### School Board Approval

This plan is pending approval by the Manatee County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### School Board Approval

This plan is pending approval by the Manatee County School Board.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### **Provide the school's mission statement.**

The mission of Access to Education is to provide positive educational experiences that lead to a purposeful and fulfilling quality of life.

All students who attend Access to Education are students in need of a small and intensive learning environment. Before a student enrolls, a meeting is held with the IEP team to review current data and gather input from those individuals who can speak to the student's current level of performance and need. The IEP team reviews the data and determines if the student would benefit from a small and intensively supported learning environment. The Access to Education site administrator is an integral participant when there is conversation of a student potentially attending Access to Education.

Once the IEP team has reviewed the data and determined the student would benefit from the small and intensive learning environment, available information is provided to the receiving teacher. The receiving teacher has the ability to review the current IEP, Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP). Parents are invited to tour the campus, prior to the student's first day to ensure parents have an opportunity to meet faculty who will be working with the student.

Parents are provided daily communication which highlight the student's instructional, communication, behavioral, independent functioning activities, as well as health care and personal hygiene needs. The daily communication also notes student's performance toward mastery of IEP goals and objectives.

Access to Education maintains a diverse culture with respect to its students, staff, and cultural knowledge. Diverse activities are embraced and encouraged for all students.

#### **Provide the school's vision statement.**

Access to Education will be a recognized site for exceptional student education services to students with significant disabilities.

- Student achievement is our primary focus and our educational environments convey the commitment to instruction and safety.
- All staff will be united as a team promoting mutual respect, personal dignity, professional development, and shared learning to meet the needs of our students, and their families.
- Access to Education staff will be provided with the necessary training to facilitate successful learning.
- Families will be provided individual support, training and meaningful opportunities to be active participants in their child's education.
- Each student's learning activities will be individualized, motivating, reflective of IEP goals and objectives, and connect to the Access Points curriculum.
- Positive reinforcement will be a vital component of the program.

Due to the significant needs of the students who attend Access to Education all students are monitored continuously. Students are in the presence of and actively supervised by an Access to Education team member while on campus. All students are escorted by staff members during student arrival and dismissal. Students are directly monitored and supervised by Access to Education staff members to ensure student safety.

There is a campus crisis response team and all members of the team are Professional Crisis Management (PCM) trained. New staff members are trained according to training sessions provided by

the Manatee County School District. There is a School Resource Officer (SRO) on campus. Entrances and exits to Access to Education are secured, at all times.

Access to Education is in its eighth year, providing educational programming to students who benefit from a small and intensely supported environment. Access to Education serves, primarily, middle and high school aged students. Access to Education implements principles of behavior analysis, positive behavior reinforcement, uses person first language, and protects and respects the dignity of all students of Access to Education. Access to Education staff regularly discuss the specific needs of individual students in all areas of need - communication, academic instruction, behavior, independent function, and health care. Parents are actively involved and engaged in determining the most appropriate implementation of interventions, strategies, and supports needed by the individual student. Communication, behavioral, academic instruction, and independent functioning strategies and interventions are incorporated throughout the students day and in all student environments.

Classroom environments incorporate visual schedules, predictable routines, sensory elements, and highly structured procedures to ensure students are familiar with the expectations for each instructional setting. Behavior Specialist and other district level support is utilized on a continual basis. Referrals and information related to outside agencies are provided to families as needed.

## **School Leadership Team**

### **Membership**

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Allen, Chad	Principal -	<p>Provides oversight at the district level. Approves funding for requested supplies. Apprises staff about new policies and procedures relevant to exceptional student education. Hires personnel. Completes teacher evaluations. Completes all necessary state and district reports.</p>
	Site Administrator -	<p>Provides classroom management and curriculum support. Provides parents/guardians information regarding resources related to SSI, Med-Waiver, and Agency for Persons with Disabilities. Is a liaison for families, students, and staff with the school district. Prepares payroll, provides support for behavior interventions based on individual student data. Organize and facilitate training to increase efficacy for student needs and knowledge of instructional strategies. Complete all necessary state and district reports, review student data portfolios. Ensure progress monitoring is conducted on a continual and on-going basis. Conducts faculty meetings, faculty training, facilitate test coordination at the district and state level. Coordinate information related to therapies for school, district, and state based purposes. Coordinate with district administration as to needs of those students and staff with Access to Education - transportation, construction, professional development, school improvement, food service and Exceptional Student Education (ESE) departments. Coordinate with school based administration for requests and completion of work orders. Order supplies and coordinate support services with school based custodial, food service, and building personnel. Provide necessary information to registrar to maintain compliance for district and state audit. Maintain ESE records to ensure compliance and district and state requirements. Coordinate parent engagement sessions to provide the most up to date information and available resources to families.</p>
	Exceptional Student Education (ESE) Teachers -	<p>Maintain classroom management systems. Implement appropriate instructional strategies to meet the educational needs of students. Differentiate instructional, behavioral, communication, and sensory strategies based on the individual needs of the student. Maintain data and other documentation to</p>

