School Board Approval

This plan was approved by the Baker County School Board on 9/21/2020.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The Baker County Adult Education Center is committed to meeting the needs of all students in a safe, caring, and encouraging environment with a goal of preparing them to enter the workplace with marketable skills. The desire is to make every student a success story.

Provide the school's vision statement.

The vision of the Baker County School District is to prepare individuals to be lifelong learners and responsible citizens of good character.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Dopson, Carrie	Principal	Job duties include Director of Career and Adult Education programs within the Baker County School District.

Demographic Information

Principal start date

Friday 2/1/2019, Carrie Dopson

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

Analysis**Data Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

n/a

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

N/A

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

N/A

Which data component showed the most improvement? What new actions did your school take in this area?

N/A

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

N/A

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1.
2. N/A
- 3.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1. Other specifically relating to Retention of students

Area of Focus Description and Rationale:	Baker County Adult Education will focus on retention of students as an area of focus. If students do not return once a semester is over to complete their education their learning begins to decline. Our goal is to retain students until they complete their high school diploma.
Measurable Outcome:	BCAE served 134 students in the 2019-2020 school year. Of these students 28 graduated, giving us a 21% rate. Of the other 107 students, only 29%, (31 students) returned in the 2020-2021 school year to complete their education. Our goal is to increase our retention rate to 35% in this upcoming school year.
Person responsible for monitoring outcome:	Carrie Dopson (carrie.dopson@bakerk12.org)
Evidence-based Strategy:	BCAE plans to utilize the MTSS process to determine barriers to retaining students. Once barriers are determined, our goal is to help students eliminate or overcome these issues.
Rationale for Evidence-based Strategy:	MTSS process has proven to be effective for K-12 problem solving.

Action Steps to Implement

Establish a MTSS team at the BCAE

Person Responsible Carrie Dopson (carrie.dopson@bakerk12.org)

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

NA

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Baker County Adult Education Center works diligently to establish a positive school culture and environment for our students beginning with our registration process through graduation. We are student centered and our goal is to make every student a success story. Our teachers, staff and Career Development Facilitator work individually with students to ensure that they understand that we care about their success. This will continue to be our method of work.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
