## School Board Approval

This plan is pending approval by the Duval County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

All question need to be completed

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

-

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

-

**Which data component showed the most improvement? What new actions did your school take in this area?**

-

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?**

-

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. -
- 2.
- 3.
- 4.
- 5.

### **Part III: Planning for Improvement**

**Areas of Focus:**

**#1. Instructional Practice specifically relating to Standards-aligned Instruction**

**Area of Focus Description and Rationale:** The area of focus for Baldwin M-S High is the standards aligned instructional delivery process. As indicated by the 5essentials survey, less than 60% of our teachers support the notion of collective responsibility whose foundation is set through collaboration in PLC and common planning, and this clearly indicates that our students' growth are negatively impacted.

**Measurable Outcome:** The vast majority of our teachers will engage in meaningful standards-based instructional delivery that will boost instructional practices as observed via walkthrough protocols and instructional lead teacher observations.

**Person responsible for monitoring outcome:** Denise Hall (halld@duvalschools.org)

**Evidence-based Strategy:** Instructional delivery ensures that students are exposed to standards aligned instruction, tasks, and assessments and promotes targeted student growth at each level. Utilizing the District's Standards Walkthrough tool and the Baldwin's ILT Observation tool, aligned standards and experiences within the instructional delivery can be measured. Common planning and professional learning communities will be monitored and used as the vehicle to ensure that the standards-based instruction and standards aligned tasks and assessments are the responsibility of all teachers in each instructional team.

**Rationale for Evidence-based Strategy:** Marzano's research shows that instructional delivery aligned to the collaborative practices centered around standards ensures that tasks and assessments are congruent to set standards, making certain that students show growth beyond previous proficiency levels.

**Action Steps to Implement**

Workshop the administrative team on the Standards Based Instruction Continuum and SIP

**Person Responsible** Denise Hall (halld@duvalschools.org)

Workshop the OPS and ILT Teams on the Standards Based Instruction and SIP

**Person Responsible** Michael Adams (adamsm2@duvalschools.org)

Workshop the teachers on the Standards Based Instruction and SIP

**Person Responsible** Joseph Graham (grahamj@duvalschools.org)

Workshop SAC on the Standards Based Instruction and SIP

**Person Responsible** Michael Adams (adamsm2@duvalschools.org)

Revisit the 2018-2019 FSA data with teachers while noting the indicated trend data as it relates to proficiency levels

**#2. Culture & Environment specifically relating to Equity & Diversity**

**Area of Focus Description and Rationale:** The focus is to improve the engagement of all students and raise the teacher expectations in planning and preparing for life after graduation as reflected in classroom instructional support, feedback, and communication of post-secondary opportunities. As indicated by the 5essentials survey, students feel as if the focus, feedback, and support as it relates to post-secondary preparedness has not been as helpful to their daily instruction and interaction. What negatively impacts students' feeling of support negatively impacts student learning.

**Measurable Outcome:** All of our teachers participate in district walkthrough and instructional lead teacher observations which include teacher & student discourse and student engagement. This data will be used for monitoring. The EOY 5Essentials survey will be used as the final measure.

**Person responsible for monitoring outcome:** Denise Hall (halld@duvalschools.org)

**Evidence-based Strategy:** Effective feedback, a clear vision for the future and instructional support are building blocks of a solid instructional foundation for students and their future. Utilizing the District's Standards Walkthrough and the Baldwin's ILT Observations coupled with these supports along with opportunity for student voice will enable teachers to focus and grow in the area of supporting the whole child.

**Rationale for Evidence-based Strategy:** John Hattie's work on effective feedback and focus is rooted in provided students with a sense of support using specific feedback and hope coupled with clear direction on how to grow instructionally.

**Action Steps to Implement**

Workshop the administrative team on the effective feedback and instructional support.

## Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Needs to be completed

**Parent Family and Engagement Plan (PFEP) Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
