Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	TS&I

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Polk County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Polk County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Jewett School of the Arts is to provide all participants in our learning community with the resources needed to become responsible, life-long learners committed to excellence in the academics and the arts.

Provide the school's vision statement.

The Vision of Jewett School of the Arts is to provide the pathway for faculty, staff, parents and community to cultivate, through communication, a sense of ownership, spirit and pride in the school. Not only must students be prepared academically; they must be fostered with a sense of cultural awareness which includes an appreciation of the arts, acceptance of diversity, and the community.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Sears, Michael	Principal	
Dean, Samantha	Assistant Principal	
Dill, Dennis	Teacher, K-12	
Huyhn, Rhoda	School Counselor	
Reddick, Kimberly	Instructional Coach	
Sweet, Lacey	Assistant Principal	
Richard, Lisa	Teacher, K-12	
Mills, Meredith	Teacher, K-12	
Smith, Robert	Teacher, K-12	
Henry, Bridgette		
Ehrlich, Crystal	Teacher, K-12	KG
Hippeli, Danielle	Instructional Coach	Literacy Coach

Demographic Information

Principal start date

Saturday 5/26/2012, Michael Sears

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

3

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

5

Total number of teacher positions allocated to the school

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The students with disabilities exhibited the lowest performance on data. The quality and consistency of the effectiveness of the interventions. The trend with the students displays that they are increasing achievement. The current level of achievement is low compared to their peers. We will provide the students that are performing below the 41% threshold by providing support within the classroom with the classroom instructor and the ESE teacher. Collaborative planning will occur with our students to strengthen the instructional practices within the classroom. We will provide extended learning opportunities at the school site in the am prior to school starting and after school to provide support for our students in this category. We will also have ESE instructors group our students to provide support within the classroom. The ESE instructors will provide detailed weekly reports on students progress and the strategies that are being successful and unsuccessful to ensure we are providing the proper supports for all students.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

English Language Arts showed the greatest decline from the prior year. Instructional delivery did not meet the rigor of the standard. Lack of implementation of curriculum properly. Inexperienced instructors and inconsistent instruction in multiple classes.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Math data component had the greatest gap when compared to the state average by having a total of 57% lower than the state averages when adding up the gap. Instructional delivery. Instruction coming directly from the text and lack of utilization of manipulative. The upper grades lack of interventions implemented in the classroom and a failure to shift instruction based on student needs.

Which data component showed the most improvement? What new actions did your school take in this area?

Math data showed the greatest level of improvement with a total of 24% increase over the entire grades tested. Focus on math instruction setting up specific Math PLC, additional support with a school based and district based math coach, and school focus with walk throughs, coaching forms, and monitoring math instruction purposefully. Utilizing SMAD practice with incentives.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Students with one or more suspensions
Level 1 achievement on FSA Math

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increase Students With Disabilities proficiency levels.
2. Decrease school suspensions.
3. Improve instructional delivery throughout the campus.
4. Increase positive relationships between staff and students.
5. Improve teacher attendance.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Standards-aligned Instruction**Area of Focus Description and Rationale:**

All students will receive grade level standards-based instruction to improve student achievement in core content areas. Students will be exposed to the intent and rigor of the grade level standard, which will build on their current level of learning closing the gap in proficiency. Previously, students received instruction that was misaligned to the intent and rigor of the grade level standard; in addition, tasks were below the grade level expectation. In 2018-19 more than 50% of the lowest quartile in grades 3 - 8 did not make learning gains on the state Reading or Math Assessment. In 2018-19 75% of the students with disabilities subgroup failed to meet the ESSA goal of 41%.

Measurable Outcome:

As a result of standards based instruction taught in core content areas, 52% of the Lowest Quartile will exhibit learning gains on the state reading assessment; 53% of Lowest Quartile will exhibit learning gains on state math assessment. All ESSA subgroups will perform at a minimum of 41% overall. Student learning will be monitored through grade level formative assessments and district progress monitoring tools.

Person responsible for monitoring outcome:

Lacey Sweet (lacey.sweet@polk-fl.net)

Evidence-based Strategy:

Target task alignment exercises, PLC on utilizing proper formative assessments, coaching cycle, OLA standards based assessments, collaborative planning, and vertical planning.

