Demographics

Principal: Constance Victoria Mcalhany

Start Date for this Principal: 7/14/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-4
Primary Service Type (per MSID File)	K-12 General Education
2019-20 Title I School	Yes
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	72%
2019-20 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners* Black/African American Students* Hispanic Students Multiracial Students White Students Economically Disadvantaged Students*
School Grades History	2018-19: C (50%) 2017-18: C (51%) 2016-17: B (57%) 2015-16: A (63%)
2019-20 School Improvement (SI) Information*	
SI Region	Northeast
Regional Executive Director	Cassandra Brusca
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	TS&I

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan was approved by the Alachua County School Board on 10/6/2020.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan was approved by the Alachua County School Board on 10/6/2020.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Newberry Elementary School and community working together will provide a child-centered learning environment that builds the foundation for successful life-long learners in a global community.

Provide the school's vision statement.

Newberry Elementary School's faculty and staff strive to nurture the whole child in the areas of social/emotional health and academic excellence to develop real-life skills to navigate their future success.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
McAlhany, Vicki	Principal	
Sahmel, Lauren	Assistant Principal	
Winkel, Cheryl	Instructional Coach	
Lowry, Heather	Dean	
Sewell, Montana	School Counselor	

Demographic Information

Principal start date

Tuesday 7/14/2020, Constance Victoria Mcalhany

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

Total number of teacher positions allocated to the school

Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	0

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component with the lowest performance is our subgroup of students with disabilities. Based on trends we recognize that scheduling challenges and level of proficiency of teachers in delivering standards based instruction with a UDL approach to meet the needs of individual students.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The number of points needed for students to make gains in ELA and math declined from the prior year. Factors that contributed to this decline include level of proficiency among teachers in delivering standards based instruction with a UDL approach to meet the needs of individual students. Also, teaching at a level that matches the complexity of the standard and assessing based on test item specifications.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap in data compared to the state average is our math lowest quartile gains. Cultural responsive teaching and awareness of teachers to build relationships with students and families. Factors that contributed to this decline include level of proficiency among teachers in delivering standards based instruction with a UDL approach to meet the needs of individual students.

Which data component showed the most improvement? What new actions did your school take in this area?

Math learning gains showed the most improvement from the previous year. Teachers facilitated daily targeted small group math instruction.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Our greatest are of concern is attendance. Geographically, our school is located in a rural community. As a result, many of our families are transient given certain seasons of the year.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Lowest quartile math
2. Lowest quartile ELA
3. Achievement gap for students with disabilities
4. Achievement gap for students who are black/African American
5. Attendance

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Standards-aligned Instruction

Area of Focus Description and Rationale: Strengthen the foundational skills of literacy to increase math proficiency of students and to close the achievement gap by mastering grade level standards.

Measurable Outcome: Close our achievement gap for our lowest quartile students by 3% points raised in ELA and math. Because there was no FSA testing or school grades in 2019-20, Newberry Elementary will not have accountability components for gains of the lowest quartile in 2020-21 since our highest grade level is 4th. Therefore, we will focus on student achievement rather than student learning gains.

Person responsible for monitoring outcome: Vicki McAlhany (mcalhacv@gm.sbac.edu)

Evidence-based Strategy: Continuous professional development through support from the University of Florida and the James Patterson Literacy Initiative.

Rationale for Evidence-based Strategy: Strengthen the foundational skills of literacy to increase the proficiency of students and to close the achievement gap.

Action Steps to Implement

1. Ongoing professional development through University of Florida and JPLC Trainers
2. Inspirational walks (teachers observing other teachers)
3. Feedback from informal and formal evaluations
4. MTSS/Data Chats yearlong
5. Small group instruction and individual interventions

Person Responsible Vicki McAlhany (mcalhacv@gm.sbac.edu)

