Demographics

Principal: Craig Davis

Start Date for this Principal: 6/19/2010

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Combination School KG-12
Primary Service Type (per MSID File)	Special Education
2019-20 Title I School	No
2019-20 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2019-20 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	
School Grades History	2018-19: No Grade 2017-18: No Grade 2016-17: No Grade 2015-16: No Grade
2019-20 School Improvement (SI) Information*	
SI Region	Northeast
Regional Executive Director	Cassandra Brusca
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	CS&I
* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, click here .	

School Board Approval

This plan is pending approval by the St. Johns County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

School Board Approval

This plan is pending approval by the St. Johns County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

The Transition School is a therapeutic day school designed to serve ESE students enrolled in grades K-12, up to 22 years of age. These students have been unsuccessful in a behavior unit and require additional behavioral support for success.

Provide the school's vision statement.

It is the goal of the Transition School to assist students in their social and emotional behaviors through intensive mental health counseling, psychiatric care, case management services and individualized academic instruction to enable them to make adequate progress and ultimately return to their home-zoned school.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
McMahon, Patricia	Principal	
Davis, Craig	Assistant Principal	
Rule, Kristopher	Teacher, ESE	

Demographic Information

Principal start date

Saturday 6/19/2010, Craig Davis

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

Total number of teacher positions allocated to the school

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Specific data is not available for the Transition School due to the small class size and the transitory nature of the school. The school has kept a "maintaining" school improvement rating for the last 2 years. Comparing other available data, i.e. iReady, we can tell that the majority of students are 1 or more years behind grade level in both reading and math.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Specific data is not available.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Specific data is not available.

Which data component showed the most improvement? What new actions did your school take in this area?

Specific data is not available

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

When considering EWS data the 2 areas of concern are attendance, with almost 21% absent more than 10% of instructional time, and the % of students on FSA at level 1, and those assessing at 1 or more years behind grade level according to iReady. and FSA.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Attendance
2. Parent Involvement
3. Academic Achievement
4. Mental Health needs
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1. Culture & Environment specifically relating to Student Attendance

Area of Focus Description and Rationale: According to the school EWS data almost 21% of students in the Transition School are absent for more than 10% of classroom instruction. Regular student attendance is of paramount importance when trying to assist students with not only achievement

Measurable Outcome: The Transition School will improve student attendance by 5% during the 2020-2021 school year as seen in the state EWS database.

Person responsible for monitoring outcome: Patricia McMahon (patricia.mcmahon@stjohns.k12.fl.us)

Evidence-based Strategy: Attendance will be monitored daily by school personnel, parents of absent students will be contacted daily.

Rationale for Evidence-based Strategy: Monitoring attendance daily will enable the school to determine underlying causes of student absences, open communication with parents regarding those absences and impress on students the importance of attending school regularly.

Action Steps to Implement

Teachers will schedule quarterly parent conferences and log them (teaching staff)
 Clinic days/parent conferences will tracked. (Back office secretary)
 Daily phone calls to all absent students will be made (secretary, teaching/paraprofessional staff)
 District truancy resources will be utilized. (guidance counsleor)

Person Responsible [no one identified]

#2. Culture & Environment specifically relating to Parent Involvement

Area of Focus Description and Rationale: Increased parental involvement at the school level will have a more positive effect on student grades, attendance, behavior and program success, thereby increasing the number of students returning to the home-zoned schools.

Measurable Outcome: The number of conferences/meetings with parental involvement will increase by 5%. Resource library will be maintained to share with parents.

Person responsible for monitoring outcome: [no one identified]

Evidence-based Strategy: Quarterly parent conferences will be planned and tracked to increase parent involvement with the Transition students. During each conference parenting, community and District resources will be reviewed to ensure parents are updated on these resources..

Rationale for Evidence-based Strategy: Higher level of parent involvement should increase student attendance and achievement and lessen negative behaviors.

Action Steps to Implement

Quarterly parent conferences will be scheduled. Conferences will be tracked through sign in sheets.(staff)
 Resource library will be maintained for parents use. (Admin)
 Clinic days/conferences will be logged. (Back office secretary)
 Parenting classes will be offered. (Behavior Specialist).

Person Responsible Craig Davis (craig.davis@stjohns.k12.fl.us)

Community, district and state resources (SEDNET, CARD, Assist, etc), will be updated and reviewed with each parent quarterly to determine needs.

Person Responsible Patricia McMahon (patricia.mcmahon@stjohns.k12.fl.us)

#3. -- Select below -- specifically relating to

Evidence-based Strategy:

Rationale for Evidence-based Strategy:

Action Steps to Implement

No action steps were entered for this area of focus

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

Despite the transitory nature of these students and the extreme mental health needs, the school will continue to provide appropriate academic services to the students at the Transition School in an effort to close the achievement gap by providing compensatory, basic skills curriculum.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

The culture of the Transition School is already reflects a positive environment. To maintain and continue to improve the school culture the school will further facilitate the "open door" policy allowing parents access to teachers, counselors and administrators and fostering open communication with those parents.

Positive communication and celebrations, a unified PLC and open sharing of solutions to problem solving sessions all contribute to the positive environment.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
