<b>2019-20 School Improvement (SI) Information*</b>	
<b>SI Region</b>	Southeast
<b>Regional Executive Director</b>	<a href="#">LaShawn Russ-Porterfield</a>
<b>Turnaround Option/Cycle</b>	N/A
<b>Year</b>	
<b>Support Tier</b>	
<b>ESSA Status</b>	TS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, <a href="#">click here</a> .	

## School Board Approval

This plan is pending approval by the Broward County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

### School Board Approval

This plan is pending approval by the Broward County School Board.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

**Provide the school's mission statement.**

“Providing a quality education that will meet the needs of all students in a safe learning environment.”

**Provide the school's vision statement.**

“Striving for excellence in preparing the high school ready, college-bound student.”

### School Leadership Team

#### **Membership**

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	0

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

7th grade ELA, 6th, 7th grade Math and 8th grade Science showed the lowest performance.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

7th grade ELA, 6th, 7th grade Math and 8th grade Science showed the lowest performance.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

The greatest gap was 6th grade Math which went from 55% to 52% State wide. New implementations have been made to ensure progress is made during the school year. Homework help and the utilization of learning applications offered through eLearning will assist in improving this gap.

**Which data component showed the most improvement? What new actions did your school take in this area?**

Science (Biology) and Literacy has shown the most improvements. Certain actions have been in place to ensure that Literacy continues to grow and improve throughout the school year. Grammar, writing instruction and reading strategies have been routinely practiced throughout Reading and ELA classes to proactively enhance the upcoming FSA ELA scores. Social Studies has also implemented strategies to assist in students acquiring the necessary assistance in ELA.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?**

The two potential areas of concern are: # of Students Level 1 On Statewide assessment in 7th and 8th grade and # of Students With Course Failure In ELA or Math.

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Lowest 25%- ELA
2. Lowest 25%- Math
3. SWD
- 4.
- 5.

## Part III: Planning for Improvement

**Areas of Focus:**

**#1. Instructional Practice specifically relating to Career & Technical Education****Area of Focus**

**Description and Rationale:**

1. Short term goal: Tech & STEM proficiency of basic Office 365 tools
2. Long term goal: Implement Problem-Solving (engineering-design) process

**Measurable Outcome:**

1. Short term goal: Increase students & teacher Tech & STEM proficiency of basic Office 365 tools by the end of Q2- 75% student proficiency in select applications-1.) Powerpoint and 2.) FlipGrid or choice of subject specific application.
2. Long term goal: 75% of students will achieve a level 3 depth of response on their Problem-Solving (engineering-design) process reports.

**Person responsible for monitoring outcome:**

[no one identified]

**Evidence-based Strategy:**

1. Short and long term goals will be met by employing the use of rubrics as an evidence-based strategy as well as PBL/ Design Process. Rubrics will be used to measure proficiency in select applications and depth of response on Problem-Solving process.

**Rationale for Evidence-based Strategy:**

1. Short term goal: Rubrics will be used to guide student progress in reaching desired proficiency goal for selected Office 365 applications. Resources shown below:  
<https://www.effectiveeducators.com/iob/attachment/show/572268b7e4b0031c8dde17ad>  
<https://www.effectiveeducators.com/iob/attachment/show/57226954e4b0031c8dde1a0b>
2. Long term goal: We will also include the use of rubrics particularly a Depth of Response Rubric that will serve to collect formative data on Problems Solving Skills throughout the year.
  - a. BCPS Applied Learning Department suggests this implementation to support STEM magnet program.
  - b. PBS Kids: Engineers rely on the design process to guide them. It's the series of steps they use to come up with solutions.
  - c. Teach Engineering: The engineering design process emphasizes open-ended problem solving and encourages students to learn from failure. This process nurtures students' abilities to create innovative solutions to challenges in any subject!
  - d. PBL Works: Inherent in Project Based Learning is the design thinking process that questions, opens up, builds, iterates, tests and redesigns, then starts all over again. There are many models of design thinking; it is a process that is always developing and changing.

