Year	
Support Tier	
ESSA Status	N/A
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

N/A

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

At MCCS (Miami Community Charter School), our faculty is committed to empowering our students through mentorship to be held accountable by teaching them to embrace responsibility, demonstrate mutual respect, and engage in open communication. Our continuous collaboration of all stakeholders will provide a safe and nurturing environment which promotes students' social-emotional and academic growth. Students will feel secure in embracing new challenges by identifying their individual strengths, motivating them through goals, and celebrating their victories. Through our endeavors and dedication to community service, our students will achieve their full potential and become productive members of society.

Provide the school's vision statement.

As life long learners, MCCS students will take ownership to transform obstacles into opportunities for a better community.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Papili, Stephany	Principal	
Marquez, Abinel	School Counselor	
Rieumont, Mildrelis	Assistant Principal	
Marquez, Abinel	Teacher, K-12	
Rodriguez, Lianet	Teacher, K-12	
Saavedra, Ruben	Teacher, K-12	
Lindsay, Novelette	Dean	
Qureshi, Wajida	Teacher, K-12	
Johnson, Brenda	Assistant Principal	
Mejia, Raquel	Teacher, ESE	

Demographic Information

Principal start date

Monday 9/14/2020, Stephany Papili

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component showing the lowest performance is ELA Proficiency at 44% proficiency. The contributing factors to this is the limited language proficiency and tier 3 vocabulary acquisition.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The data component demonstrating the greatest decline from the prior year is the ELA Low 25 from 59 to 50. The contributing factor is the number of english language learners, due to their limited english proficiency.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data component demonstrating the greatest gap when compared to the state average is Social Studies at a 18 % points difference. The contributing factor is the number of english language learners, due to their limited english proficiency and tier 3 vocabulary acquisition.

Which data component showed the most improvement? What new actions did your school take in this area?

The data demonstrating the most improvement is in the area of Math Learning Gains from 35% to 71%. The school reorganized the teachers assignments, provided intensified instruction, tutoring, and implementation of instructional programs.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

Two potential areas of concerns reflecting on the EWS Data are Previous Year FSA Level 1 and 2 Score in Lang Arts (English) and Previous Year Algebra 1.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. ELA Low 25
2. ELA Proficiency

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA

Area of Focus Description and Rationale: If instruction is increased In ELA/Reading, then students' achievement will improve. The practice of aligning learning to standards also helps to ensure higher level of student Rationale achievement, and guides teachers in the process Rationale of assessment. Teachers follow standards based instruction to ensure that their students meet the demands targeted.

Measurable Outcome: Student achievement in English Language Arts will increase by 5 percentage points to 49%

Person responsible for monitoring outcome: Stephany Papili (spapili@mccsedu.org)

Evidence-based Strategy: Universal Design, Marzano's Taxonomy, and Webb's Depth of Knowledge will continue to be implemented in order to increase the level of rigor in instruction.

Rationale for Evidence-based Strategy: The practice of aligning learning to standards also helps to ensure higher level of student achievement, and guides teachers in the process of assessment. Teachers follow standards based instruction to ensure that their students meet the demands targeted. Marzano's Taxonomy and Webb's Depth of Knowledge are both scales of cognitive demands to align standards with assessments.

Action Steps to Implement

1. Teachers will be provided with professional development opportunities pertaining to rigorous teaching and learning.
2. Implement Achieve 3000 for ongoing progress monitoring in Reading.
3. Ellevation and Imagine Learning in Class for ELL instruction.
4. Ongoing progress monitoring, every 20 days.

Person Responsible Stephany Papili (spapili@mccsedu.org)

#2. Instructional Practice specifically relating to Math

Area of Focus	If instruction is increased in Mathematics (Algebra 1 and Geometry) , then students' achievement will improve.
Description and Rationale:	Aligning learning to standards helps ensure a higher level of student achievement, and guides teachers in the process of assessment, if teachers follow a standard based instructional model to ensure that their students meet the demands of the learning target.
Measurable Outcome:	Student achievement in Mathematics (Algebra 1 and Geometry) will increase by 5 percentage points to 54%. Algebra 1 will increase by 5 percentage points to 43% and Geometry will increase 5 percentage points to 53%.
Person responsible for monitoring outcome:	Stephany Papili (spapili@mccsedu.org)
Evidence-based Strategy:	Universal Design, Marzano's Taxonomy, and Webb's Depth of Knowledge will continue to be implemented in order to increase the level of rigor in instruction.
Rationale for Evidence-based Strategy:	The practice of aligning learning to standards also helps to ensure higher level of student achievement, and guides teachers in the process of assessment. Teachers follow standards based instruction to ensure that their students meet the demands targeted. Marzano's Taxonomy and Webb's Depth of Knowledge are both scales of cognitive demands to align standards with assessments

Action Steps to Implement

1. Ongoing Progress Monitoring for Algebra 1 and Geometry Topic Assessments
2. Implement HRW for Ongoing Progress Monitoring in Geometry
3. Implement Khan Academy for addition differentiated instruction support. Topic Assessments

Person Responsible Stephany Papili (spapili@mccsedu.org)

#3. Instructional Practice specifically relating to Science

Area of Focus Description and Rationale: If instruction is increased in Science (Biology), then students' achievement will improve. Aligning learning to standards helps ensure a higher level of student achievement, and guides teachers in the process of assessment, if teachers follow a standard based instructional model to ensure that their students meet the demands of the learning target.