Name	Title	Job Duties and Responsibilities
		<p>demonstrate implementation of strategies. Develops IEPs with input from all members of the IEP team. Provides information regarding student progress, grades, data, and goals to parents other service providers and site administrator. Develops and implements necessary and appropriate data collection methods and progress monitoring tools to maintain compliance with IEPs, district, and state requirements. Assists with all student needs relevant to the students communication, behavioral, instructional, independent functioning, and health care (as appropriate).</p> <p>Paraprofessionals -</p> <p>Work side by side ESE teacher to support instructional, communication, behavioral, independent functioning, and health care needs. Integral to the care of students' personal hygiene needs and safety.</p> <p>Therapists -</p> <p>Physical therapist, occupational therapist, vision therapist, deaf and hard of hearing therapist, speech and language therapist, orientation and mobility therapist - provide individualized therapeutic support as indicated in the student's IEP. Active members of the IEP team for individual students, as appropriate. Conduct evaluations to ensure students' needs are appropriately addressed.</p> <p>School Nurse -</p> <p>Provides skilled and specialized nursing care/services and supports, as necessary and appropriate, based on individual student need and medical status.</p>

Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	2

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

Due to the students' severe mental and physical disabilities, all students, including economically disadvantaged and white students, have medical issues which result in their low performance on the FSAA.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

Due to the students' severe mental and physical disabilities, all students, including economically disadvantaged and white students, have medical issues which result in their low performance on the FSAA.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

Due to the students' severe mental and physical disabilities, all students, including economically disadvantaged and white students have medical issues which result in their low performance on the FSAA.

**Which data component showed the most improvement? What new actions did your school take in this area?**

Due to the students' severe mental and physical disabilities, all students, including economically disadvantaged and white students, have medical issues which result in their low performance on the FSAA.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?**

Our goal is to improve students gains toward goals of meeting FSAA proficiency.

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Have students meet gains toward goals in FSAA
- 2.
- 3.
- 4.
- 5.

## Part III: Planning for Improvement

### Areas of Focus:

#### #1. Culture & Environment specifically relating to Student Attendance

**Area of Focus Description and Rationale:** Student attendance and their access to educational programming is a critical component to increasing student learning gains, performance, and proficiency, as measured by classroom performance and FSAA and EOC exams.

**Measurable Outcome:** Based on enrollment of 45 full-time enrolled students, increase total number of students with attendance rate of 90% or above, by 4% (2 students), when compared with 2019-2020 attendance rate.

**Person responsible for monitoring outcome:** Chad Allen (allenc@manateeschools.net)

**Evidence-based Strategy:** Teachers will maintain contact with families regarding student attendance. If a student is reported as unexcused absence within the course of an instructional week, site administration will contact family to offer assistance and support. Monthly attendance reports, by classroom will be shared with classroom based faculty and staff. Overall attendance reports will be shared with SAC members, during monthly meetings. District level support, via school social worker will be utilized, as needed.

**Rationale for Evidence-based Strategy:** Without students in the classroom, teachers are not able to help them meet their goals.

#### Action Steps to Implement

Teachers will maintain contact with families regarding student attendance. If a student is reported as unexcused absence within the course of an instructional week, site administration will contact family to offer assistance and support. School administration will contact students of poverty and white students with histories of absenteeism to address the lack of success of those two subgroups. Monthly attendance reports, by classroom will be shared with classroom based faculty and staff. Overall attendance reports will be shared with SAC members, during monthly meetings. District level support, via school social worker will be utilized, as needed.

**#2. Other specifically relating to Student Achievement and Learning Gains**

**Area of Focus Description and Rationale:** During the 2020-2021 school year, increase the overall number of students earning a Level 2 or higher on the FSAA ELA, ELA1 EOC, ELA2 EOC, FSAA mathematics, and Alegbra1 EOC, by 1 student, at each grade level assessed, when compared with those assessed during the 2018-2019 school year.

