## Demographics

**Principal: Carolyn Ayers**

Start Date for this Principal: 7/1/2018

<b>2019-20 Status</b> (per MSID File)	Active
<b>School Type and Grades Served</b> (per MSID File)	Elementary School PK-6
<b>Primary Service Type</b> (per MSID File)	K-12 General Education
<b>2019-20 Title I School</b>	No
<b>2019-20 Economically Disadvantaged (FRL) Rate</b> (as reported on Survey 3)	66%
<b>2019-20 ESSA Subgroups Represented</b> (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* English Language Learners Black/African American Students Hispanic Students Multiracial Students White Students Economically Disadvantaged Students
<b>School Grades History</b>	2018-19: A (62%) 2017-18: A (62%) 2016-17: B (61%) 2015-16: B (59%)
<b>2019-20 School Improvement (SI) Information*</b>	
<b>SI Region</b>	Northeast
<b>Regional Executive Director</b>	<a href="#">Cassandra Brusca</a>
<b>Turnaround Option/Cycle</b>	N/A
<b>Year</b>	
<b>Support Tier</b>	
<b>ESSA Status</b>	N/A

\* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

## School Board Approval

This plan is pending approval by the Clay County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

### School Demographics

School Type and Grades Served (per MSID File)	2019-20 Title I School	2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)
Elementary School PK-6	No	72%
Primary Service Type (per MSID File)	Charter School	2018-19 Minority Rate (Reported as Non-white on Survey 2)
K-12 General Education	No	35%

### School Grades History

Year	2019-20	2018-19	2017-18	2016-17
Grade	A	A	A	B

### School Board Approval

This plan is pending approval by the Clay County School Board.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### Provide the school's mission statement.

Doctors Inlet Elementary School's mission is to work collaboratively with all stakeholders to provide a public education experience that is motivating, rigorous, engaging, and rewarding for all children. We will increase student achievement by providing learning opportunities that are relevant to the real world and transcend the boundaries of the school walls. We will ensure a working and learning environment built upon honesty, integrity and respect. Through these values, we will maximize student potential and promote individual responsibility.

#### Provide the school's vision statement.

Doctors Inlet Elementary school exists to prepare life-long learners for success in a global and competitive workplace and in acquiring life skills.

### School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Ayers, Carolyn	Principal	This team meets monthly to discuss the ongoings of Doctors Inlet Elementary. They represent each of the teams at DIS. They provide input, help to vote, and disseminate information to teachers.
Mineo, Kristi	Assistant Principal	
Long, Hannah	Teacher, K-12	
Wellons, Techla	Teacher, K-12	
Lang, Jennifer	Teacher, K-12	
Hansen, Missy	Teacher, K-12	
Bohn, Laura	Teacher, ESE	
Adkison, Karey	Teacher, K-12	
Torres, Suzette	Teacher, K-12	
Farber, Jocelyn	Teacher, K-12	

### Demographic Information

**Principal start date**

Sunday 7/1/2018, Carolyn Ayers

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

5

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

9

**Total number of teacher positions allocated to the school**

Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	0

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

#### Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The science scores from 2018-2019 were the lowest proficiency area at 55%. This was a 12 point drop from the previous year. Contributing factors included a new curriculum and a high ESE population who struggled reading and comprehending grade level science content. During the 2019-2020 school year, we focused on science by improving our science lab on campus, encouraging training in the new science curriculum, increasing science vocabulary, and increasing the integration of science across content areas. We also worked to improve student engagement in science through after school clubs and we provided resources for teachers to engage families in science content both for our English and non-English speaking families.

#### Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Science was the greatest decline from the previous year with a 12 point decrease. Contributing factors included a new curriculum and a high ESE population who struggled to read and comprehend grade level science content. Other factors included lack of science vocabulary and student engagement.

#### Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Using the 2018-2019 data, Doctors Inlet Elementary achieved higher than the state average in each component.

#### Which data component showed the most improvement? What new actions did your school take in this area?

Lowest quartile learning gains showed the most improvement, increasing from 44% to 58%. The actions leading to this improvement included targeted small group instruction, LLI, SIPPS, Achieve 3000, and iReady LAFS.

#### Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Based on EWS data, an area of potential concern is student attendance. Having students present and engaged in the classroom can drastically decrease course failures and suspensions.

#### Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Increase reading proficiency (which will also support science proficiency)
2. Increase SEL for all students to decrease negative behaviors and increase attendance
3. Increase student engagement in the classroom and online
4. Increase lowest 25th percentile math learning gains<sup>5</sup>.

## Part III: Planning for Improvement

### Areas of Focus:

#### #1. Instructional Practice specifically relating to ELA

**Area of Focus Description and Rationale:** Our 2018-2019 data showed a 4% decrease in school ELA achievement. Along with this, there was a 2% decrease in ELA learning gains. Working to increase ELA proficiency is critical. This will also support increasing science proficiency as students need support in comprehending grade level text and vocabulary.

**Measurable Outcome:** School ELA achievement will increase from 63% to 67%.

**Person responsible for monitoring outcome:** Carolyn Ayers (carolyn.ayers@myoneclay.net)

**Evidence-based Strategy:** The strategies to be implemented include LAFS interventions, LLI, SIPPS, and targeted small group instruction. In addition, science based nonfiction text and vocabulary will be integrated through Achieve 3000 to support student ability to read and comprehend grade level science content and vocabulary.

