School Board Approval

This plan is pending approval by the Manatee County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the Manatee County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of W. D. Sugg Middle School is to consistently demonstrate commitment to student success through compassion, validation, and inspiration; to provide a school that is student-centered and believes "all students can," an environment that fosters empowerment and self-worth among the students as they grow in life and learn what they can contribute to their society.

Provide the school's vision statement.

The vision of W. D. Sugg Middle School is for all stakeholders to work together to develop self-reliant, life-long learners who are contributing members to their communities and active participants in the democratic process.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
McDonald, Ann	Principal	<ol style="list-style-type: none"> 1. Oversee facilitated and collaborative standards-based lesson planning with collaborative structures, visual supports for vocabulary, and grade level, text-based writing into all contents and grades. 2. Oversee implementation of strategic and targeted standards-reviews throughout the school year for science and math. 3. Provide feedback to instructional staff regarding exemplar student work, visuals, and posted lesson plans in the halls and classrooms during informal/formal observations and instructional reviews. 4. Oversee school-wide professional learning for teachers to access and maneuver through PEER and understand students' accommodations and how to provide them correctly. 5. Oversee creation and maintenance of targeted data board will be created and added to throughout the year for all students with disabilities in the leadership conference room. Leadership will meet weekly to review new progress monitoring data from district benchmarks. 6. Communicate consistent expectations and procedures for behavior on campus. 7. Utilize Positive Behavior Intervention and Support (PBIS) with fidelity. 8. Oversee implementation of behavior-tracking forms utilized prior to writing a referral. 9. Oversee staff development of how to differentiate major and minor disciplinary infractions.
Boyd, Daniel	Assistant Principal	<ol style="list-style-type: none"> 1. Support implementation of strategic and targeted standards-reviews throughout the school year for science and math 2. Provide feedback to instructional staff regarding exemplar student work, visuals, and posted lesson plans in the halls and classrooms during informal/formal observations and instructional reviews. 3. Provide school-wide professional learning for teachers to access and maneuver through PEER and understand students' accommodations and how to provide them correctly. 4. Support creation and maintenance of targeted data board will be created and added to throughout the year for all students with disabilities in the leadership conference room. Leadership will meet weekly to review new progress monitoring data from district benchmarks. 5. Communicate consistent expectations and procedures for behavior on campus. 6. Utilize Positive Behavior Intervention and Support (PBIS) with fidelity. 7. Implement behavior-tracking forms utilized prior to writing a referral. 8. Develop staff understanding of how to differentiate major and minor disciplinary infractions. 9. Improved relationships with community and parents will result in an increase and student academic achievement.
Starkweather, Lorie	Assistant Principal	<ol style="list-style-type: none"> 1. Support implementation of strategic and targeted standards-reviews throughout the school year for Science and Math 2. Provide feedback to instructional staff regarding exemplar student work, visuals, and posted lesson plans in the halls and classrooms during informal/formal observations and instructional reviews

ESSA Data

This data has been updated for the 2018-19 school year as of 7/16/2019.

ESSA Federal Index	
ESSA Category (TS&I or CS&I)	TS&I
OVERALL Federal Index – All Students	55
OVERALL Federal Index Below 41% All Students	NO
Total Number of Subgroups Missing the Target	1
Progress of English Language Learners in Achieving English Language Proficiency	48
Total Points Earned for the Federal Index	549
Total Components for the Federal Index	10
Percent Tested	99%
Subgroup Data	
Students With Disabilities	
Federal Index - Students With Disabilities	39
Students With Disabilities Subgroup Below 41% in the Current Year?	YES
Number of Consecutive Years Students With Disabilities Subgroup Below 32%	0
English Language Learners	
Federal Index - English Language Learners	52
English Language Learners Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years English Language Learners Subgroup Below 32%	0
Native American Students	
Federal Index - Native American Students	
Native American Students Subgroup Below 41% in the Current Year?	N/A
Number of Consecutive Years Native American Students Subgroup Below 32%	0

Asian Students	
Federal Index - Asian Students	
Asian Students Subgroup Below 41% in the Current Year?	N/A
Number of Consecutive Years Asian Students Subgroup Below 32%	0
Black/African American Students	
Federal Index - Black/African American Students	54
Black/African American Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Black/African American Students Subgroup Below 32%	0
Hispanic Students	
Federal Index - Hispanic Students	51
Hispanic Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Hispanic Students Subgroup Below 32%	0
Multiracial Students	
Federal Index - Multiracial Students	56
Multiracial Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Multiracial Students Subgroup Below 32%	0
Pacific Islander Students	
Federal Index - Pacific Islander Students	
Pacific Islander Students Subgroup Below 41% in the Current Year?	N/A
Number of Consecutive Years Pacific Islander Students Subgroup Below 32%	0
White Students	
Federal Index - White Students	62
White Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years White Students Subgroup Below 32%	0
Economically Disadvantaged Students	
Federal Index - Economically Disadvantaged Students	54
Economically Disadvantaged Students Subgroup Below 41% in the Current Year?	NO
Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	0

