School Board Approval

This plan was approved by the Santa Rosa County School Board on 10/8/2020.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Pacific Islander Students	
Federal Index - Pacific Islander Students	
Pacific Islander Students Subgroup Below 41% in the Current Year?	N/A
Number of Consecutive Years Pacific Islander Students Subgroup Below 32%	0
White Students	
Federal Index - White Students	73
White Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years White Students Subgroup Below 32%	0
Economically Disadvantaged Students	
Federal Index - Economically Disadvantaged Students	70
Economically Disadvantaged Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	0

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

2019-2020 State Testing was cancelled; therefore, our Needs Assessment/Analysis is based on prior year's data.

Our 2018-2019 ELA Lowest 25th percentile Learning Gains of 57% showed the lowest performance in our school data; however, this still was above the District 56% and State 53%. Contributing factors include a high number of students in our Behavior Focused Classroom who, despite testing accommodations through their IEPs, did not put forth their best effort. In fact, several students actually refused to test.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

2019-2020 State Testing was cancelled; therefore, our Needs Assessment/Analysis is based on prior year's data.

Our 2018-2019 ELA Lowest 25th percentile Learning Gains of 57% showed the greatest decline from 2017-2018 school data of 63%. Contributing factors include a rise in the number of students in our Behavior Focused Classroom who, despite testing accommodations through their IEPs, did not put forth their best effort. In fact, several students actually refused to test.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

2019-2020 State Testing was cancelled; therefore, our Needs Assessment/Analysis is based on prior year's data.

All of our data components exceeded the state average; therefore, a gap analysis is n/a.

Which data component showed the most improvement? What new actions did your school take in this area?

2019-2020 State Testing was cancelled; therefore, our Needs Assessment/Analysis is based on prior year's data.

Our overall ELA Learning Gains improved 4 percentage points from 65% in 2017-2018 to 69% in 2018-2019. We believe that because a higher than normal percentage of our teachers took the initiative to become dual-certified (ESE and General Education) allowed us to best meet the needs of our Students With Disabilities (SWD). Having several classrooms with which SWDs could receive their Exceptional Student Education (ESE) services in accordance with their Individual Education Plans (IEPs) contributed to this improvement.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

2019-2020 State Testing was cancelled; therefore, our Needs Assessment/Analysis is based on prior year's data.

In analyzing the Early Warning System Data for 2019, many areas are not yet measurable due to the no data being available at this early juncture in the school year. The one component that is readily visible as an area of concern is the 31 students who scored a level 1 on their 2018-2019 statewide assessment.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

2019-2020 State Testing was cancelled; therefore, our Needs Assessment/Analysis is based on prior year's data.

1. Improving the ELA learning gains of our lowest 25th percentile (57% learning gains in 2018-2019 was a decline from 2017-2018 school data of 63%).

2. Decreasing the number of 3rd, 4th, and 5th graders who score a level 1 on their 2019-2020 statewide assessment (2018-2019 data shows 31 level 1's for 3rd-5th graders in all content areas).

3. Increasing the percentage by which our Students With Disabilities (SWDs) exceed the ESSA Federal Index target (2018-2019 data shows OBE SWDs subgroup exceeded the Federal Index target by 9 percentage points = 50% vs. target of 41%).

4. Addressing the trend of decreasing statewide assessment proficiency in ELA when comparing

same grades

(4th grade). Proficiency fell 6 percentage points from 87% in 2017-2018 to 81% in 2019-2020.

5. Addressing the trend of decreasing statewide assessment proficiency in MATH when comparing same grades

(4th grade). Proficiency fell 4 percentage points from 86% in 2017-2018 to 82% in 2019-2020.

Part III: Planning for Improvement

Areas of Focus:

#1. ESSA Subgroup specifically relating to Students with Disabilities

Area of Focus Description and Rationale: Our area of focus involves the improvement of ELA learning gains of our lowest 25th percentile. According to statewide assessment data, the OBE ELA learning gains of our lowest 25th percentile students were 57% in 2018-2019. This was a 6 percentage point decline from 2017-2018 school data of 63% ELA Learning Gains for the lowest 25th percentile.

Measurable Outcome: Increase ELA Learning Gains of our lowest 25th percentile students from 57% to 60% as measured by the 2020-2021 statewide assessment.

Person responsible for monitoring outcome: Josh McGrew (mcgrewj@santarosa.k12.fl.us)

Evidence-based Strategy: K-2 Early Intervention Reading groups
3-5 Reading Intervention groups - Tiers 1 & 2 (teachers), Tier 3 (AIS)

Rationale for Evidence-based Strategy: Using systematic, multi-sensory strategies is shown to improve student learning and students are able to show improved progress.

