School Board Approval

This plan is pending approval by the Clay County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission is to increase the academic achievement of all students. Lake Asbury Elementary, working collaboratively with all stakeholders, will provide a public education experience that is motivating, challenging, and rewarding for all children. Our teachers will provide rigorous and relevant learning opportunities for each child to experience academic success within a safe and inviting environment.

Provide the school's vision statement.

Lake Asbury Elementary School exists to prepare life-long learners for personal success in a global and a diverse society.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Outman, Tiffany	Principal	<p>Ensure compliance with established rules, and laws in the daily operation of the school. Develop and foster good public relations, efficient school volunteer/partnership programs, effective conferencing and communications with parents, students, and teachers. Coordinate and monitor the curricular program of the school to maximize student learning; conduct faculty/staff meetings as needed to meet student instructional needs; implement the Sunshine State Standards. Coordinate school advisory council activities and implement a school improvement plan. Coordinate efficient utilization of school facilities and insure proper security, maintenance and cleanliness of the campus. Be responsible for the timely and accurate submission of all required school records/reports and the accurate entry of information into the district database. Provide leadership by participating in professional development activities and encouraging the professional development of instructional support and administrative staff including training to accurately report FTE participation, student performance, teacher appraisal, school safety, and discipline data. Be responsible for effective business management operations, the development of a school budget and efficient cost accounting. Maintain standards of appropriate student conduct through fair and equitable enforcement of the Clay County Public Schools Code of Student Conduct. Be responsible for faithfully and effectively implementing school/district personnel procedures including: interviewing, hiring, evaluating school staff and coordinating the Teacher Induction Program, and administering master contracts. Coordinate supervision of extra-curricular activities and duty assignments. Provide a safe learning environment through preparation and implementation of emergency evacuation plans, fire drills, etc.. Be responsible for implementing programs designed to meet the needs of special student populations (Ex. ESE, Title I, Dropout Prevention, etc.). Assure that the school meets all State and Southern Association of Schools and Colleges accreditation standards. Be responsible for proper receipt and accounting of all school board property and maintaining an accurate property inventory. Provide for the purchase of appropriate textbooks, equipment and other instructional materials necessary to meet the needs of the students. Serve on district wide committees when requested. Be responsible for the development and implementation of a school technology plan. Be responsible for the performance of all personnel employed by the School Board and assigned to the school site. Provide for the development of an individual Teacher Training Plan for each teacher assigned to school. Provide leadership for the implementation of the Florida Code of Ethics and Principles of Professional Conduct. Provide leadership in the implementation of the Sunshine State Standards, Florida Standards Assessments, End-of-Course exams, and other tests designed and adopted to measure student achievement. Communicate effectively, both orally and in writing, with parents, staff, students and community. Maintain visibility and accessibility on the school campus. Serve as coach/mentor to Assistant Principals, new Principals or others who are preparing for School Principal certification. Provide leadership for all stakeholders in the development of school beliefs, vision, mission, and goals and align them with the district mission, school improvement, and curriculum. Perform other duties as assigned by the Superintendent consistent with the goals and objectives of the position.</p>
McIver, Melanie	Assistant Principal	Maintain facilities and monitor student progress.

Name	Title	Job Duties and Responsibilities
Love, Angela	Teacher, K-12	Facilitate student learning and monitor student progress.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The lowest performing area is our ELA LQ. However, we increased from 35% to 43% in 2019. Contributing factors include teachers knowledge and ability to implement small group instruction targeting lower performers, implementation of a new curriculum mid-year, lack of teacher conferencing with scholars.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The area of greatest decline is Math LQ mainly in 5th grade. 2019 was our first year of implementation of Eureka Math. In addition to implementing a new curriculum, teachers also had to learn how to implement small groups targeting lower quartile/lower performing scholars.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Our ELA LQ had the greatest gap compared to the state average.

Which data component showed the most improvement? What new actions did your school take in this area?

We showed an increase in ELA achievement and overall gains. We used SIPPs, Making Meaning and LAFS with fidelity and began professional development in the area of small groups.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Our area of concern surround the lower quartile student learning gains and overall growth in both ELA and Mathematics.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Priority 1 is to increase lower quartile learning gains in the areas of reading and writing (ELA).
2. Priority 2 is to increase lower quartile learning gains in the areas of mathematics.
- 3.
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus
Description and Rationale: One area of focus this school year is to increase learning gains with our lower quartile students in ELA. Our lower quartile learners did not show adequate growth in ELA compared to other students in their respective grade levels.

Measurable Outcome: LAE plans to achieve an increase of 5 percentage points with these scholars in the lower quartile for ELA

Person responsible for monitoring outcome: Tiffany Outman (tiffany.outman@myoneclay.net)

Evidence-based Strategy: The evidence based strategies that we will implement are the use of small group instruction and remediation, as well as the use of effective, district adopted materials which includes LAFS, SIPPs, iReady and Achieve 3000.

Rationale for Evidence-based Strategy: With increased rigor and the implementation of grade level appropriate materials our students will show improvement in the area of ELA. The resources that we will implement are the skill set of highly effective teachers in addition to the use of district adopted materials which include LAFS, SIPPS, iReady and Achieve 3000.

Action Steps to Implement

No action steps were entered for this area of focus

#2. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale: Another area of focus this school year is to increase learning gains with our lower quartile scholars in the area of mathematics. Our lower quartile learners did not show adequate growth in mathematics compared to other students in their respective grade levels.

Measurable Outcome: LAE plans to achieve an increase of 5 percentage points with these scholars in the lower quartile for mathematics.

Person responsible for monitoring outcome: Tiffany Outman (tiffany.outman@myoneclay.net)

Evidence-based Strategy: The evidence-based strategies that we will implement are the use of small group instruction and remediation, as well as the use of effective, district adopted materials which include Eureka Math and MAFS.

Rationale for Evidence-based Strategy: With increased rigor and the implementation of grade level appropriate materials our lower quartile students will show improvement in mathematics. The resources that we will implement are the skill set of highly effective teachers in addition to the use of district adopted materials which include Eureka Math and MAFS.

Action Steps to Implement

No action steps were entered for this area of focus

#3. Culture & Environment specifically relating to Social Emotional Learning

Area of Focus Description and Rationale: We will focus on our Social Emotional Learning to reduce the number of discipline referrals for inappropriate conduct or disputes with students/school board employees.

Measurable Outcome: We will reduce the number of referrals by 10%

Person responsible for monitoring outcome: Tiffany Outman (tiffany.outman@myoneclay.net)

Evidence-based Strategy: We will incorporate the 7 Mindset lessons in every classroom and have school wide events or programs to encourage scholars to work hard and be kind always.

Rationale for Evidence-based Strategy:

Action Steps to Implement

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

1. Priority 1 is to increase lower quartile learning gains in the areas of reading and writing (ELA).
2. Priority 2 is to increase lower quartile learning gains in the areas of mathematics.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Our mission is to increase the academic achievement of all students. Lake Asbury Elementary, working collaboratively with all stakeholders, will provide a public education experience that is motivating, challenging, and rewarding for all children. Our teachers will provide rigorous and relevant learning opportunities for each child to experience academic success within a safe and inviting environment.

LAE will utilize the 7 Mindsets Curriculum to continue to build a positive school culture and learning environment.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.