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Our lowest area of performance was student achievement on the 8th grade science assessment. We contribute this to both 8th grade science teachers being relatively new to the grade level and content. Student success on the cumulative 8th grade science assessment has been consistently low at Sugg Middle, but in the last 2 years we have implemented the use of science notebooks that follow our students from 6th and 7th grade to 8th grade. It is our hope that these notebooks, coupled with frequent and consistent cumulative (6th-8th) and strategic review in 8th grade will improve our students' achievement on the 8th grade SSA.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Civics saw the largest loss in percentage points from 88% in 2018 down to 74% in 2019. This is a result of an increase in the percentage of students in the 2019 cohort that performed lower on the ELA assessments in 2018. Despite this, our Civics teachers were able to help our more striving students attain achievement on the literacy-heavy Civics assessment despite the students' struggles with literacy skills as assessed on the ELA portion of the FSA.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Science achievement at Sugg Middle is 27% lower than the state average. We contribute this to both 8th grade science teachers being new to the grade level and content last school year. Student success on the cumulative 8th grade science assessment has been low at Sugg Middle, but in the last 2 years we have implemented the use of science notebooks that follow our students from 6th and 7th grade to 8th grade. It is our hope that these notebooks, coupled with frequent and consistent cumulative (6th-8th) and strategic review in 8th grade will improve our students' achievement on the 8th grade SSA.

Which data component showed the most improvement? What new actions did your school take in this area?

The area of greatest improvement was our L25 gains in ELA. Our ELA and reading teachers streamlined instruction so that students received a double-dose of the same strategies and scaffolds during the day to meet the expectations of the ELA standards.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

In 2018-19, the subgroup that lagged behind is Students with Disabilities (SWD), even though every grade level improved its achievement level percentages between 4 and 10% across the board in ELA and Math.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increase student achievement in science
2. Increase overall achievement for students with disabilities (SWD)
3. Increase the rigor for higher performing students in advanced courses

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Standards-aligned Instruction

Area of Focus	If instructional faculty implements standards-based instruction and specific high-yield strategies using the Learning-Focused instructional framework for planning and classroom management for all students, then student achievement will improve.
Description and Rationale:	Student achievement on state assessments will improve in all content areas. Intended school grade targets are as follows:
Measurable Outcome:	<p>ELA - 40</p> <p>ELA Gains - 62</p> <p>ELA L25 Gains - 66</p> <p>Math - 54</p> <p>Math Gains - 69</p> <p>Math L25 Gains - 61</p> <p>Science - 32</p> <p>Civics - 79</p> <p>Acceleration (Alg I and Geometry) – 86</p>
Person responsible for monitoring outcome:	Ann McDonald (mcdonala@manateeschools.net)
Evidence-based Strategy:	<ol style="list-style-type: none"> 1. Facilitated, collaborative, and standards-based lesson planning using scaffolded, differentiated (1s, 2s, SWD) and enriched (3s, 4,s, 5s, SWD) learning strategies for all content areas with an emphasis on support for 8th science 2. Cross-content, grade-level writing in accordance with grade-level expectations of the Florida Standards posted by all teachers 3. Continue to implement the research-based strategies including, but not limited to numbered heads/collaborative pairs, analysis test questions through text structure and error analysis (includes targeted, after school and Saturday tutoring), structured reviews starting as soon as able in mathematics and science, and targeted tutoring across contents 4. Visual supports for students including but not limited to anchor charts, conceptually organized word walls, & exemplary work with rubrics 5. AVID will provide double-dose of ELA strategies using nonfiction/occasional fiction ELA materials to support that 62%+ of AVID students make gains or maintain proficiency on the ELA portion of the FSA.
Rationale for Evidence-based Strategy:	All strategies align with and are adapted from the Learning-Focused Framework and the work of Dr. Max Thompson in accordance with the SIG-4 grant.

Action Steps to Implement

1. Provide facilitated and collaborative standards-based lesson planning that include research-based strategies for all teachers for at least 2 hours per month (except for August and December) as evidenced by the coaching calendar developed during the first 3 weeks of school. For planning facilitation and lesson review, Mr. Thompson works with math, Dr. Gordon with Social Studies and Reading, Mrs. Hill-Lovering with Language Arts, Science, and Electives.

Person Responsible Ann McDonald (mcdonala@manateeschools.net)

2. Infuse collaborative structures, visual supports for vocabulary, and grade level, text-based writing into all contents and grades.

