School Board Approval

This plan was approved by the Bay County School Board on 10/13/2020.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Every Child, Every Day!

The mission of Hiland Park Elementary is to develop the whole child by empowering leaders and creating an atmosphere of excellence and happiness.

Each day, our students recite our LEAD Pledge. At Hiland Park Elementary we are:

Learning Together

Empowering Others

Achieving Goals

Discovering Our Potential

Updated Summer 2019

Provide the school's vision statement.

Our vision is to prepare lifelong learners to be productive members of society and to own their future.
#HPELeads

Updated Summer 2019

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Faircloth, Ilea	Principal	<p>As principal, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As administrators, it is our responsibility to guide conversations about data and curriculum content, engage all stakeholders, and provide shared leadership opportunities.</p>
Pitts, Angela	Other	<p>As a SLP/teacher representative on SBLT, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As teachers, it is our responsibility to participate in conversations about data and curriculum content, engage all stakeholders, and participate in shared leadership opportunities.</p>
McNeal, Jaclyn	Teacher, K-12	<p>As a teacher representative on SBLT, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As teachers, it is our responsibility to participate in conversations about data and curriculum content, engage all stakeholders, and participate in shared leadership opportunities.</p>
Davis, Kristal	Teacher, ESE	<p>As a teacher representative on SBLT, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As teachers, it is our responsibility to participate in conversations about data and curriculum content, engage all stakeholders, and participate in shared leadership opportunities.</p>
Scola, Gigi	Teacher, K-12	<p>As a teacher representative on SBLT, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As teachers, it is our responsibility to participate in conversations about data and curriculum content, engage all stakeholders, and participate in shared leadership opportunities.</p>
Breland, Steve	Teacher, K-12	<p>As a teacher representative on SBLT, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As teachers, it is our responsibility to participate in conversations about data and curriculum content, engage all stakeholders, and participate in shared leadership opportunities.</p>

Name	Title	Job Duties and Responsibilities
Baggett, Melanie	Teacher, K-12	<p>As a teacher representative on SBLT, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As teachers, it is our responsibility to participate in conversations about data and curriculum content, engage all stakeholders, and participate in shared leadership opportunities.</p>
Johnson, Erica	Assistant Principal	<p>As assistant administrator, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As administrators, it is our responsibility to guide conversations about data and curriculum content, engage all stakeholders, and provide shared leadership opportunities.</p>
Brown, Timothy	Teacher, K-12	<p>As a teacher representative on SBLT, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As teachers, it is our responsibility to participate in conversations about data and curriculum content, engage all stakeholders, and participate in shared leadership opportunities.</p>
Mills, Robin	Teacher, K-12	<p>As a teacher representative on SBLT, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As teachers, it is our responsibility to participate in conversations about data and curriculum content, engage all stakeholders, and participate in shared leadership opportunities.</p>
Torres, Amber	Teacher, K-12	<p>As a teacher representative on SBLT, it is vital we begin with the end in mind and monitor the implementation and progress of academic, behavior, and emotional learning goals for all students.</p> <p>As teachers, it is our responsibility to participate in conversations about data and curriculum content, engage all stakeholders, and participate in shared leadership opportunities.</p>

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Data unchanged from September 2019 as 2019 FSA was not taken. NWEA MAP data will be taken into consideration along with cohort data for current 5th-grade students comparing their academic performance to their 2018 FSA and current MAP.

In looking at our data, students with disabilities performed at 27%. There are several contributing factors such as Hurricane Michael, enrollment decrease resulting in staff changes, and the emotional state of the students and staff. The mobility rate of students is an ongoing concern. We will be monitoring our FTE Survey 2 in October and FTE Survey 4 in February to correctly identify our students included in the denominator for school grade calculations.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Data unchanged from September 2019 as 2019 FSA was not taken. NWEA MAP data will be taken into consideration along with cohort data for current 5th-grade students comparing their academic performance to their 2018 FSA and current MAP.

In looking at our data, the largest decrease occurred in math specifically 5th grade down 27% for the grade level and 13% decrease in the cohort. There are several contributing factors such as Hurricane Michael, enrollment decrease resulting in staff changes, and the emotional state of the students and staff. The mobility rate of students is an ongoing concern. We will be monitoring our FTE Survey 2 in October and FTE Survey 4 in February to correctly identify our students included in the denominator for school grade calculations.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Data unchanged from September 2019 as 2019 FSA was not taken. NWEA MAP data will be taken into consideration along with cohort data for current 5th-grade students comparing their academic performance to their 2018 FSA and current MAP.