Measurable Outcome: Student achievement in Science (Biology) will increase by 5 percentage points to 64%

Person responsible for monitoring outcome: Stephany Papili (spapili@mccsedu.org)

Evidence-based Strategy: Universal Design, Marzano's Taxonomy, and Webb's Depth of Knowledge will continue to be implemented in order to increase the level of rigor in instruction.

Rationale for Evidence-based Strategy: The practice of aligning learning to standards also helps to ensure higher level of student achievement, and guides teachers in the process of assessment. Teachers follow standards based instruction to ensure that their students meet the demands targeted. Marzano's Taxonomy and Webb's Depth of Knowledge are both scales of cognitive demands to align standards with assessments

Action Steps to Implement

1. Teachers will be provided with professional development opportunities pertaining to: Rigor, ICADS, ELlevation, Gizmos, CIS (comprehension instructional sequence), CER (claim evidence reason.)
2. Implementation of Edgenuity for ongoing progress monitoring.
3. Implementation of District based monthly assessments for Data Driven Instruction.

Person Responsible Stephany Papili (spapili@mccsedu.org)

#4. Instructional Practice specifically relating to Social Studies

Area of Focus Description and Rationale:	If instruction is increased in Social Studies (U.S.History), then students' achievement will improve. Aligning learning to standards helps ensure a higher level of student achievement, and guides teachers in the process of assessment, if teachers follow a standard based instructional model to ensure that their students meet the demands of the learning target.
Measurable Outcome:	Student achievement in Social Studies (U.S. History) will increase by 5 percentage points to 60%.
Person responsible for monitoring outcome:	Stephany Papili (spapili@mccsedu.org)
Evidence-based Strategy:	Universal Design, Marzano's Taxonomy, and Webb's Depth of Knowledge will continue to be implemented in order to increase the level of rigor in instruction.
Rationale for Evidence-based Strategy:	The practice of aligning learning to standards also helps to ensure higher level of student achievement, and guides teachers in the process of assessment. Teachers follow standards based instruction to ensure that their students meet the demands targeted. Marzano's Taxonomy and Webb's Depth of Knowledge are both scales of cognitive demands to align standards with assessments.

Action Steps to Implement

1. Teachers will be provided with professional development opportunities pertaining to: Rigor, unpacking the standards, and ELLevation.
2. Implementation of Topic Assessments, and Unit Tests for ongoing progress monitoring.

Person Responsible Stephany Papili (spapili@mccsedu.org)

#5. Instructional Practice specifically relating to Graduation

Area of Focus Description and Rationale: If graduation rates increase, then students exhibiting two or more early warning indicators will decrease. Aligning graduation requirements to ensure a higher level of graduation rate and college acceptance.

Measurable Outcome: Graduation rate will sustain at 90%.

Person responsible for monitoring outcome: Stephany Papili (spapili@mccsedu.org)

Evidence-based Strategy:

Rationale for Evidence-based Strategy:

Action Steps to Implement

1. One on one meetings with guidance counselor minimum once per quarter to review credit history. 2. Parent meetings to review credit history and graduation requirements .
3. Ongoing class grades monitoring and guidance.
4. College and Career Fair for College Applications and requirements .

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

The school academic leadership team (ALT) meets periodically including weekly PLCs with the department teams to review and analyze data driven instruction towards effective differentiated instruction/lesson planning and best practices.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Principal:

Principal facilitates the implementation of a common vision at our school. This includes the use of data based decision-making, ensuring that the school-based team is implementing MTSS

Additional Title I Requirements

This section must be completed if the school is implementing a Title I, Part A schoolwide program and opts to use the Pilot SIP to satisfy the requirements of the schoolwide program plan, as outlined in the Every Student Succeeds Act, Public Law No. 114-95, § 1114(b). This section is not required for non-Title I schools.

Dade - 7058 - Miami Community Charter High School - 2019-20 SIP

appropriately in consideration of the diverse needs of our student population, conducts assessment of MTSS skills of school staff with appropriate recommendations for professional development as necessary, ensures implementation of interventions as support tools, and communicates with parents school-based decision-making and the development of plans affecting our community of students.

Administration (Vice Principal):

Administration team ensures the fidelity of the RtI implementation through a process of problem solving as issues and concerns arise through an ongoing, systematic examination of available data with the goal of impacting student achievement, school safety, school culture, literacy, attendance, student social/emotional well-being, and prevention of student failure through early intervention.

Select General Education Teachers:

Our general education staff provides information about core instruction, encourage active participation, and monitor the process during both the collection of student data and subsequent disaggregation sessions. Additionally they play a major part in the delivery of interventions to our Tier 1 population. Working in collaboration with support staff and administration, our teachers design, develop, and deliver Tier 2 interventions. Teacher led tutorials integrate Tier 1 materials and teaching in addition to Tier 2 and Tier 3 instruction with accompanying lessons and activities tailors these sessions in ways that meet and complement our diverse population of students and their needs.

Instructional Leaders

Instructional leaders will implement, lead, and evaluate school core content programs. They will identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. They will identify systematic patterns of student needs and identify appropriate, evidence-based intervention strategies.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA				\$131,729.00
Function	Object	Budget Focus	Funding Source	FTE	2020-21