**Action Steps to Implement**

1. Short term goal:
  - a. Identify which basic Office 365 tools will be used to determine instruction/assessment
  - b. Determine basic applications of selected tools
  - c. Identify a rubric for the selected basic Office 365 tools
  - d. Assign student-paced activities/tasks
  - e. Review results individually/whole group
2. Long term goal:
  - a. Refine questions aligned to the Problem-Solving Process
    - i. Receive input from elective teachers
  - b. Identify a rubric for the refine questions
    - i. Receive input from elective teachers

- c. Facilitate professional development on the use/implementation of the Problem-Solving Process
- d. Assign questions to students' activities/tasks
- e. Review results individually/whole group

**Person Responsible** [no one identified]

## #2. Instructional Practice specifically relating to ELA

### Area of Focus

**Description and Rationale:** Increasing student learning gains in Literacy.

**Measurable Outcome:** As of the last FSA from 2019, less than half (43%) of our students are making learning gains.

**Person responsible for monitoring outcome:** Jenna Gentile (jenna.gentile@browardschools.com)

**Evidence-based Strategy:** By May 2021, 75% of ELA students will make learning gains as evidenced by the ELA FSA.

**Rationale for Evidence-based Strategy:** The rationale for using formative assessments is that teachers can monitor and provide ongoing feedback to students and this feedback helps to improve the teacher's instructional practices and it improves student learning. Formative assessments help students to identify their strengths and weaknesses. It also targets the specific areas that need work.

### Action Steps to Implement

1. Research the meaning of formative assessments. Research the types of formative assessments.
2. Utilize grade level common planning time to collaborate to create or find formative assessments.
3. Administer formative assessments to students. Track data.
4. Make informed decisions during common planning time and PLC time about how to respond to data.

**Person Responsible** [no one identified]

**#3. Instructional Practice specifically relating to Math**

<b>Area of Focus Description and Rationale:</b>	Student Engagement- Students engagement was chosen based on the 2018-2019 Math FSA, 41% of students were proficient.
<b>Measurable Outcome:</b>	By May 2021, we are expecting 51% of our students to show proficiency.
<b>Person responsible for monitoring outcome:</b>	Deirdre Benka-Coker (deirdre.benka-coker@browardschools.com)
<b>Evidence-based Strategy:</b>	Teachers will be participating will be in Professional Development, use i-Ready, real-world application, and small group differentiated instruction.
<b>Rationale for Evidence-based Strategy:</b>	When students are engaged in the learning experience they will learn the standards and be able to apply it to real-word scenarios and show learning gains on the FSA.

**Action Steps to Implement**

1. Individual student learning with the use of i-Ready for both individual learning path and teacher assigned on grade level lessons. 2. Having students show work for all tests and assignments. This includes CFA assignments and iReady assignments, teachers are responsible for monitoring their students. 3. Common formative assessments and mini-Assessments for students of the same content and curriculum. 4. Teachers collaborate at a minimum of weekly about instructional strategies, test results, and adjustments in presentation of curriculum including student engagement. 5. Continuous formative assessments using tools such as Nearpod, discussions, Quizizz, as well as other software. 6. Emphasis on feedback at all levels: students to teachers, teachers to students, teachers to administration and administration to teachers. 7. Focus on Error Analysis 8. Data chats with teachers after common formati

**Person Responsible** [no one identified]

**#4. Instructional Practice specifically relating to Social Studies**

<b>Area of Focus Description and Rationale:</b>	Increase Civics scores from 66% proficient to 74%- Increasing Proficiency
<b>Measurable Outcome:</b>	End of Course Civics Exam
<b>Person responsible for monitoring outcome:</b>	Deirdre Benka-Coker (deirdre.benka-coker@browardschools.com)
<b>Evidence-based Strategy:</b>	Benchmark quizzes and CFAs
<b>Rationale for Evidence-based Strategy:</b>	This strategy is data driven and will help determine areas of focus in preparation for the EOC.