**Rationale for Evidence-based Strategy:** These strategies and interventions help increase reading proficiency. When reading proficiency and vocabulary is improved, students will also have increased science proficiency based on their abilities to read and comprehend grade level text.

#### Action Steps to Implement

Provide training for improving ELA and reading instruction. Targeted Professional Development for teachers to enhance the reading instruction over multiple subject areas. Including inviting district coaches in to work with teachers to guide them in planning and developing small groups for differentiated instruction.

**Person Responsible:** Kristi Mineo (kristi.mineo@myoneclay.net)

Provide time to analyze student data and plan accordingly.

**Person Responsible:** Carolyn Ayers (carolyn.ayers@myoneclay.net)

**#2. Culture & Environment specifically relating to Social Emotional Learning**

**Area of Focus Description and Rationale:** Social Emotional Learning can have a great impact on our students when we work with them to set goals, problem solve, manage their emotions in a healthy way, try their best, safely take risks, and take responsibility for their actions. Based on the EWS indicators, attendance is an area of concern (17% of students have less than 90% attendance). These SEL skills can help students find success in the classroom personally, socially, and academically, which will result in higher student attendance.

**Measurable Outcome:** 12% of students have less than 90% attendance (down from 17%)

**Person responsible for monitoring outcome:** Carolyn Ayers (carolyn.ayers@myoneclay.net)

**Evidence-based Strategy:** The 7 Mindset lessons are being implemented this year. Teachers can submit positive referrals for students to receive a phone call home from the principal, emphasizing the mindset for which they are being recognized. Each month, a student is selected from each class for demonstrating the Mindset of the month. The guidance counselor provides SEL lessons in the classrooms. School leaders meet with every student to help them set goals and celebrate achieved goals. PBIS strategies are used throughout the school, including a room where students can calm down with an adult and reflect on their choices, preparing to return to the classroom in a positive and efficient manner. An SEL committee was established to provide daily lessons for the first 15 days of school to help students return to school after COVID in a positive way.

**Rationale for Evidence-based Strategy:** PBIS strategies and interventions help increase student engagement and success. The reason for choosing this is that when students find success and engagement at school, they are highly more likely to come to school regularly.

**Action Steps to Implement**

Implementation of 7 Mindsets (lessons, monthly student recognition, phone calls home, etc.)

**Person Responsible** Carolyn Ayers (carolyn.ayers@myoneclay.net)

Provide SEL lessons in the classroom.

**Person Responsible** April Senters (april.senters@myoneclay.net)

Set and celebrate goals with students.

**Person Responsible** Kristi Mineo (kristi.mineo@myoneclay.net)

**#3. Instructional Practice specifically relating to Student Engagement**

**Area of Focus Description and Rationale:** Student engagement is critical as we have over 100 students enrolled in One Clay Online. This is also critical for our students in brick and mortar. Student engagement is key to learning gains and proficiency. EWS indicators show engagement to be an area of concern based on attendance and behavior.

**Measurable Outcome:** Improved state test scores and teacher administered assessments will demonstrate improved student engagement.

**Person responsible for monitoring outcome:** Carolyn Ayers (carolyn.ayers@myoneclay.net)

**Evidence-based Strategy:** The technology lead at Doctors Inlet will provide up to date online resources, trainings, and tools to keep students engaged in online classrooms. Professional Learning Communities will be offered to provide support in student engagement.

**Rationale for Evidence-based Strategy:** This was chosen based on EWS indicators and the need for online learning due to COVID 19. Whether in brick and mortar or online, the use of up to date resources and technology is key in increasing student engagement.

**Action Steps to Implement**

Provide online resources, trainings, and tools to increase student engagement.

**Person Responsible** Lauren Paine (ldpaine@oneclay.net)

Offer PLCs to support student engagement.

**Person Responsible** Kristi Mineo (kristi.mineo@myoneclay.net)

**Additional Schoolwide Improvement Priorities**

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

**In order to increase math learning gains in our lowest quartile, students will receive small group instruction and regular individualized instruction through online iReady lessons.**

**Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

A weekly newsletter is sent to all parents and guardians highlighting activities within the school, photos, and upcoming events. Staff receive a weekly newsletter via email with updates and staff recognition. Students are recognized for positive behaviors aligned with the 7 Mindsets with a phone call placed to parents or guardians. Monthly student recognition for students recognized from each classroom who demonstrate the monthly trait aligned with The 7 Mindsets. SAC meets regularly to discuss school plans. PBIS team meets monthly and members communicate information to relative stakeholder groups.

#### **Parent Family and Engagement Plan (PFEP) Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

### **Part V: Budget**

**The approved budget does not reflect any amendments submitted for this project.**

1	III.A.	Areas of Focus: Instructional Practice: ELA	\$0.00
2	III.A.	Areas of Focus: Culture & Environment: Social Emotional Learning	\$0.00
3	III.A.	Areas of Focus: Instructional Practice: Student Engagement	\$0.00
<b>Total:</b>			<b>\$0.00</b>