Certified teacher with specific specialization in reading (Academic Intervention Specialist - AIS) will decrease group size and increase intensity and frequency of the intervention which is shown to improve student progress

Action Steps to Implement

1. Assess students using STAR C from prior year & STAR A from current year, FSA for 4th and 5th graders and retained 3rd graders.
2. Teachers complete ranking sheets.
3. Form groups based on lowest 25th percentile.
4. AIS and District trains those facilitating Intervention Groups.
5. Schedule groups and begin Intervention Groups.

Person Responsible: Sheena Barron (barrons@santarosa.k12.fl.us)

#2. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale: Our Focus area centers on decreasing the number of 3rd, 4th, and 5th graders who score a level 1 on their 2020-2021 statewide assessment. 2018-2019 data shows 31 level 1's for 3rd-5th graders in all content areas.

Measurable Outcome: Our school plans to utilize evidence based instructional strategies to decrease the number of FSA level 1's from 31 to 28 in all content areas.

Person responsible for monitoring outcome: Josh McGrew (mcgrewj@santarosa.k12.fl.us)

Evidence-based Strategy: K-2 Early Intervention Reading groups
3-5 Reading Intervention groups - Tiers 1 & 2 (teachers), Tier 3 (AIS)

Rationale for Evidence-based Strategy: Using systematic, multi-sensory strategies is shown to improve student learning and students are able to show improved progress.
Certified teacher with specific specialization in reading (Academic Intervention Specialist - AIS) will decrease group size and increase intensity and frequency of the intervention which is shown to improve student progress

Action Steps to Implement

1. Assess students using STAR C from prior year & STAR A from current year, FSA for 4th and 5th graders and retained 3rd graders.
2. Teachers complete ranking sheets.
3. Form groups based on lowest 25th percentile.
4. AIS and District trains those facilitating Intervention Groups.
5. Schedule groups and begin Intervention Groups.

Person Responsible: Sheena Barron (barrons@santarosa.k12.fl.us)

#3. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale:	Addressing the trend of decreasing statewide assessment proficiency in MATH when comparing same grades (4th grade). Proficiency fell 4 percentage points from 86% in 2017-2018 to 82% in 2019-2020.
Measurable Outcome:	OBE will utilize evidence based strategies to reverse the downward trend of Math proficiency in 4th grade by improving overall proficiency in Math from 82% to 84%.
Person responsible for monitoring outcome:	Josh McGrew (mcgrewj@santarosa.k12.fl.us)
Evidence-based Strategy:	K-2 Early Intervention Math groups & Math Talks 3-5 Reading Intervention groups - Tiers 1 & 2 (teachers), Tier 3 (Math Interventionist) Using systematic, multi-sensory strategies is shown to improve student learning and students are able to show improved progress.
Rationale for Evidence-based Strategy:	Certified teacher with specific training in math intervention will decrease group size and increase intensity and frequency of the intervention which is shown to improve student progress

Action Steps to Implement

1. Assess students using STAR C from prior year & STAR A from current year, FSA for 4th and 5th graders and retained 3rd graders.
2. Teachers analyze classroom data and testing data..
3. Form groups based on lowest 25th percentile.
- 4.Math Interventionist and district Math/Science personnel guides and supports those facilitating Math Intervention Groups.
5. Schedule groups and begin Intervention Groups.

Person Responsible Julie Smith (smithj@santarosa.k12.fl.us)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

OBE will address School Safety as a schoolwide improvement priority by:

1. Following all District, State, and Federal mandates and guidelines for school safety.
2. Involving key stakeholders in key decisions regarding school safety.
3. Educating school staff and students on school safety policies, procedures, and protocols.
4. Practicing school safety protocols through the use of safety drills.
5. Advocating for site specific school safety needs through the proper channels.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Oriole Beach Elementary School's does an outstanding job engaging stakeholders. Frequent and high quality communication is sent out via FaceBook, newsletters, call-outs, texts, emails, etc. Families are informed and feel welcome at the school. Administrators and teachers encourage open dialogue regarding concerns, feedback, and planning for the successful functions of the school. Our Title I Program includes an initiative to increase parent and family engagement in their child's education, provides training to parents in an effort to assist their children at home so that they can be successful at school. Our school was awarded a grant that allowed 54 teachers, staff, and administrators to be trained in the Flippen Group's model of Capturing Kids Hearts. Additional staff members who were not trained during the summer will attend this training in the fall. Our Title I Program provides funding for teacher professional development and classroom materials for teachers to effectively meet the individual needs of their students, provide differentiated instruction, and provide tutoring for targeted students beyond the regular school day. Please see our Parent and Family Engagement Plan (PFEP) for additional ways that OBE builds positive relationships with parents, families, and other community stakeholders to fulfill our school's mission and support the needs of our students.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
