Year	N/A
Support Tier	N/A
ESSA Status	TS&I

\* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here.

#### **School Board Approval**

This plan is pending approval by the Duval County School Board.

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridacims.org">www.floridacims.org</a>.

#### **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

#### **Part I: School Information**

#### **School Mission and Vision**

#### Provide the school's mission statement.

Our mission is to create a learning community promoting the acquisition of skills which empower students to fully participate in a complex global marketplace.

#### Provide the school's vision statement.

Students will advance from duPont Middle School to high school with the skills necessary for academic and personal success.

#### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Barnwell, Marilyn	Principal	Implement and monitor all school-wide programs including Title I.
Bilgili, Ebru	Assistant Principal	
Mullen, Bibigul	Assistant Principal	
Shells , Jerrime	Teacher, ESE	

#### **Demographic Information**

#### Principal start date

Thursday 7/30/2020, Marilyn Barnwell M

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

#### **Analysis**

#### **Data Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The lowest area of performance is Science which shows 17% proficiency. The overall score reflects the Biology proficiency rate which boosted the Science score to 35%.

Students are not performing well on the Comprehensive Science 3 assessment due to their low reading levels and difficulty retaining information from Comprehensive Science 1 and 2 which is necessary for mastery on the assessment.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Social Studies (Civics) showed the biggest decline from the previous year. Many students enrolled in Civics experience difficulty with reading complex texts and had a lower average lexile than the previous year's students.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The greatest gap is in reading proficiency. Our school has a large ELL population and many students are now exiting the two year developmental reading and English Language Arts sheltered program

and are not be ready to grapple with the complex texts and grade level standards. Our ELL students showed 67% proficiency on the WIDA assessment and are making overall learning gains.

# Which data component showed the most improvement? What new actions did your school take in this area?

The greatest improvement was with the lowest performing quartile in reading which showed 7% growth from the previous year. We provided more intervention services through small-group pull out sessions versus previous years when we implemented small group within the classroom setting.

#### Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Out of School Suspensions rates were high (29% as measured against the whole school population). We have purchased an additional Dean of Students to help provide more intervention services and Restorative Justice opportunities to our students.

# Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. Focus on standards based instruction and assessment
- 2. Create and develop a culturally responsive classrooms
- 3. Establish school-wide norms that promote collective accountability
- 4. Develop teacher capacity in standards based instruction through consistent and relevant PLC
- 5. Engage the learning community through meaningful opportunities

## Part III: Planning for Improvement

#### Areas of Focus:

#1. -- Select below -- specifically relating to

**Area of Focus Description and Rationale:** 

Measurable Outcome:

Person responsible for monitoring outcome:

[no one identified]

**Evidence-based Strategy:** 

Rationale for Evidence-based Strategy:

**Action Steps to Implement** 

No action steps were entered for this area of focus

#### #2. Instructional Practice specifically relating to Standards-aligned Instruction

#### Area of Focus Description and Rationale:

Aligned observations (the observed instruction, tasks, and assessments that are aligned to grade-level standards) is the area of focus for our learning community. Data from the 2019-2020 standards-based walkthroughs, showed that although teachers were provided professional development and observational feedback on how to plan and deliver standards-based instruction, they still lacked a thorough understanding of every component required for student mastery.

## Measurable Outcome:

Teachers will submit their completed standards walkthrough template (SWT) after each common planning session. We will utilize aligned tasks and common assessment data as well as the submitted SWT documents to measure specific outcomes. Administrators will follow up with teachers on their submitted documents and discuss walkthrough trend data as collected via the standards walkthrough tool. Our goal is to reach good on the standards-based school continuum by mid-year and strong by end of year.

# Person responsible

for monitoring outcome:

Marilyn Barnwell (barnwellm@duvalschools.org)

Evidencebased Strategy:

The standards walkthrough tool will be used in all classroom observations to capture the alignment of tasks and assessments to the standards for all content areas.

Rationale

The standards walkthrough tool ensures that both calibration and consistent implementation and monitoring of standards-based instructional practices are evident. Utilization of the tool will show if lessons reach the demands, depth, and scope of standard and it provides evidence that students are exposed to and are able to master on grade-level requirements.

for Evidencebased Strategy:

#### **Action Steps to Implement**

Retrain teachers on using the standards based analysis template and corresponding framework. Title I funds will be used to provide additional core subject area teachers (Science, Reading, and Foreign Language) for providing students with more individualized support and small group instruction. Title I funds will be used to purchase additional classroom supplies and materials for teacher/student use in improving student achievement.

Title I funds will be utilized to fund 2 foreign langauge teachers who will provide comprehension strategies emphasized through the study of world language.

