Regional Executive Director	LaShawn Russ-Porterfield
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	TS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Preparing the next generation to be problem solvers and innovative thinkers through S.T.E.M. project based learning.

Provide the school's vision statement.

Pines Lakes Elementary is committed to providing a happy, caring and stimulating environment where children will recognize and achieve their fullest potential.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Sasse, Susan	Principal	To provide the leadership and management necessary to administer and supervise all programs, policies and activities of Pines Lakes Elementary (PLE) to ensure high quality educational experiences and services for the students in a safe and enriching environment. Monitor student performance and teacher instructional practice, analyze data trends, and along with instructional coaches, provide support for teachers.
Dejean, Christina	Teacher, K-12	Responsible for implementing and facilitating strategies and materials to meet the needs of all students as part of the School Improvement Plan. Also serve on subcommittees such as Grade Level Chairs, Community Events and SAC/SAF.
Creviston, Kelly	Instructional Coach	Provide guidance and support for teachers in the area of English Language Arts (ELA), collaborate appropriate professional development and PLC support. Instructional Coach provides personalized support that is based on identified needs of individual teachers and differentiated supports that foster the growth and development of teachers. In addition to strategic content focused mentoring, coach supports teachers to develop skills in critical areas such as establishing positive classroom culture and climate, implementing instructional strategies, analyzing student work, differentiating instruction and supporting English Language Learners and student with special needs. Also, coaches will work collaboratively, build skills, analyze data, examine needs related to professional practice and engage in peer coaching with teachers.
Wolfe-Yoloye, Carlene	School Counselor	Help students process their problems and plan goals and action. Mediate conflict between students and teachers to ensure that they can meet their academic goals.
Taber, Andrea	Other	ESE Specialist - provides support to school to ensure that students with disabilities demonstrate increased participation and performance in the standard or Access curriculum, statewide assessments, and accountability systems. Support teachers in tracking students' data to make appropriate instructional decisions. The ESE Specialist provides personalized support based on identified needs of individuals based on differentiated supports that foster the growth and development of teachers.
Funk, Laura	Instructional Coach	Math and Science Coach - Provide guidance and support for teachers in the area of Math and Science, collaborate appropriate professional development and PLC support. Instructional Coach provides personalized support that is based on identified needs of individual teachers and differentiated supports that foster the growth and development of teachers. In addition to strategic content focused mentoring, coach supports teachers to develop skills in critical areas such as establishing

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component that showed the lowest performance was Students with Disabilities in ELA and Math. Students with disabilities showed only 30% achieved proficiency on the ELA and Math portions of the Florida Standards Assessment in 2019.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Pines Lakes Elementary's ELA scores showed a greater decline due to the focus being heavily on Math. The contributing factor was an intense focus for professional learning on the new math textbook adoption materials for Broward School District permitting less time to spend on ELA.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Pines Lakes Elementary's greatest gap was ELA Lowest Percentile: State was at 53 compared to Pines Lakes at 39. As mentioned above the contributing factor the intense focus on Math versus an equal focus on all subject areas.

Which data component showed the most improvement? What new actions did your school take in this area?

The component that exhibited the most improvement was Math. This was due to the extensive work done throughout Professional Learning Communities to ensure teacher professional learning and improvement.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Reflecting on the Early Warning Systems (EWS), Kindergarten attendance is our highest area of concern.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. ELA Focused Professional Learning Communities
2. Scaling up the RTI Process
3. Early identification/interventions in place for students with reading deficiencies

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale:	At Pines Lakes Elementary students' ELA proficiency scores have decreased from the previous year's Spring FSA results; this Area of Focus will increase student achievement and student success.
Measurable Outcome:	At Pines Lakes Elementary the By Spring 2021 Pines Lakes Elementary will achieve 56% Proficiency in ELA based on the FSA results.
Person responsible for monitoring outcome:	Susan Sasse (susan.sasse@browardschools.com)
Evidence-based Strategy:	<p>Pines Lakes Elementary will use the following Evidenced Based Strategies:</p> <ol style="list-style-type: none"> 1. Teacher led instruction through iReady lessons 2. Foundations Reading Intervention 3. Phonics for Reading from Curriculum Associates
Rationale for Evidence-based Strategy:	All of the evidenced based strategies listed above have been chosen since they provide us with critical progress monitoring tools and resources to tailor instruction to individual student needs.

Action Steps to Implement

- Determine student needs through initial diagnostic assessments
2. Analyze student data to determine student progress and goals
3. Create individual student goals for all students
4. Ensure teacher instructional plan is aligned to student goals
5. Continue to progress monitor throughout the school year

Person Responsible Susan Sasse (susan.sasse@browardschools.com)

#2. ESSA Subgroup specifically relating to Students with Disabilities**Area of Focus Description and Rationale:**

At Pines Lakes Elementary students with disabilities have not shown adequate progress for meeting the ESSA FPPI requirement of 41% or higher. By focusing on this subgroup students will meet the ESSA requirement and increase student achievement.

Measurable Outcome:

At Pines Lakes Elementary the subgroup of Students With Disabilities will increase their ELA learning gains in by 11% as evidenced by the Spring 2021 FSA assessment results.

Person responsible for monitoring outcome:

Susan Sasse (susan.sasse@browardschools.com)

Evidence-based Strategy:

Pines Lakes Elementary will use the following teaching
 1. Teacher led instruction through targeted iReady lessons
 2. Foundations Reading Intervention
 3. Phonics for Reading from Curriculum Associates

Rationale for Evidence-based Strategy:

All of the evidenced based strategies listed above have been chosen since they provide us with critical progress monitoring tools and resources to tailor instruction for individual student needs.

Action Steps to Implement

1. Determine student needs through initial diagnostic assessments and IEP Goals
2. Analyze student data to determine student progress and goals
3. Create individual student goals for all students with disabilities
4. Ensure teacher instructional plan is aligned to student goals
5. Continue to progress monitor throughout the school year

Person Responsible

Susan Sasse (susan.sasse@browardschools.com)

#3. -- Select below -- specifically relating to**Area of Focus Description and Rationale:****Measurable Outcome:****Person responsible for monitoring outcome:**

[no one identified]

Evidence-based Strategy:**Rationale for Evidence-based Strategy:****Action Steps to Implement**

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

School Safety - School Safety continues to be an area of improvement for our school. We continue to ensure school safety through an enhancement to the single point of entry with pedestrian gates as well as a school Campus Monitor.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Parents will be invited and encouraged to become active members of the School Advisory Council (SAC). At the monthly SAC meetings, parents will be provided information regarding the school's "Title I" budget allocation, including professional development and parent involvement funds.

Parents will be encouraged and allowed to provide input into the decision-making process of all "Title I" activities related to the school and the development of "Title I" documents. An annual evaluation will be conducted using surveys completed by parents, staff, and students. Results will be analyzed to evaluate the effectiveness of the school's "Title I" Parent Involvement Plan.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA				\$10,704.00
	Function	Object	Budget Focus	Funding Source	FTE	2020-21
