ESSA Status	N/A

\* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here.

#### **School Board Approval**

This plan is pending approval by the Duval County School Board.

#### **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <u>www.floridacims.org.</u>

#### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

### **Part I: School Information**

#### School Mission and Vision

#### Provide the school's mission statement.

Chets Creek Elementary School is a standards-based learning community committed to preparing students for success in a competitive, interdependent and global workplace.

#### Provide the school's vision statement.

We envision Chets Creek Elementary as a standards-based learning community where internationally benchmarked performance standards help all learners experience the real life application of basic skills and concepts. Learning leaders use diagnostic tools to assess every student's academic strengths and weaknesses and then develop a course of instruction to meet the learner's academic needs. This diagnostic and prescriptive teaching philosophy has become the cornerstone of our success.

#### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Phillips, Susan	Principal	<ul> <li>Provides a common vision for the use of data-based decision-making; ensures that the school-based team is implementing MTSS; conducts assessment of instructional skills of school staff; ensures implementation of intervention support and documentation requirements; ensures adequate professional development to support implementation of aligned standards, instruction and curriculum and assessment; and communicates with parents regarding school-based plans and activities</li> <li>Develops, leads, and evaluates school core content standards/ programs; analyzes scientifically based curriculum/behavior assessment and intervention approaches; identifies systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assists with whole school screening programs that provide early intervening services for children to be considered "at risk"; assists in the design and implementation for progress monitoring, data collection, and data analysis; participates in the design and delivery of professional development; supports the implementation of Tier 1, Tier 2, and Tier 3 intervention support for assessment and implementation monitoring.</li> </ul>
Heybruch, Peggy Sue	Assistant Principal	<ul> <li>Supports school wide work in aligning standards with instruction, curriculum tools, and</li> <li>assessment. Provides leadership as the Chair for Science Leadership Council. Implements</li> <li>testing program and manages all data collection systems. Analyzes school data to</li> <li>identify areas of support for teachers and students. Assists with monitoring classroom</li> <li>instruction and providing feedback for improvement to teachers.</li> <li>Develops, leads, and evaluates school core content standards/ programs; analyzes</li> <li>scientifically based curriculum/behavior assessment and intervention approaches;</li> <li>identify appropriate, evidence-based intervention strategies; assists with whole school</li> <li>screening programs that provide early intervening services for children to be considered</li> </ul>

Name	Title	Job Duties and Responsibilities
		"at risk"; assists in the design and implementation for progress monitoring, data collection, and data analysis; participates in the design and delivery of professional development; supports the implementation of Tier 1, Tier 2, and Tier 3 intervention plans; and provides support for assessment and implementation monitoring.
McMillan, Chris	Instructional Coach	Designs and implements professional development opportunities for lead content teachers in ELA. Provides individual and team coaching to teachers in the classroom and by providing demonstration lessons. Leads professional book studies for teachers. Develops, leads, and evaluates school core content standards/ programs; analyzes scientifically based curriculum/behavior assessment and intervention approaches; identifies systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assists with whole school screening programs that provide early intervening services for children to be considered "at risk"; assists in the design and implementation for progress monitoring, data collection, and data analysis; participates in the design and delivery of professional development; supports the implementation of Tier 1, Tier 2, and Tier 3 intervention plans; and provides support for assessment and implementation monitoring.
Nelson, Kathryn	School Counselor	Provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students; links community agencies and district staffing personnel to school and families to support the child's academic, emotional, behavioral, and social success; provides consultation services to general and special education teachers, parents, and administrators; administers program support for ESOL and directs 504 plan management, conducts social skills groups. Provides leadership as the Co-Chairs for MTSS Leadership Council. Acts as liaison for implementation of MTSS at the school level; receives ongoing MTSS training and

Name	Title	Job Duties and Responsibilities
		delivers information to schools; provides direct intervention services to an identifies groups of students for action research, tracks students progress and collaborates with leadership in using data to make decisions and interventions and strategies that support MTSS.
Conte, Elizabeth	Teacher, ESE	Provides support for early childhood core instruction; participates in student data collection/observations; acts as a voice for the faculty at the leadership council.

#### Analysis

#### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

# Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our lowest 25% in Math showed the lowest performance. We focus heavily on improving growth in Language Arts. The bulk of the students in this area are students with disabilities. We focus our energies on improving comprehensions skills. We need to find a better resource for Math remediation with our most challenged students.

# Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Our lowest 25% in Math showed the greatest decline. We focus heavily on improving growth in Language Arts. The bulk of the students in this area are students with disabilities. We focus our energies on improving comprehensions skills. We need to find a better resource for Math remediation with our most challenged students.

# Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

We out performed the state and district average in every area.

# Which data component showed the most improvement? What new actions did your school take in this area?

Our greatest improvement was in Language Arts Learning Gains. This is aligned with our expectations. Our focus this school year was improving learning Gains in Language Arts. We were more prescriptive in identifying students that needed support. We focused on small group work and using data to target student needs. Students were purposefully chosen for after school tutoring to assist in making learning gains in Language Arts.

#### Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Increase Math Growth in the lowest 25% of students, particularly in fifth grade. Continue to build on improvements in assisting students in making learning gains in Language Arts. Engage all learners and decreasing off task behavior to maximize time focused on learning.

# Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. Improving Math learning gains in our lowest 25%
- 2. Maintaining forward momentum in learning gains in Language Arts
- 3. Engaging all students to decrease off task behavior

4.

5.

## Part III: Planning for Improvement

Areas of Focus:

#### **#1. Instructional Practice specifically relating to Standards-aligned Instruction**

Area of Focus Description and Rationale:	Based on our data, teachers must identify and continuously assess student performance and strategically plan for all students to make a year's worth of growth. If teachers utilize data to effectively plan for and implement rigorous, differentiated learning opportunities through whole group, small group and individualized instruction for all students, then student achievement will improve and they will make a year's worth of learning growth.
Measurable Outcome:	<ul> <li>69% of all students will make learning gains in reading.</li> <li>77% of all students will make learning gains in math.</li> <li>68% of students identified in the lowest performing quartile will make learning gains in reading.</li> <li>61% of students identified in the lowest performing quartile will make learning gains in math.</li> </ul>
Person responsible for monitoring outcome:	Susan Phillips (phillipss4@duvalschools.org)
Evidence- based Strategy:	Improve teacher knowledge of how to target appropriate instruction / next steps for all students, using data available to them, during common planning sessions.
Rationale for Evidence- based Strategy:	Teachers must be able to identify and use data to inform student conferences, tiered intervention and to provide differentiated small group and center experiences.
Action Stens to	o Implement

Action Steps to Implement

1. Implement teacher meetings during common planning.

2. Upload grade level FSA aligned common assessments into Unify so that item analysis is available for teacher use.

3. Provide training on the use of Unify to monitor student performance.

4. Implement quarterly data reviews with teachers to determine shifts needed in core and/or tiered instruction for students.

5. Administer district quarterly PMAs and analyze data to inform instruction.

6. Schedule common planning meetings devoted to reviewing student work samples from common assignments.

7. Develop/Use established rubrics for evaluating student samples compared to grade level standard expectations.

8. Showcase student work samples on classroom display boards and content focus board walks.

Person Responsible

Susan Phillips (phillipss4@duvalschools.org)

#2 Culture & Environment specifically relating to Positive Behavior Intervention and Supports

#2. Culture &	Environment specifically relating to Positive Benavior Intervention and Supports
Area of Focus Description and Rationale:	Our second area of focus is in the area of Culture and Environment and includes a unified, consistent school wide behavior plan that is equitable and strategic in meeting the needs of all students and supporting all students in meeting behavioral expectations in all parts of their school day. If faculty and staff use the school wide behavior plan with fidelity throughout the day, students will have a unified set of expectations and behavior incidents will decrease, maximizing opportunities for academic learning.
Measurable Outcome:	Decrease the number of student discipline referrals that lead to missing class instruction by 10%.
Person responsible for monitoring outcome:	Susan Phillips (phillipss4@duvalschools.org)
Evidence- based Strategy:	Align the language in the behavior management plan so that the guidelines, language used in instruction and on the behavior rubric are aligned throughout the school.
Rationale for Evidence- based Strategy:	Improved teacher consistency in implementing the behavior plan, provides equity for all students remain in the classroom and on task to receive instruction.

#### Action Steps to Implement

1. Train the teachers on the expectations rubric with language aligned with the Guidelines for Success that outlines expectations in all areas of the school and the school day.

2. Communicate the Expectations in a clear and consistent manner to faculty, staff, students and families so that all stakeholders are aware of the expectations.

- 3. Guidelines for Success posted in classrooms, hallways and common areas.
- 4. Utilize Calm Classroom as a way to encourage students to deescalate their own behavior.
- 5. PBIS and FOCUS Team meet regularly to monitor student behavior data.

6. Behavior Threat Assessment Team meets regularly to identify concerns and identify strategies to address the concerns.

#### Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

na

### Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Needs to be completed

#### Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

## Part V: Budget

#### The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: Standards-aligned Instruction	\$0.00
2	III.A.	Areas of Focus: Culture & Environment: Positive Behavior Intervention and Supports	\$0.00
		Total:	\$0.00
