunities. Work with program planners to review grade level data and provide support in the RtI/TST process.
Hock, Jon	Dean	Dean of Students- Student discipline, bus discipline, bully and harassment coordinator, transportation

Demographic Information

Principal start date

Tuesday 7/28/2020, Matthew Kunder

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

Total number of teacher positions allocated to the school

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

ELA Achievement and Lowest 25th Percentile components were tied for the lowest with 56%. However, we improved by 3% and 5% compared to the prior year. Historically, these are the lowest components for us.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our Math Lowest 25th Percentile component went down from 68% to 61%. We had one less math intensive reading block in 2 grade levels which I feel had an effect of on our lowest performing math group.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

We outperformed the state in all components.

Which data component showed the most improvement? What new actions did your school take in this area?

Our Math Achievement went from 66% to a 71% compared to the prior year. We attribute this to continuing our Fast Pace math classes in 6th and 7th grades.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Our Level 1 students on the statewide assessment increased in all grade levels compared to last year. Also, our attendance below 90% increased compared to last year.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Continue our positive trend in ELA Achievement, Learning Gains, and Lowest 25th
2. Increase our Math Lowest 25th Percentile by 7%
- 3.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Increase ELA Achievement - ELA continues to show positive trends. We grew 3% in this component compared to the previous year and I believe we can improve another 4% so that 60% of our students are proficient.

Description and Rationale:

Measurable Outcome: To increase ELA Achievement by 4% so 60% of our students are proficient.

Person responsible for monitoring outcome: Matt Kunder (matthew.kunder@yourcharlotteschools.net)

Evidence-based Strategy: Aligned instruction with the state standards and focus on differentiated instruction to meet the needs of all our students. We will continue intensive reading blocks for our struggling readers.

Rationale for Evidence-based Strategy: Focusing on the state standards has proven to be effective in increasing student achievement on the FSA. Critical concepts will ensure teachers teach standards at the rigor necessary to increase achievement.

Action Steps to Implement

1. Teachers will use the Critical Concepts to focus on the state standards
2. Teachers will differentiate instruction to help all learners
3. Use Clearsight to monitor progress of students throughout the year and provide interventions for students not showing adequate

Person Responsible Matt Kunder (matthew.kunder@yourcharlotteschools.net)

#2. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale: Increase ELA Learning Gains - We grew 5% to 58% compared to the previous year but we would like to increase this component to 61%

Measurable Outcome: To increase ELA Learning Gains by 3%

Person responsible for monitoring outcome: Matt Kunder (matthew.kunder@yourcharlotteschools.net)

Evidence-based Strategy: Aligned instruction with the state standards and focus on differentiated instruction to meet the needs of all our students. Reading teachers will use IXL for struggling students to provide additional practice skills for mastery. We will continue intensive reading blocks for our struggling readers.

Rationale for Evidence-based Strategy: Focusing on the state standards has proven to be effective in increasing student achievement on the FSA. IXL has proven to be an effective strategy for struggling readers. Critical concepts will ensure teachers teach standards at the rigor necessary to increase achievement. Extra time in reading has proven to increase reading achievement.

Action Steps to Implement

1. Teachers will use the Critical Concepts to focus on the state standards
2. Teachers will prescribe IXL to students who struggle mastering the skills necessary to be successful
2. Teachers will differentiate instruction to help all learners
3. Use ClearSight to monitor progress of students throughout the year and provide interventions for students not showing adequate
4. Increase number of intensive reading sections
5. Use new ClearSight to monitor progress on students and provide interventions for students not making adequate

Person Responsible Matt Kunder (matt..kunder@yourcharlotteschools.net)

#3. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale: Increase Math Lowest 25% Gains - We decreased 7% in this component compared to the previous year. Our goal is to increase 4% to 65%.

Measurable Outcome: Our goal is to increase 4% in this area to 65%

Person responsible for monitoring outcome: Tara Whisenant (tara.whisenant@yourcharlotteschools.net)

Evidence-based Strategy: Our math teachers will use SIM strategies to increase student achievement and also use Critical Concepts to align instruction with the state standards. Continue intensive math blocks in all grade levels for our struggling math students.

Rationale for Evidence-based Strategy: SIM has proven to be an effective strategy to increase achievement and our students have shown positive gains the last few years. Extra time in math has proven to increase math achievement.