**Action Steps to Implement**

1. Fuse ELA standards with SS standards 2. Collaborate with grade level ELA teachers 3. Commit to holding students accountable with grammar in our daily assignments 4. Administer CFAs with EOC style questions

**Person Responsible** [no one identified]

**#5. Instructional Practice specifically relating to Science****Area of Focus**

**Description and Rationale:** Science proficiency

**Measurable Outcome:**

The percentage of 8th grade students and 7th grade GEARS students scoring a 3,4 or 5 will increase from 40-45% by May 20, 2020 as measured by the SSA (Statewide Science Assessment)

**Person responsible for monitoring outcome:**

[no one identified]

**Evidence-based Strategy:**

This year our 7th grade GEARS Students will take the 8th grade Statewide Science Assessment (SSA) along with our 8th grade students. Mr. Kadhum teaches the 7th grade GEARS students as well a 3 8th grade classes. Mr. Montalto will work closely with Mr. Kadhum to make sure that he uses all of the strategies that we use in the 8th grade to assure that our 7th graders will be prepared for the Statewide Science Assessment.

**Rationale for Evidence-based Strategy:**

Mini Lessons will be the main strategy that we implement this year. Our mini lessons are a 10 minute review each morning of a standard from 6th or 7th grade. We will do the lesson on a standard each day for 9 days. On the 10th day the students will be given a 5 question Mini Assessment. For the 7th grade GEARS students we will mini lessons will review the 6th grade curriculum. We have done this each year except for one and that year we dropped 6%. Every year that we have done this strategy we have improved at least 3% over the previous year scores. We are also using common formative assessments that are rigorous for the students. The rationale for this is to get the students use to the types of questions that they will see on the Statewide Science Assessment.

**Action Steps to Implement**

1. Mini Lesson and Mini Assessments 2. Common Formative Assessments 3. Planning together among the 3 grade levels. Each grade level will plan together on Wednesdays during their planning period. 4. Our PLC's will also help with the planning piece along with analyzing data together and sharing best practices. 5. Data chats will be used to show the students their progress along the way. 6. Lastly, we will use our District Instructional Specialist (Tracy Colucci) for support and ideas to help our students reach their goal

**Person Responsible**

[no one identified]

**#6. Instructional Practice specifically relating to Differentiation**

<b>Area of Focus Description and Rationale:</b>	Lowest 30% of ESE Students in Reading and Math as measured by the 2019 FSA- Increase Reading and Math Skills, increase proficiency, and learning gains within ESE student population
<b>Measurable Outcome:</b>	The percentage of lowest 30% ESE students scoring proficient or higher in FSA ELA + Math will increase from 36% to 47% by the end of May 2021 as measured by the ELA and Math FSA.
<b>Person responsible for monitoring outcome:</b>	Brisco Decembert (b.decembert@browardschools.com)
<b>Evidence-based Strategy:</b>	Diagnostic assessments, continuous progress monitoring, remediation and enrichment as needed.
<b>Rationale for Evidence-based Strategy:</b>	To determine student baseline, increase testing strategies. Students will take i-Ready Reading and Math diagnostic and through progress monitoring, remediation, enrichment students will increase progress.

**Action Steps to Implement**

1. Identify eligible students and place into subgroups 2. Pull out for additional reading and math standards, identified within Math and Reading PLCs 3. Progress monitor students 4. Remediate/Enrich based on data

**Person Responsible** [no one identified]

**Additional Schoolwide Improvement Priorities**

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

**We are intentionally focusing on each of our subgroups. We are continuing to focus discussions and feedback on student engagement, which impacts their learning gains.**

**Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

McNicol's schoolwide positive behavior model is preventative, multi-tiered, and culturally responsive. It is geared to reducing the discipline gap, and designed to meet the social-emotional, and academic needs of

both students and their families. Our positive behavior intervention strategies are structured on the following principles:

a functioning team and administrative support  
 faculty & stakeholder commitment  
 meeting school-wide behavior expectations  
 reward programs.

The design engages stakeholders in the decision-making process with the goal to reducing discipline incidents.

Our program is designed with a system of rewards, such as monthly student social activities, field trips, positive behavior raffles, pep- rallies, sporting events, and various other activities that promote, positive student behavior. Our core values or 4 B'S are:

Be safe  
 Be a learner  
 Be respectful and  
 Be responsible.

Furthermore, students are taught life skills, and relatable cultural experiences geared to closing the academic achievement gap. McNicol's reward programs, ensure accountability and our school's commitment to equitable student behavior outcomes.

#### Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

### Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
