School Board Approval

This plan is pending approval by the Pasco County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <u>www.floridacims.org.</u>

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

H-Have a growth mindset O-Own your education W-Work as a community L-Lead responsibly

Provide the school's vision statement.

All of our students achieve success in college, career, and life.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name | Title | Job Duties and Responsibilities |
|-------------------------------|----------------------------------|--|
| Hetzler- Nettles, Carin | Principal | Responsible for ensuring a quality education for every student by coaching school leadership teams. This includes developing the knowledge, skills and abilities in these teams throughout the district to effectively implement district priorities; providing differentiated support to specific school leaders; and monitoring efforts to ensure implementation that will lead to student success. Also responsible for working closely with the Assistant Superintendent for Student Achievement and Learning Community Executive Directors to facilitate support between the central offices and schools focused on academic achievement and equitable practices for all. |
| Ferry, jena | Assistant Principal | Perform responsibilities assigned by principal. |
| Gricoski, Donna | Assistant Principal | Perform responsibilities assigned by principal. |
| Hawk, Robin | Assistant Principal | Perform responsibilities assigned by principal. |
| Herzek, Jessica | Teacher, Career/ Technical | Middle and High School CTE PLC Facilitator |
| Hoch, Justine | Teacher, K-12 | Middle and High School World Languages PLC Facilitator |
| Hoffman, John | Teacher, K-12 | Middle and High School PE PLC Facilitator |
| Lloyd, Elizabeth | Teacher, K-12 | High School Social Studies PLC Facilitator |
| Manning, Ariel | Instructional Coach | Middle and High School Learning Design Coach |
| Hamilton, Caitlin | Teacher, K-12 | High School Math PLC Facilitator |
| Uchacz, Dan | Teacher, K-12 | High School Science PLC Facilitator |
| Copeland, Rusty | Assistant Principal | Perform responsibilities assigned by principal. |
| Pellicia, Carlye | Teacher, K-12 | ELA PLC facilitator |
| Enyart, Stacey | Teacher, K-12 | Fine Arts PLC facilitator |
| | | |

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

ELA Grade 9 scores showed a decline from the previous year. A major contributing factor that led to the decline was the retention and development of the teachers.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

ELA Grade 9 scores showed the greatest decline from the previous year. A major contributing factor that led to the decline was the retention and development of the teachers.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Algebra Grade 9 scores showed the greatest gap when compared to the state average. A major contributing factor that led to the decline was the retention and development of the teachers.

Which data component showed the most improvement? What new actions did your school take in this area?

The geometry EOC in the 2019 school year showed the most improvement over the prior year's performance. This group of subject area teachers worked in collaborative PLCs to improve their test scores.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

The number of students scoring Level 1 on statewide ELA & Math assessments provides the greatest concern for the school.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. Increase students passing the 9th Grade Algebra EOC.
- 2. Reduce course failures in mathematics.
- 3. Increase students passing the 10th Grade FSA.
- 4. Reduce course failures in ELA.

5.

Part III: Planning for Improvement

Areas of Focus:

| #1. Leadership specifically relating to Teacher Recruitment and Retention | | |
|--|--|--|
| Area of Focus Description and Rationale: | The area focus of leadership, specifically relating to Teacher Recruitment and retention, impacts student learning by developing highly effective instructors in the classroom. By focusing on the retention of our Algebra teachers, we hope to raise our 9th-grade Algebra scores which are, currently, lower than the district and state. | |
| Measurable Outcome: | In the 2020 school year, CCHS will raise Algebra 1 scores to 60% proficiency. | |
| Person responsible for monitoring outcome: | Donna Gricoski (dgricosk@pasco.k12.fl.us) | |
| Evidence- based Strategy: | Teachers will utilize the teach-assess cycle to address student needs. Working as a collaborative PLC, the algebra teachers will identify standards to cover, develop engaging lessons to cover the standards, create common formative assessments (CFA) to gauge student understanding, and re-teach or enrich based on CFA results. | |
| Rationale for Evidence- based Strategy: | By analyzing what students are proving they know or don't know through the CFA, teachers can ensure they are providing ample time and support for each student. | |
| Action Steps to Implement | | |
| Teachers will analyze the newest testing data for their students and assess their needs. | | |

Person Responsible Donna Gricoski (dgricosk@pasco.k12.fl.us)

Teachers will create common formative assessments based on the standards and curriculum of the Algebra course. Once taken, teachers will analyze the data to determine what students need to be retaught and who needs to be enriched.

Person Responsible Donna Gricoski (dgricosk@pasco.k12.fl.us)

Teachers will attend district-offered PD.

Person Responsible Donna Gricoski (dgricosk@pasco.k12.fl.us)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

High Impact Instruction: By the conclusion of the 2020-2021 school year, at least 95% of instructional staff will demonstrate evidence that they are planning, delivering, assessing, and monitoring standards-based instruction match to the rigor of the standard.

Professional Learning Communities (PLCs)

Identify essential standards/learning for each grade level or course.

Create essential standards/learning unit plans.

Implement the teaching-assessing cycle.

Give common end-of-unit assessments for essential standards.

Utilize the intervention period with Coyote Core for tier 2 and 3 supports.

Utilize blended learning to increase continuity in and out of the classroom.

Collaborative Culture: By the conclusion of the 2020-2021 school year, CCHS staff members will collaborate to increase Student Hope and Engagement.

Students will set learning/behavior goals and monitor progress through milestones.

Students will meet as a grade level each quarter to celebrate success.

Grade Level Teams will identify, support, and monitor the lowest 35% of students. (SSAP) SBIT Team will identify, support, and monitor tier 3 students services

PLCs will use grade level data to plan for instruction.

By the end of the school year all staff and students will utilize social and emotional learning resources.

LDC will lead Pineapple Teach Weeks and model class setup to increase staff collaboration and sharing of Best Practices.

Data Driven Decisions: By the end of the 2020-2021 school year, CCHS will implement tiered supports for academics and behavior for all grade levels.

Academic

Use data from CFAs to identify students for Tier 2 support by student, standard/learning and learning target.

Utilize Coyote Core intervention to prioritize students in need of Tier 2 and 3 supports. Monitor EOS data of underrepresented subgroups and increase efforts to reduce barriers to advanced coursework.

Behavior

Monitor disaggregated referral data quarterly.

Monitor the use of Coyote Cash and purchases within the Pack Shack.

Monitor referrals versus Students of the Week.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

CCHS utilizes a weekly newsletter entitled, The Howler Hub. This weekly form of communication with all stakeholders connects the reader to ways to actively engage in PBIS efforts. Here, parents, teachers, and students can nominate others for staff and students of the week. In addition, the newsletter communicates initiatives led by the School Leadership team, updates on the latest data, and news for the school. CCHS also has an active School Advisory Council that plays a critical role in the development and implementation of actions needed to reach the goals as outlined by the School Improvement Plan. Every month, the career resource committee holds meetings to assist parents and community members with various ways to support their students.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