Action Steps to Implement

1. Use SIM strategies often
2. Teachers will also focus on differentiated instruction.
3. Teachers will use Critical Concepts to ensure instruction is aligned to standards.
4. Continue to schedule intensive math blocks for our struggling math students
5. Use Clearsight to monitor progress and provide interventions for students not making adequate

Person Responsible: Tara Whisenant (tara.whisenant@yourcharlotteschools.net)

#4. Instructional Practice specifically relating to ELA**Area of****Focus****Description and****Rationale:**

Increase ELA Lowest 25% Gains - Even though we were 9% above the state average in this component we feel we can increase by 2%

Measurable Outcome:

Our goal is to increase ELA Lowest 25% Gains by 2%

Person responsible for monitoring outcome:

Matt Kunder (matthew.kunder@yourcharlotteschools.net)

Evidence-based Strategy:

Level 1 students will use IXL, as prescribed by their teacher, to practice skills for mastery that match their areas of deficiency as well as complete progress monitoring and diagnostic tests to track progress and identify areas of need of intervention. We will schedule struggling readers (level 1) into intensive reading blocks in all grade levels. ELA/Reading teachers will focus on differentiated instruction to meet the needs of all our students. .

Rationale for Evidence-based Strategy:

IXL has proven to be effective for struggling readers at PCMS in addition to research conducted by IXL which shows a 7 percentile point increase on FSA for students using IXL for one year. Our intensive reading blocks has increased reading levels with our struggling readers and the use of IXL has also proven successful. . We will use AirWays to monitor progress.

Action Steps to Implement

1. Increase the number of intensive reading sections for level 1 students
2. Teachers will use Critical concepts to ensure the standards are taught
2. Reading teachers will use iReady and IXL to support reading instruction
3. Teachers will chunk standards in order to cover the curriculum.
4. Monitor progress of level 1 and 2 students at minimum 3 times throughout the school year
- 5 Provide interventions for students not showing adequate progress compared to their peers

Person Responsible

Matt Kunder (matthew.kunder@yourcharlotteschools.net)

#5. Instructional Practice specifically relating to ELA

Area of Focus Increase ELA Achievement for our Students with Disabilities - We increased 1% in this component compared to the previous year. Our goal was to increase by 3% and we missed the goal by 2%.

Description and Rationale:

Measurable Outcome: Our goal is to increase 2% in this area to 35%

Person responsible for monitoring outcome: Matt Kunder (matthew.kunder@yourcharlotteschools.net)

Evidence-based Strategy: Level 1 students will use IXL, as prescribed by their teacher, to practice skills for mastery that match their areas of deficiency as well as complete progress monitoring and diagnostic tests to track progress and identify areas of need of intervention. We will schedule struggling readers (level 1) into intensive reading blocks in all grade levels.

Rationale for Evidence-based Strategy: IXL has proven to be effective for struggling readers at PCMS in addition to research conducted by IXL which shows a 7 percentile point increase on FSA for students using IXL for one year. Our intensive reading blocks has increased reading levels with our struggling readers and the use of IXL has also proven successful.

Action Steps to Implement

1. Schedule all level 1 students into an intensive reading program
2. Monitor progress of level 1 and 2 students at minimum 3 times throughout the school year
3. Provide interventions for students not showing adequate progress compared to their peers

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

NA

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

When and if allowed due to COVID-19, PCMS will continue to invite parents to attend Honor Roll Assemblies with their student. We will also invite them to attend our Family Center events scheduled throughout the year. Parent communication from the school will be through the School Messenger system and Remind App. We will also send out a quarterly Terrier Times Newsletter for parents. We will continue our big family event - Career Night in February. Our new website will be utilized to share important information to our school community and parents.

In the spring, PCMS hosts Sixth Grade Riser Orientation. The fifth grade students and their parents are invited to an orientation at PCMS. Parents are invited to walk the campus, meet teachers, and are given an overview of the school day.

- Invite sixth grade risers to tour the campus in the spring.

- Guidance counselors and student representatives will visit feeder schools.

- In the month of August, parents and students are invited back to school for an open house symposium. During

the open house, parents can follow their child's schedule, meet and greet their child's teachers, and hear presentations on the various clubs and activities available to students. Topics for presentations include academic

and behavioral expectations, dress code, schedule changes, etc.

- In the spring, the high school guidance department visits with 8th grade students to review high school course

selections and discuss course requirements.

- SAC schedules a parent information session in the spring for 8th grade parents. The high school leadership

team is invited to share their school's requirements, course selections, and clubs and activities available to 9th

grade students with them.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
2	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
3	III.A.	Areas of Focus: Instructional Practice: Math	\$0.00
4	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
5	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
Total:			\$0.00
