Demographics

Principal: Karen Pitts

Start Date for this Principal: 10/14/2020

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Combination School PK-8
Primary Service Type (per MSID File)	K-12 General Education
2019-20 Title I School	Yes
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	98%
2019-20 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Students With Disabilities* White Students Economically Disadvantaged Students
School Grades History	2018-19: B (60%) 2017-18: B (55%) 2016-17: B (58%) 2015-16: B (58%)
2019-20 School Improvement (SI) Information*	
SI Region	Northwest
Regional Executive Director	Rachel Heide
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	TS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the Calhoun County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Carr School is provide a safe, caring, stimulating, and student centered environment so each student may become a productive citizen.

Provide the school's vision statement.

The vision of Carr School is to create a place where rich heritage and expanding opportunities for the future enable our students to prepare for life. We strive to create a place that believes:

- * learning never stops.
- * high expectations and challenging curriculum lead to greater achievements.
- * community/parental involvement is essential for successful schools.
- * outstanding, highly qualified and dedicated personnel are critical to success.
- * students' need drive decisions.
- * students should be taught that everyone is responsible for his or her own actions.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Pitts, Karen	Principal	
Shelton, Stephanie	School Counselor	
O'Bryan, Lisa	Teacher, ESE	
Hammitt, Georgia	Teacher, K-12	

Demographic Information

Principal start date

Wednesday 10/14/2020, Karen Pitts

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

6

Total number of teacher positions allocated to the school

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data component with the lowest performance was the Lowest 25th percentile in math. However, it did increase from 31% in 2018 to 48% in 2019.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The Social Studies Component had the greatest decline. Social Studies went from 77% in 2018 to 71% in 2019. There were instructional inconsistencies due to unforeseen circumstances. Hurricane Michael attributed to the decline in this particular cell.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The Social Studies Component and the Science Component had the greatest decline. Both of these components were 7% below the state average. There were instructional inconsistencies due to unforeseen circumstances. Hurricane Michael attributed also contributed to the decline in this particular cell.

Which data component showed the most improvement? What new actions did your school take in this area?

The data component with the greatest gain was the Math Learning Gains Component. The Math Learning Gains Component went from 47% in 2018 to 69% in 2019. The implementation of small group instruction in the classroom as well as providing tutoring before and after school contributed to this gain.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

School wide attendance is an area of concern. If students are not here to receive instruction they will not experience growth. Many of our most struggling students are often absent or tardy. We need to continue to work with families to ensure children are here and on time as well as adjust and monitor our attendance plan.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Students with Disabilities
2. Math Lowest 25th Percentile
3. Science
4. Third Grade ELA Scores 2021
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to Math

Area of Focus Description and Rationale:	Our current level of performance is 48% in the Math Lowest 25th Percentile Component, as evidenced by the 2019 FSA Scores. As a result we were 4% below the state average. During the 2020-2021 school year the Math Lowest 25th Percentile Component will increase by 10% from 48% to 58%.
Measurable Outcome:	The percent of all students in the Lowest 25th percentile will increase by 10% on the Spring 2021 FSA Math Assessment.
Person responsible for monitoring outcome:	Karen Pitts (karen.pitts@calhounflschools.org)
Evidence-based Strategy:	<ul style="list-style-type: none"> • Collaboratively plan with classroom teachers for grade level, student centered complex tasks, deliberately planned with a trajectory of rigor and challenge, utilizing appropriate ESE strategies including: higher level questioning and explicit vocabulary instruction • Progress Monitor using iReady and STAR Math to ensure the use of appropriate curriculum and supportive strategies are being implemented to meet the needs of students. • Implement a process for placing students requiring ESE services in master schedules first in order to optimize service delivery, focusing on a clustering process to meet student needs. • Provide opportunities for ESE and general education teachers to co-plan for differentiated instruction and support delivery of services.
Rationale for Evidence-based Strategy:	Collaboration among teachers and administration discussing progress monitoring data increases accountability among both groups. After reviewing progress monitoring data both parties can give input on how to shift instruction to best meet the needs of the students.

Action Steps to Implement

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

As our school prepares for both online and brick and mortar learning, we will focus more than ever on strengthening relations with students and families.

We will do that by the following:

Collaboration - Families and community organization are vital to student success. Authentic teamwork by both parties is critical. Teachers will share data and resources to support student learning in and out of the classroom via ParentSquare, notes homes, phone calls, emails, school website, and Google Classroom.

Cooperation - Schools and families working together to provide the best education possible for students.

Communication - Sharing information and being transparent is critical. We plan to create a meaningful system for all voices to be heard and incorporate their feedback into the decision-making process by providing them with regular opportunities to share feedback and concerns via surveys, virtual parent conferences, and ParentSquare .

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Parental involvement is the key to student success. The faculty and staff at CARR School are committed to family and community engagement. CARR strives each year to collaborate with parents and community members in an effort to educate, empower, and support families to enable them to effectively reinforce learning at home with their child. Although this year will be quite different in terms of family engagement at the school level we will continue to encourage our students and families to set goals in order to receive AR incentives, iReady incentives, SPIRE incentives, and Attendance and Honor Roll recognition. Parents were given Parental Involvement calendars at the beginning of the school year with details of important dates and information included. Parents were also provided with steps as to how to check grades using the FOCUS parent portal, how to sign up for Accelerated Reader emails, and how to access information on the CARR School website. Parent Square log in information was also given out to keep parents actively engaged in their child's education.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: Math	\$0.00
Total:			\$0.00