Rationale for Evidence-based Strategy:

District and school based initiative that provides research based strategies that yield improvements. The implementation is supported by the district.

Action Steps to Implement

Provide Professional Development on effective Target Task Alignment implementation. Administration will monitor the implementation level through coaching cycles and monitoring of teacher lesson plans. Target Task alignment initial professional development will occur on the pre-planning week by Administration (Sears, Sweet, and Dean). Training will occur monthly in PLC conducted by administrators on a rotating basis. All of the instructional staff will participate in the training occurring in the PLC. Administrators will provide PD for Middle School, Elementary Grades, and Fine Arts instructors.

Person Responsible

Michael Sears (michael.sears@polk-fl.net)

Provide professional learning on effectiveness of formative assessments and how to properly implement the items within a lesson. Instructors will have access to researched based formative assessment stems. Instructors will provide work samples, ongoing formative and summative data to support the implementation of target task alignment. Formative assessment initial professional development will occur on the pre-planning week by Administration (Sears, Sweet, and Dean). Administrative team will also be provided training by Ashley Purcell on using District OLA tool. We will also have her come into the school site and conduct a training in September on the District OLA tool. Training will occur bi weekly in PLC conducted by testing coordinator/administrators on a rotating basis to assess the formative, . All of the instructional staff will participate in the training occurring in the PLC. Testing Coordinator and Administration will provide PD for Middle School, Elementary Grades, and Fine Arts instructors.

Person Responsible

Lacey Sweet (lacey.sweet@polk-fl.net)

School based instructional leaders will participate in a book study using Student Centered Coaching: A Guide for K - 8 Coaches and Principals by Diane Sweeney. Implement Coaching strategies and monitor effectiveness with forms from index and classroom walk throughs.

Person Responsible Michael Sears (michael.sears@polk-fl.net)

Professional development for Online Learning Assessments (Performance Matters) how to create an effective online assessment and use data to direct instruction moving forward. Professional learning will be led by District personnel and testing coordinator. Training will be conducted by FOCUS staff member from the district office. Data will be reviewed bi-weekly. Testing Coordinator and Gifted Instructors with reports being provided to Administration. Data will drive instruction and reteaching or revising of instruction will be reflected in lessons and intervention instructional time for the instructors. Lesson plans and implementation will be monitored by Sears/Dean/Sweet.

Person Responsible Kimberly Reddick (kimberly.reddick@polk-fl.net)

Teacher led collaborative planning will occur weekly: discussing topics with standards based instruction, target task alignment, work samples, formative and summative assessment data.

Person Responsible Danielle Hippeli (danielle.hippeli@polk-fl.net)

Provide professional development on effective vertical planning practices. Administration will provide instructors with initial focus area to explore during vertical planning. Grade levels will compare terminology and identify the unpacking of the standard. Creating tasks collaboratively to meet the level of the standard. Aligning content area terminology and best practices. Staff members will conduct vertical planning on early release days.

Person Responsible Lacey Sweet (lacey.sweet@polk-fl.net)

#2. Culture & Environment specifically relating to Positive Behavior Intervention and Supports

Area of Focus Description and Rationale:	Disciplinary referrals are greatly disproportionate based upon race throughout K - 8. Students are missing a large amount of class time due to suspensions and other disciplinary consequences at a disproportionate rate. Reviewing disciplinary data the large discrepancy is displayed with in school and out of school suspensions.
Measurable Outcome:	We are seeking to have the referral breakdown reflect the student body make up percentages: 41% African Americans 32% White 23% Hispanic
Person responsible for monitoring outcome:	Samantha Dean (samantha.dean@polk-fl.net)
Evidence-based Strategy:	Positive Behavior Intervention Supports training and structures to increase positive school culture and assist students in strategies used to resolve conflict. Social Emotional Learning Training for students K - 5, Early Release day focus on SEL lessons for Middle School students. One day per week in elective classes working on interpersonal skills and conflict resolution skills. CPI Verbal Deescalation strategies
Rationale for Evidence-based Strategy:	The SEL program is a research based educational tool that will provide students the opportunity to grow in multiple areas of interaction as well as become better prepared to deal with conflicts that may arise throughout the school day experience. District initiative to build and maintain positive relationships between staff and students.

