#### **School Board Approval**

N/A

## **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

- 1. have a school grade of D or F
- 2. have a graduation rate of 67% or lower
- 3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridacims.org">www.floridacims.org</a>.

#### **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

#### **School Board Approval**

N/A

## **SIP Authority**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <a href="https://www.floridaCIMS.org">https://www.floridaCIMS.org</a>.

## **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## **Part I: School Information**

#### School Mission and Vision

#### Provide the school's mission statement.

The mission of HIVE Preparatory School is to collaborate with stakeholders in creating a Highly Inquisitive Versatile Education that will facilitate a student-centered, adaptable learning environment. The School will provide students with a rigorous academic and social preparation that will promote dignity, courtesy, discipline, responsibility, and high expectations in order to achieve high academic standards and become productive citizens.

#### Provide the school's vision statement.

HIVE Preparatory School establishes the following goals in achieving its vision:

- 1.Create a safe, nurturing academic environment where all students will achieve high academic standards and professionals are empowered to embrace accountability.
- 2.Ensure students are exposed to a broad swath of cultural and academic experiences as preparation for success in a global economy.
- 3. Furnish adequate resources to achieve the School's mission including the recruitment and retention of highly qualified teachers and motivated staff.
- 4.Deliver an instructional system that will be tailored to individual learning styles including; differentiated instructions, active learning, and learning centers.
- 5. Serve students with disabilities according to their IEP.
- 6. Provide a flexible and versatile approach that will ensure continuous improvement of all learners.
- 7. Maintain an effective level of parental involvement.

## School Leadership Team

#### Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

| Name                   | Title                  | Job Duties and Responsibilities  |
|------------------------|------------------------|--|
| Gonzalez,<br>Carlos    | Principal              | Contribute to the school improvement process with an emphasis on math and science.       |
| Zequeira,<br>Jennifer  | Assistant<br>Principal | Contribute to the school improvement process with an emphasis on ELA.                    |
| Bonilla, Sergio        | Assistant<br>Principal | Contribute to the school improvement process with an emphasis on ESOL and middle school. |
| Gonzalez,<br>Alejandra | Teacher,<br>ESE        | Contribute to the school improvement plan process with an emphasis on special education. |

#### **Demographic Information**

## Principal start date

Monday 8/10/2009, Carlos Gonzalez

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

36

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.

7

Total number of teacher positions allocated to the school

## **Analysis**

#### **Data Reflection**

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

SWD students scored a 41% proficiency in English Language Arts. This group of students have been identified as struggling learners and are already receiving multiple levels of support. An adjustment to the quality of support was made last year and showed an increase of 20 percentage points. However, this subgroup has consistently under performed when compared to other subgroups.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

ELA lowest 25th percentile students decreased in proficiency from 65% to 62%. Intensive reading classes were scheduled back to back which led to a "dragging" feeling, according to the classroom teachers. Keeping the kids engaged for such long times proved to be difficult.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

HIVE Prep outperformed the State in every category. Thus, the component that outperformed the State the least was ELA Lowest 25th Percentile. As mentioned within part b, adjusting the schedules and/or the classroom structures in a way that support student engagement will be the priority.

Which data component showed the most improvement? What new actions did your school take in this area?

Math Lowest 25th Percentile showed the most improvement. Middle school intensive math was made mandatory for all students scoring a level 1 or 2 in the prior year's FSA. Elementary intervention groups placed a focus on math scores sooner than in previous years.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

An area of concern is course failure in ELA and Math.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

- 1. SWD ELA scores
- 2. ELA Lowest 25th Percentile

## Part III: Planning for Improvement

#### Areas of Focus:

## #1. Instructional Practice specifically relating to ELA

Area of

and

**Focus Description**  The area of focus are ELA scores for SWD students and the lowest 25%. This subgroup has consistently been the lowest performing group in the school. While scores improved dramatically from 2018-2019, they were still significantly lower than any other subgroup.

Rationale:

Measurable Outcome:

Increase ELA proficiency for the SWD subgroup by 5 percentage points, from 41% to 46%. In addition, increase the ELA Proficiency of the lowest 25% 5 percentage points as well, from 62% to 67%.

monitoring outcome:

Evidence-

based Individualize the curriculum of interventions.

Strategy:

Rationale for

Evidence-

based

Currently, interventions focus on subgroup deficiencies. This year, the school will increase the number of individuals involved in interventions so that the SWD students can receive instruction directly related to his/her needs. i-Ready intervention software will be used to determine the needs and multiple classroom resources (core, i-Ready, etc.) will be utilized

Strategy:

to instruct.

#### **Action Steps to Implement**

- 1. Identify individual needs via i-Ready diagnostics
- 2. Group student according to exact deficiencies
- 3. Implement intervention program
- 4. Review student progress (bi-weekly, mid-year diagnostics)
- 5. Adjust as needed

## Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

The school leadership team will maintain a close relationship with teachers to ensure that there is rigor in the classroom instruction. Grade level meetings will be held to discuss classroom data and students who may be showing areas of concern. Teachers will continue to support struggling students with interventions and small groups.

## **Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

See PFEP.

#### Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

## Part V: Budget

## The approved budget does not reflect any amendments submitted for this project.
