## Demographics

**Principal: Kimberly Dennis M**

Start Date for this Principal: 6/3/2020

<b>2019-20 Status</b> (per MSID File)	Active
<b>School Type and Grades Served</b> (per MSID File)	Elementary School PK-5
<b>Primary Service Type</b> (per MSID File)	K-12 General Education
<b>2019-20 Title I School</b>	No
<b>2019-20 Economically Disadvantaged (FRL) Rate</b> (as reported on Survey 3)	47%
<b>2019-20 ESSA Subgroups Represented</b> (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
<b>School Grades History</b>	2018-19: A (66%) 2017-18: A (64%) 2016-17: A (67%) 2015-16: A (69%)
<b>2019-20 School Improvement (SI) Information*</b>	
<b>SI Region</b>	Northeast
<b>Regional Executive Director</b>	<a href="#">Cassandra Brusca</a>
<b>Turnaround Option/Cycle</b>	N/A
<b>Year</b>	
<b>Support Tier</b>	
<b>ESSA Status</b>	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, <a href="#">click here</a> .	

## School Board Approval

This plan is pending approval by the Duval County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

### School Demographics

School Type and Grades Served (per MSID File)	2019-20 Title I School	2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)
Elementary School PK-5	No	47%
Primary Service Type (per MSID File)	Charter School	2018-19 Minority Rate (Reported as Non-white on Survey 2)
K-12 General Education	No	41%

### School Grades History

Year	2019-20	2018-19	2017-18	2016-17
Grade	A	A	A	A

### School Board Approval

This plan is pending approval by the Duval County School Board.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### Provide the school's mission statement.

Fishweir Elementary School is a standards-based learning community where the individual needs of the student are assessed and the results are used to direct our instruction. The child-centered curriculum encourages children to grow academically and creatively. The academic and arts curriculum focuses on strengthening communication skills, fostering creative problem solving skills and enabling our students to exhibit exemplary interpersonal skills to become productive lifelong learners that will enrich their lives and our society.

#### Provide the school's vision statement.

At Fishweir Elementary School, we strive for excellence, in every classroom, for every student, every day.

### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Dennis, Kimberly	Principal	The Principal's job and responsibilities include monitoring instruction, analyzing student data (cognitive and non-cognitive), providing individualized and prescriptive professional development for teachers and support staff members. In addition to these responsibilities, the principal is responsible for increasing student achievement, ensuring managerial operations are effective and consistent. The Principal will also, work collaboratively with stakeholders and community members with securing business partners.
Smith, Latoya	Assistant Principal	The Assistant Principal's job and responsibilities include monitoring instruction, analyzing student data (cognitive and non-cognitive), providing individualized and prescriptive professional development for teachers and support staff members. In addition to these responsibilities, the principal is responsible for increasing student achievement, ensuring managerial operations are effective and consistent. The Assistant Principal will also, work collaboratively with stakeholders and community members with securing business partners.
Black, Amy	School Counselor	The Guidance Counselor's job and responsibilities include providing counseling support to students, teaching classroom guidance lessons, facilitating MT meetings, provide crisis intervention, provide A.L.E.R.T. training to staff, processing referrals (i.e. gifted, 504, speech).
Brantley, Katherine	Teacher, ESE	The ESE Lead Teacher's job and responsibilities include supporting the other VE Resource teacher, working collaboratively with general education teachers to support students, servicing Inclusion students, developing IEPs, providing accommodations for students based on their IEP, serving as the LEA Liaison.

## Demographic Information

### Principal start date

Wednesday 6/3/2020, Kimberly Dennis M

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

**Total number of teacher positions allocated to the school**

Federal Index - Economically Disadvantaged Students	53
Economically Disadvantaged Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	0

## Analysis

**Data Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

The data component that showed the lowest performance is the "Math Lowest 25th Percentile", which was 42%. The students who were identified as LPQ (lower performing quartile) students did not make adequate progress in Math. These students usually require frequent remediation and qualify for safety nets, such as before/after school tutoring, small group instruction and one-on-one support from our VE Resource teachers as well as our classroom teachers.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

The data component that showed the lowest performance is the "Math Lowest 25th Percentile", which was 42%. The students who were identified as LPQ (lower performing quartile) students did not make adequate progress in Math. These students usually require frequent remediation and qualify for safety nets, such as before/after school tutoring, small group instruction and one-on-one support from our VE Resource teachers as well as our classroom teachers. Factors that contributed to this decline are: Students not mastering the rigorous standards; Not having adequate supplemental resources that are researched based (such as Freckles).

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

The data component with the greatest gap when compared to the state average is "Science Achievement". The factors that contributed to this gap are 3rd and 4th Grade teachers who consistently taught Science lessons and standards with fidelity. This was evident by the 5th Grade students' performance on the baseline, PMAs and FCAT 2.0. The 5th Grade FCAT 2.0 scores are consistently about 70% proficiency each year.