Person Responsible Bernadette Gordon (gordonb@manateeschools.net)

3. Schedule strategic and targeted standards-reviews throughout the school year for Science (Hill-Lovering) and Math (Thompson)

Person Responsible Rodney Thompson (thompson2r@manateeschools.net)

4. Review of evidence of initiatives by observing exemplar student work, visuals, and posted lesson plans in the halls and classrooms during informal/formal observations and instructional reviews

Person Responsible Ann McDonald (mcdonala@manateeschools.net)

5. Provide frequent and specific feedback to teachers during collaborative planning sessions for differentiation for enrichment and differentiation for ESE and other students with need. (Gordon, Hill-Lovering, and Thompson)

Person Responsible Bernadette Gordon (gordonb@manateeschools.net)

6. Provide school-wide professional learning for teachers to access and maneuver through PEER and understand students' accommodations and how to provide them correctly.

Person Responsible Daniel Boyd (boydd@manateeschools.net)

7. Targeted data board will be created and added to throughout the year for all students with disabilities in the leadership conference room. Leadership will meet weekly to review new progress monitoring data from district benchmarks and then, Thompson, Gordon, and Hill-Lovering will work with teachers to address needs of ESE students in core classes and in after school tutoring program to continue to accelerate student learning for all, but specifically targeting ESE students.

Person Responsible Tequela Crenshaw (crenshawt@manateeschools.net)

#2. Culture & Environment specifically relating to Student Attendance

Area of Focus

Description and Rationale:

If we continue to establish, communicate, and monitor clearly defined expectations for all stakeholders, then attendance and discipline will improve.

Measurable Outcome:

Student attendance will improve and incidents of student discipline concerns will decrease schoolwide. Intended targets are as follows:
Students with 2+ referrals - 20%
Students missing 10%+ of the school year due to absences - 25%

Person responsible for monitoring outcome:

Lorie Starkweather (starkwel@manateeschools.net)

Evidence-based Strategy:

1. School-wide expectations will be shared in Day 1 lesson plans as developed by faculty and staff during preschool planning days.
2. Regular assemblies and announcements will reinforce the same expectations for all grade levels.
3. Grade level meetings will occur monthly to monitor success and suggest changes as needed.
4. School will schedule quarterly parent meetings to involve parents in decision-making and to build parent capacity to support their children's learning.

Rationale for Evidence-based Strategy:

Establishing clear expectations for all people involved in a school is a well-known best practice. An example of this in the case of students is included in Boynton and Boynton's 2005 Educator's Guide to Preventing and Solving Discipline Problems (chapter 2 found here <http://www.ascd.org/publications/books/105124/chapters/Establishing-Clearly-Defined-Parameters-of-Acceptable-Classroom-Behaviors.aspx>)

Action Steps to Implement

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

We were able to move school to a B so we will continue with our current focus areas from 2018-2019.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

As a school, we try to involve our parents and community in activities that will impact our students while on campus and at home. We are fortunate to be able to have specialty guest speakers come into our school to teach parents skills they can utilize at home (such as disciplinary concepts) and provide additional resources that are catered to improving student achievement through the content areas. Sugg Middle will engage them through Microsoft Teams and Zoom during 2020-2021. We also encourage our students of other languages and their families to join our ESOL program, which is intended to enable the adult members of our Spanish speaking population to get their GEDs by enrolling in the Adult ESOL program offered by the District. We try to incorporate many means to involve all our parents to positively impact our students.

Prior to students entering sixth grade, guidance and administrative staff contact and sent videos and other presentations to our feeder elementary schools to present information about what it means to be a Sugg Cyclone and what to expect as they transition to middle school. Beginning with the first day of school, we orient the new sixth graders as to the Cyclone Specifics. This starts at our first hour assembly. The Cyclone Specifics are be safe; be respectful; be responsible; be present (physically & mentally); and to be polite, stay right. Throughout the first week, sixth graders continue to become acclimated to middle school in general and Sugg specifically as teachers review the discipline matrix, student code of conduct, and school mission and vision statements with them.

As students in eighth grade prepare for high school, teams of guidance counselors come to Sugg to make presentations to small groups of students in classes about their course offerings and to assist with high school registration procedures. In some years (usually dependent upon funding and testing calendar), there is also a "High School Information Night" held for parents and students to meet with representatives from our local high schools in order to have questions answered and to learn more about special programs the schools offer. This will be modified this year and will like be virtual. Finally (again, dependent on funding/ testing calendar), students in some years have taken field trips to their zoned high schools in order to get a feel for the campus and the high school experience prior to promotion from middle school. We are hoping to receive videos and presentations from our high schools to provide to our students this school year.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: Standards-aligned Instruction	\$0.00
2	III.A.	Areas of Focus: Culture & Environment: Student Attendance	\$0.00
Total:			\$0.00