#2. ESSA Subgroup specifically relating to African-American

Area of Focus Description and Rationale:	Continue the work to close the achievement gap, by raising our pass rate on the FSA by 3% for African American students in ELA and math. One of the greatest achievement gaps in data compared to the state average is our math lowest quartile gains for African American students. Cultural responsive teaching and awareness of teachers to build relationships with students and families. Factors that contributed to this decline include level of proficiency among teachers in delivering standards based instruction with a UDL approach to meet the needs of individual students.
Measurable Outcome:	Raising the proficiency level by 3% in ELA and math through the FSA, to progress toward our goal of meeting or exceeding the ESSA federal index target of 41% for the African-American subgroup.
Person responsible for monitoring outcome:	Vicki McAlhany (mcalhacv@gm.sbac.edu)
Evidence-based Strategy:	Continuous professional development through support from the University of Florida and the James Patterson Literacy Initiative.
Rationale for Evidence-based Strategy:	Based on trends we recognize that scheduling challenges and level of proficiency of teachers in delivering standards based instruction with a UDL approach to meet the needs of individual students.

Action Steps to Implement

1. Ongoing professional development through University of Florida and JPLC Trainers
2. Inspirational walks (teachers observing teachers)
3. Feedback from informal and formal observations
4. MTSS/Data Chat yearlong
5. Small group instruction and individual interventions
6. Strategies to build faculty collective efficacy

Person Responsible Vicki McAlhany (mcalhacv@gm.sbac.edu)

#3. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale:	Increase the level of proficiency and close the achievement gap of students with disabilities.
Measurable Outcome:	Raising the proficiency level by 3% of statewide testing with the FSA, to progress toward our goal of meeting or exceeding the ESSA federal index target of 41% for students with disabilities.
Person responsible for monitoring outcome:	Vicki McAlhany (mcalhacv@gm.sbac.edu)
Evidence-based Strategy:	Utilizing strategies that are supported through UDL and the James Patterson Literacy Initiative using UFLI.
Rationale for Evidence-based Strategy:	Our goal is to close the achievement gap and increase the level of proficient readers.

Action Steps to Implement

1. Professional Development in UDL
2. Support Facilitation Instruction Model
3. MTSS/Data Chats Yearly
4. Informal and formal feedback from Administrators
5. Small group instruction and individual interventions

Person Responsible Vicki McAlhany (mcalhacv@gm.sbac.edu)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

School leadership team implements a multi-tiered system of supports (MTSS) and problem-solving process is consistency used by school personnel to ensure progress in the general education curriculum, across all grades and settings, for all students with and without disabilities.

School-wide our teachers will be utilizing the UDL model to increase the support of our students, extend learning, use effective strategies and increase the cultural competency of our staff to reach all students.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

For incoming kindergartners we have "Kindergarten Round Up" that allows students and families to come in prior to the school year starting and get acquainted with our school campus, kindergarten teachers and a kindergarten classroom environment. We also have a small group Meet the Teacher for incoming kindergartners and their families.

For our fourth graders, we openly communicate with Oak View by having transition meeting for students with individual education plans, the school counselor at Newberry shares social emotional needs of students of concern with Oak View's school counselor, and we send home summer materials provided by Oak View in an effort to maintain their summer reading skills.

The school counselor provides social emotional lessons at least four times a year for each class. Every classroom teacher has Safer, Smarter Kids (required) and Sanford Harmony (used as needed) curriculum that teachers can access. There is a school wide socialemotional theme that is addressed with monthly character traits that students use to build an understanding of empathy. Based on need students have access to small group or individual counseling. The school counselor provides families with resources to ensure social emotional needs are met.

School leadership meets with grade level teachers throughout the school year for MTSS/ data chat meetings that include reviewing ongoing progress monitoring data (fluency, comprehension, vocabulary, sight words, phonics), AIMS assessment data, DIBELS, CORE and SIPPS (data taken for intervention students) to monitor student progress. We use that data to make instructional decisions to best meet the needs of each student. Our Title I funds professional development for teachers for inspirational walks, intervention support and parent training.

The school implements the following parental involvement activities as a means to build the capacity for strong parental and family engagement. These opportunities include workshops for the following areas, "Math and STEM for Home Practice" twice a year, "Teaching Reading Strategies at Home" two times a year, "Blow Away the FSA", "Avoid the Summer Slide" and "Kindergarten Round Up", and Edutone Training two times a year.

PTO meets throughout the year to support our students and teachers through a variety of fundraisers and events.

Our SAC meets four to six times a year and is made up of teachers, community members, parents and staff. All with a vested interest in the continued growth of Newberry Elementary.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