**Which data component showed the most improvement? What new actions did your school take in this area?**

The data component that showed the most improvement is "Math Learning Gains" with a 5% point increase. Weekly, consistent and prescriptive progress monitoring occurred to determine which students needed remediation in each standard/benchmark. The content area teachers as well as the VE Resource teachers worked collaboratively to review assessments, classwork and small group instruction to determine if the prescriptive strategies for these students were successful.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?**

Reflecting on the EWS data, one area of concern is absenteeism. Administration and School Counselor will continue to conduct monthly AIT (Attendance Intervention Team) meetings with parents, to discuss strategies to help parents improve their child's attendance. The District's Truant Officer is also involved to provide support to parents. The School Counselor monitors absenteeism weekly and provides updates to the Leadership Team.

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Increasing the percentage of students who are in the Lower Performing Quartile (LPQ) in Math for FSA.
2. Increasing the percentage of students who are in the Lower Performing Quartile (LPQ) in Reading

for FSA.

3. Increasing the percentage of Learning Gains in Math for FSA.

4. Increase the percentage of Learning Gains in Reading for FSA.

5. Increase the proficiency in 4th Grade Reading for FSA.

### Part III: Planning for Improvement

#### Areas of Focus:

**#1. Instructional Practice specifically relating to Standards-aligned Instruction**

<b>Area of Focus Description and Rationale:</b>	This area of focus is "Assessing Student Learning". This area impacts student learning because teachers need to plan and create lessons that are rigorous and aligned to standards. With doing this, teachers will be able to determine mastery for that specific standard, by using the Learning Arc. Using the Learning Arc, teachers will be able to unpack standards to decide what lessons what will be taught. But most importantly, teachers will be able to determine what students need to know to master that standard.
<b>Measurable Outcome:</b>	When looking at the area of "Assessing Student Learning", assessments will be aligned in 50% or more of all classrooms.
<b>Person responsible for monitoring outcome:</b>	Kimberly Dennis (dennisk@duvalschools.org)
<b>Evidence-based Strategy:</b>	Teachers will use the Learning Arc to unpack standards, create and plan lessons that are aligned to standards. These lessons will demonstrate to teachers if students mastered that particular standard and will assess their learning. Teachers will use District developed assessments. However, teachers can also revise these assessments based on the need to further align them if necessary. If students score 70% or higher on these assessments, this will be the evidence that these assessments are aligned.
<b>Rationale for Evidence-based Strategy:</b>	The rationale for selecting this specific strategy is the need to increase teachers' understanding of the Learning Arc and how it is vital and relevant to planning lessons, developing assessments and using those assessments to determine mastery of the standards. When using the Learning Arc, teachers will become skilled in going through the seven steps of unpacking each standard and planning with the end in mind. Once teachers successfully complete this process through their delivery of instruction, students will be able to produce learning tasks that not only align to the standards, but also determine mastery. This will then demonstrate alignment to FSA (test item specifications and Achievement Level Descriptors (ALDs).

**Action Steps to Implement**

- \*Teachers will meet weekly in Common Planning sessions/PLCs using the Learning Arc to guide discussion and lesson planning for unpacking standards.
- \*Teachers will use the curriculum guides to assist in the development of assessments that will determine if students mastered that standard, once assessed.
- \*Teachers will assess students and determine which students need remediation based on those results.
- \*Teachers will analyze the results of these assessments and determine if these assessments work.
- \*Teachers will create small groups for remediation who score below 70% on those assessments.
- \*Teachers will then re-teach that standard to that group of students and re-assess those students, to determine mastery.
- \*Students scoring below 70% will be taught new strategies for that standard.
- \*Students who score 70% or above, will receive new instruction for a new standard.
- \*Teachers will use Checks for Understanding.
- \*Teachers will be given TDEs on a continuous basis to ensure there is dedicated and uninterrupted time for using the Learning Arc for planning and developing assessments.

**#2. -- Select below -- specifically relating to****Area of Focus Description and Rationale:****Measurable Outcome:****Person responsible for monitoring outcome:**

[no one identified]

**Evidence-based Strategy:****Rationale for Evidence-based Strategy:****Action Steps to Implement***No action steps were entered for this area of focus***Additional Schoolwide Improvement Priorities**

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

**The Leadership Team will focus on increasing the proficiency of LPQ students in Math and Reading, that is outlined in the Needs Assessment/Analysis section of the School Improvement Plan.**

**Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Needs to be completed

**Parent Family and Engagement Plan (PFEP) Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**Part V: Budget**

**The approved budget does not reflect any amendments submitted for this project.**