**Measurable Outcome:** Access to Education intends to move additional students closer to proficiency based on the individual performance of students taking FSAA and EOCs.

**Person responsible for monitoring outcome:** Chad Allen (allenc@manateeschools.net)

**Evidence-based Strategy:** Mid-year report to SAC members and stakeholders.

**Rationale for Evidence-based Strategy:** Reporting to the SAC members and stakeholders gives ACCESS to Education the opportunity to review the data and give the staff the opportunity to analyze their data.

**Action Steps to Implement**

Further training and resources will be provided to classroom staff related to academic instruction, behavior support, and communication. Staff will analyze trends on district based assessments to modify instructional strategies within the classroom setting targeting the success of students of poverty and white students, who have historically struggled to meet goals. Staff will analyze student performance related to IEP goals to further inform instructional practice and implementation of instructional strategies. Quarterly data discussions with site administrator to monitor student performance and identify needed resources for classroom instruction. Utilize district level resources, as needed.

### #3. Culture & Environment specifically relating to Parent Involvement

<b>Area of Focus Description and Rationale:</b>	Increased parent engagement and involvement may have a positive impact on student attendance and student achievement. Increased parent engagement and involvement may assist in building a positive sense of community for all Access to Education stakeholders.
<b>Measurable Outcome:</b>	During the course of the 2019-20 school year, 6 parent engagement and involvement activities will be planned, executed, and attended by parents and stakeholders of Access to Education.
<b>Person responsible for monitoring outcome:</b>	Chad Allen (allenc@manateeschools.net)
<b>Evidence-based Strategy:</b>	Mid-Year report and end of year report to include documented activities with evidence of sign in sheets, agendas, and planning.
<b>Rationale for Evidence-based Strategy:</b>	Parent involvement is critical to student achievement. Parents are notified daily about the students accomplishments, and notified of student activities so they support practice at home.

#### Action Steps to Implement

Develop survey to gather parent input for topics of most interest, as well as preferred days and times for activities to be held. Families of low income households and white families that have been historically less engaged will be specifically invited to increase input gathered to determine ways to support their students going forward. Continue with traditional activities of Access to Education (Winter Meal, Spring Fling). Explore non-traditional plans for increasing parent engagement/involvement activities and opportunities.

**Person Responsible** Chad Allen (allenc@manateeschools.net)

#### Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

**Due to the students' severe mental and physical disabilities, all students, including economically disadvantaged and white students, have medical issues which result in their low performance on the FSAA.**

**The Leadership team will provide the staff with support and training to help engage their students in academic endeavors.**

## Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Access to Education staff communicate daily with families via daily communication reports. Families are encouraged to meet with school based administrator and staff. Quarterly Progress Reports are provided at the mid-point of each academic quarter. Report cards and quarterly IEP progress reports provided every nine weeks, to parents and families, which outline student's progress toward mastery of goals and objectives, in the student's Individual Education Plan (IEP). The mission and the vision of our school are communicated through the culture of the school, the staff and the educational opportunities provided to the students.

Staff develop portfolios for students which are shared with the student's family, during the IEP conference and/or whenever a parent wishes to review the documentation. We seek 100% parent attendance/participation in IEP meetings and work with parents to ensure their involvement.

Members of the Access to Education community have continued the tradition of holding an annual holiday luncheon. During the 2018-2019 school year; approximately 125 parents, students, community members, and district staff attended the holiday luncheon. During the 2018-2019 school Access to Education also held a Spring parent event incorporating training opportunities for parents.

During the 2019-2020 school year, the annual holiday luncheon was held with approximately 130 guests and parent engagement events were held throughout the school year. Events focused on agency presentations, day training programs, and information related to establishing guardianship for students approaching their 18th birthday. 2019-2020 school year will focus on furthering parent engagement activities based on survey results from parents and families.

During the 2018-2019 and 2019-2020 school years, monthly newsletters were published which included highlights of upcoming events, classroom news, contact information for all staff, resources for parents from therapists, etc. 2020-2021 effort will be made to provide information in Spanish and establish a website with additional information for parents.

#### **Parent Family and Engagement Plan (PFEP) Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

## **Part V: Budget**

**The approved budget does not reflect any amendments submitted for this project.**

1	III.A.	Areas of Focus: Culture & Environment: Student Attendance	\$0.00
---	--------	---	--------

2	III.A.	Areas of Focus: Other: Student Achievement and Learning Gains	\$0.00
3	III.A.	Areas of Focus: Culture & Environment: Parent Involvement	\$0.00
Total:			\$0.00