#### Person Responsible

Marilyn Barnwell (barnwellm@duvalschools.org)

Allow opportunities through common planning for teachers to use the standards creation document and framework to create lessons, assessments, and aligned tasks. Teachers will have an opportunity to work on a problem of practice within their classrooms/content area.

#### Person Responsible

Marilyn Barnwell (barnwellm@duvalschools.org)

The administrative team will engage in action learning focused on improving "aligned observations" using case studies, observations and student assessment data to develop culturally responsive instructional practices that align to standards - based instruction.

#### Person Responsible

Marilyn Barnwell (barnwellm@duvalschools.org)

#### #3. Culture & Environment specifically relating to Positive Behavior Intervention and Supports

Area of Focus Description and Rationale:

If we establish school-wide norms that promote collective accountability then we will create a positive school culture. Improve school culture through both individual and collective accountability – sharing of data and best practices through dialogue, presentation and learning communities.

Measurable Outcome: School-wide suspension data will be monitored with a specific focus on students with disabilities and minority students. School Counselor contact logs will be monitored to identify the range of services needed/provided to students. Monitor restorative practice logs.

Person responsible for

Marilyn Barnwell (barnwellm@duvalschools.org)

monitoring outcome:

Evidence-

based

We will implement a comprehensive Positive Behavior Intervention Program (PBIS) which will include input from faculty, staff, students, and parents. We will host a total of 8 Parent and Family Engagement activities to support our goal of creating a more supportive environment for all stakeholders.

Rationale for

Strategy:

Evidencebased Strategy: Effective school-wide positive behavior plans have shown to reduce code of conduct

violations.

#### **Action Steps to Implement**

- 1. Develop Restorative Justice Program
- 2. Create PBIS plan.
- 3. Post school-wide behavior and academic expectations.
- 4. Conduct monthly review of discipline/academic data.
- 5. Engage parents through PTSA and School Advisory Council
- 6. Title I funds will be used to provide an additional dean position to promote student engagement in the classroom.

Person Responsible

Marilyn Barnwell (barnwellm@duvalschools.org)

#### #4. Leadership specifically relating to Specific Teacher Feedback

Area of Focus Description Improve teaching practices and academic discourse for equitable student outcomes through culturally responsive classroom practices embedded with an immediate and meaningful feedback cycle that aligns with rigorous standards- based instructional practices.

and Rationale:

The process of providing systemic and ongoing feedback will help deepen standardsaligned instructional knowledge, skill and foster teacher efficacy. Creating a system that allows for consistent observations with actionable feedback to teachers will improve equitable classroom practices school wide.

Measurable Outcome: Outcomes will be measured using data from the standards walkthrough tool and observation data using the Danielson framework (Domains 1 and 3).

Person responsible for

Marilyn Barnwell (barnwellm@duvalschools.org)

monitoring outcome:

Provide coaching and modeling for teachers through coaching cycle with opportunities for

Evidencebased

Strategy:

reflection and shift instructional practices to meet the needs of diverse students through aligned standards based instruction.

Create and utilize model classrooms and case study processes to help shift teacher perceptions on student learning and access to learning experiences.

Rationale

for Evidencebased Strategy: As leadership team to improve knowledge, skill and efficacy in observing and conferring about equitable classroom practices school wide with teachers using a standards- based aligned instructional tools.

#### **Action Steps to Implement**

- 1. Develop teacher leadership profile through reflection and feedback
- 2. Action Learning Project in collaboration with UNF
- 3. Provide framework for problem of practice to be utilized throughout the year for reflection.

Person Responsible

[no one identified]

#### **Additional Schoolwide Improvement Priorities**

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

Through the standards-based walkthroughs, informal/formal observations, and implementation and monitoring of new PBIS protocols, we will analyze trends and initiate action steps for improvement.

# **Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

The school will continue to consider flexible meeting times and increase opportunities for parent involvement including but not limited to; Math, Science, and Literacy Night events as well as progress monitoring night. The school will continue to advertise events via School Messenger, Website, Marquee, and parent notices will be sent home with students.

Parents are encouraged to utilize the Parent Resource room to hold parent conferences and to get information on how to help their students adjust to middle school. Parents are told about the Parent Resource room at Orientation and Open House and can get directions to the room from the Main Office. Teachers are advised that the Parent Resource Room is available for parent conferences. Teachers are given this information during pre-planning.

#### Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

#### Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

•	III.A.	Areas of Focus: Select below:	\$0.00
2	III.A.	Areas of Focus: Instructional Practice: Standards-aligned Instruction	\$0.00
,	III.A.	Areas of Focus: Culture & Environment: Positive Behavior Intervention and Supports	\$0.00
4	III.A.	Areas of Focus: Leadership: Specific Teacher Feedback	\$0.00
		Total:	\$0.00