Action Steps to Implement

1. Use of JAC Behavior Card (5-8) and JAG Bucks. Incentives for positive choices (JAG Buck School Store & PBIS Celebrations)
2. Use CHAMPs to deliver school-wide expectations.
3. Middle school small group instruction (specific students). Data used to establish supports for small group will be disciplinary referral data, attendance data, and retention information.
 - Behavior Contract, Caution/Red Card JAC will participate in Check in/Check out.
 - Students in the category will participate in small group activities on choices and proper responses.
 - We will meet once a week with small groups.
 - Participate in mock role play and team building strategies.
4. Sanford Harmony SEL Lesson integration.
 - Classes will participate in morning meetings daily in all of the K - 5 classrooms.
 - 2x's per month SEL lessons will be taught to the students in all grade levels (K - 5) by Homeroom teacher during PE block.

Person Responsible Samantha Dean (samantha.dean@polk-fl.net)

Provide professional learning through District Support Staff - (entire staff training) Deborah Badertscher and Lori Allen are providing the district training during pre planning initial training. We will have bullying training occur for our staff by Denise Sepulveda for our staff in September. She will provide support as needed for any students that have bullying claims substantiated in school. Staff will be provided PBIS training by AP Samantha Dean during PLC monthly and data will be discussed bi-weekly about

C.H.A.M.P.S.

Model proper strategies with the staff members.

Review implementation of strategies with classroom observations, disciplinary data, and positive to negative interaction with students in the classroom (CHAMPS Form) - bi weekly. (As needed based upon the data resulting in an increased observation.

Person Responsible Samantha Dean (samantha.dean@polk-fl.net)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

Students with one or more suspensions: we will review disciplinary data during leadership team meetings, discuss implementation of C.H.A.M.P.S and PBIS data. provide the staff with techniques and track the usage of the items. Mentoring session data (meetings, topics discussed, follow up on behavior) for students that had disciplinary issues from the previous year. Small group meetings with counselor and Administrator to equip students with strategies on de-escalation and mentoring. Meet with Assistant Principal weekly to discuss any concerns or issues.

Level 1 achievement on FSA Math: Review Freckle reports/on demand assignments, SMAD data monitored, focus on Math instruction during block with focused walk throughs and discuss data collected.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

The school provides correspondence to parents by allowing access to student grades 24 hours a day electronically through the FOCUS system. We provide a monthly newsletter to parents highlighting events that are going on at the school site. We provide weekly correspondence via e-mail through our list serve that provides information through e-mail and Connect Ed messages that provide prerecorded messages to parents and stakeholders about important information. The school also schedules parent information nights (PIN) throughout the year on academic, behavioral, and STEAM themed information. The school has orientation nights for students. The school also will have portfolio meetings that allow parents to come in and listen to their students describe their program's progress with their schoolwork and what they are learning during the school year. The school provides opportunities to interact with stakeholders at events

such as "Donuts with Dad" and "Muffins with Mom." We participate in local community activities such as holiday parades, festivals, and celebrations. PTA organization provides school information updates on social website to keep community members abreast of school activities. Principal utilizes social media Twitter, Facebook, and REMIND APP to communicate information to stakeholders. We also will have parental events to promote parental involvement and assist parents in enhancing their student's education providing reading, mathematical, and science support strategies. The school utilizes Parent and Family Engagement Nights five times a year (virtually and/or on-campus) to provide parents with resources to enhance their students' education including two portfolio nights (1 fall, 1 spring), a Testing Night, an ELA/ Math Night, and a STEAM Night. The school also provides workshops during the day to assist parents in communication with instructors and discussing student progress. Additionally, the school will implement monthly surveys to stakeholders to analyze the school's "customer service." These surveys will include stakeholders' opinions on, but not limited to, communication, problem solving, level of satisfaction, academics, behavior, and appearance as it relates to the school.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: Standards-aligned Instruction	\$0.00
2	III.A.	Areas of Focus: Culture & Environment: Positive Behavior Intervention and Supports	\$0.00
Total:			\$0.00