In looking at our data, the greatest gap compared to the state average was Math Achievement and Math Lowest 25% both at -19 points. There are several contributing factors such as Hurricane Michael, enrollment decrease resulting in staff changes, and the emotional state of the students and staff. The mobility rate of students is an ongoing concern. We will be monitoring our FTE Survey 2 in October and FTE Survey 4 in February to correctly identify our students included in the denominator for school grade calculations.

Which data component showed the most improvement? What new actions did your school take in this area?

Data unchanged from September 2019 as 2019 FSA was not taken. NWEA MAP data will be taken into consideration along with cohort data for current 5th-grade students comparing their academic performance to their 2018 FSA and current MAP.

ELA Lowest 25% showed the most improvement to 62%. We attribute this to our focus on MTSS by having a strong team of individuals to implement interventions and monitor the data regularly. Our team did a great job of identifying those students. The mobility rate of students is an ongoing concern.

We will be monitoring our FTE Survey 2 in October and FTE Survey 4 in February to correctly identify our students included in the denominator for school grade calculations.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Data unchanged from September 2019 as 2019 FSA was not taken. NWEA MAP data will be taken into consideration along with cohort data for current 5th-grade students comparing their academic performance to their 2018 FSA and current MAP.

EWS data indicates a need to focus on our students with disabilities and a continued focus on the lowest 25%. If we stretch our students with disabilities to grade-level standards exposing them to rigorous curriculum then our subgroups and school grade will increase proficiency.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Identifying and providing grade-level standard instruction to all students (specifically SWDs and lowest 25%) while knowing our students by name and need. For 2020, we are focused on acceleration.
2. Inclusion
3. CWTs. Monthly CWT walks monitoring academics and monthly feedback for behavior.
4. Admin participation in PLCs weekly.
5. Data chats monthly for MTSS/quarterly data chats with progress monitoring data/WIG Wednesday with students. (WIG (Wildly Important Goals: Students identify goals that will help them attribute and improve their classroom goal, which will assist in increasing the grade level goal, and ultimately help the school reach our school-wide goal.)

Part III: Planning for Improvement

Areas of Focus:

#1. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups

Area of Focus	ELA/Math Lowest Quartile/Subgroups (SWD, Black, Multiracial) Students
Description and Rationale:	As data indicates, HPE is working to identify students by name and need in order to increase school grade categories for lowest quartile and also address the needs of the following subgroups: SWD, Black, Multiracial.
Measurable Outcome:	Hiland Park Elementary will increase math lowest quartile from 46 to 62 (16 percentage points) and maintain ELA lowest quartile gains at 62%. Subgroups (SWD, Black, Multiracial) identified within that category will also increase.
Person responsible for monitoring outcome:	Ilea Faircloth (faircim@bay.k12.fl.us)
Evidence-based Strategy:	Students will continue to track their own goals using our WIGs (Wildly Important Goals) at the school, grade, and student levels. Teachers will keep track all students using the MTSS Universal Spreadsheet where students will be discussed regularly in PLC meetings and monthly MTSS Leadership meetings. Additionally, teachers will complete Data Chat forms to drive trimester data chats.
Rationale for Evidence-based Strategy:	According to John Hattie author of "Visible Learning", he identified self-reported grades had an effect of 1.33 and feedback had an effect size of .70. When students have ownership of their own learning they have buy-in and ownership. Feedback to both students and teachers also has a significant impact on outcomes.

Action Steps to Implement

1. WIGs (School, grade, student) ELA and Math (See Section 2: 1f for the definition of WIG)
2. Teacher tracking students using MTSS Universal Spreadsheet
3. Data Chats each trimester after MAP administration with admin and students.

Person Responsible Ilela Faircloth (faircim@bay.k12.fl.us)

#2. Instructional Practice specifically relating to Standards-aligned Instruction

Area of Focus Description and Rationale:	Rigorous Instruction (PLCs, Intervention, Feedback, Support)- Learning gains for all As data indicates, HPE is a C with many components being under the desired 62% of points. We will focus on rigorous instruction to increase every category relating to proficiency and learning gains. Additionally this year, we will integrate acceleration into our practice with coaching from TNTP.
Measurable Outcome:	Hiland Park Elementary will increase all components to at least 62% of points possible in order to become an A school.
Person responsible for monitoring outcome:	Ilea Faircloth (faircim@bay.k12.fl.us)
Evidence-based Strategy:	PLCs will focus on planning and preparation of BDS Pacing Guides while administration focuses on providing regular feedback and support through strategic coaching and CWTs.
Rationale for Evidence-based Strategy:	John Hattie identified feedback had an effect size of .70, teacher clarity .75, formative evaluation .45, and collective teacher efficacy at 1.57. With administration participating in PLCs and providing CWT feedback regularly we look to see increases in rigorous instruction paired with acceleration.

Action Steps to Implement

1. PLCs meeting regularly for planning and preparation of BDS Pacing Guides (Admin joining weekly on Tuesday)
2. Strategic intervention for ELA and Math
3. CWT Feedback regularly by admin
4. Support of strategic coaching when identified
5. Consistent support of students with disabilities within the inclusive classroom setting.
6. Teachers have a professional WIG in addition to personal WIG.
7. Coaching of administration by TNTP on acceleration and leadership.

Person Responsible Ilela Faircloth (faircim@bay.k12.fl.us)

#3. Other specifically relating to behavior

Area of Focus	Behavior (Leader in Me/House System/PBIS Revitalization)
Description and Rationale:	As data indicates, the past 3 years Hiland Park has had 1019 referrals (2016), 1026 (2017), and 426 (2018). In 2019, Hiland Park had 179 discipline referrals.
Measurable Outcome:	Hiland Park Elementary will continue to decrease the number of discipline referrals in order to maintain instructional momentum.
Person responsible for monitoring outcome:	[no one identified]
Evidence-based Strategy:	Leader in Me Core Behavior Program, implementation of Ron Clark House System, and discussing behavior data regularly.
Rationale for Evidence-based Strategy:	Marzano identified rules and procedures had an effect size of .76, disciplinary interventions had an effect size of .91, and teacher-student relationships had an effect of .87.

Action Steps to Implement

1. Implementation and support of Hiland Park's Mental Health Triad team. These 3 individuals will be providing support for behavior and student mental health daily. Use of Masters and Licensed level personnel to support students within the classroom setting and small group where appropriate. Use of Promise Room and Calm Down space are additional layers of support.
2. Leader in Me as core program
3. House System and celebrations
4. Use of morning meeting to support Leader in Me
5. Integration of "Proactive Place" in every classroom (Calm Down Bucket)
6. Implementation of EL program which addresses core values (based on integration in BDS pacing guides.).
7. Monthly meeting of Threat Assessment Team and MTSS Leadership to discuss students with behavioral concerns.

Person Responsible Erica Johnson (johnsem1@bay.k12.fl.us)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

See above.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Hiland Park is the epitome of positive school culture and environment. Our mission is to develop the whole child by empowering leaders and creating an atmosphere of excellence and happiness. We do this by addressing the whole child using resources at both the school and district levels. Services available are: on-site school counselor, mental health counselors, a mental health triad team of 3 qualified and/or licensed staff, Telehealth counselors, behavior interventionists, PROMISE paras, and mentors.

Additionally, Hiland Park is a Leader in Me LightHouse school in conjunction with the leadership house system. We strive to teach our students the 7Habits of Highly Effective People.

- 1 - Be proactive.
- 2 - Begin with the end in mind.
- 3 - Put first things first.
- 4 - Think win-win.
- 5 - Seek first to understand, then to be understood.
- 6 - Synergize!
- 7 - Sharpen the Saw
- 8- Find your voice

Each student is "sorted" into a leadership house in order to uplift and encourage students across grade levels both vertically and horizontally to lift up one another. The four leadership houses are: Altruismo, Isibindi, Reveur, and Amistad. The leadership houses are partnered with the five Leader in Me Paradigms: Altruismo- Everyone can be a leader.

Isibindi- Everyone had genius

Reveur- I am empowered to lead my own learning

Amistad- Change starts with me

and all four houses develop the whole person (paradigm 5).

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: ESSA Subgroup: Outcomes for Multiple Subgroups	\$0.00
2	III.A.	Areas of Focus: Instructional Practice: Standards-aligned Instruction	\$0.00

3	III.A.	Areas of Focus: Other: behavior	\$0.00
Total:			\$0.00
