### School Board Approval

This plan is pending approval by the Dade County School Board.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

#### **Provide the school's mission statement.**

At PATH Academy, we provide a positive teaching and learning environment that is fundamental to student achievement. We create a safe orderly school in which teachers can teach and students can learn. Positive student behaviors and school cultures lead to student growth and learning as well as student success by way of high support and expectations. Our positive peer culture celebrates and promotes student empowerment with pro-social behavior, positive peer counseling, and problem solving. Our staff is trained to increase students' overall awareness in each aspect of self-discipline, self-direction, self-respect, and self-esteem.

#### **Provide the school's vision statement.**

PATH Academy seeks to correct and improve the academic and behavioral performance of ALL of our students.

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

#### Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The area of Reading was the lowest area of performance with 10 students, (20%), exhibiting a loss of nine points or less during the iReady Reading AP2 administration during the 2019-2020 school year. We serve an at-risk population of elementary school students who have been removed from their schools due to undesirable, disruptive, disrespectful behavior(s) demonstrated in the classroom towards Teachers and Administrative Staff alike.

#### Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

Last year was our first, or baseline year for creating a SIP; consequently, we do not have measurable data to make the comparison. Assessments during the 2020-2021 school year we allow us to identify any decline.

#### Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

This writer is not aware of the State Average regarding iReady assessment; however, our students have consistently met or surpassed the District's average of 30%, with 30%-70% of our students showing gains in Reading in the iReady assessments.

**Which data component showed the most improvement? What new actions did your school take in this area?**

Last year was our first, or baseline year for creating a SIP; consequently, we do not have measurable data to make the comparison. Assessments during the 2020-2021 school year we allow us to identify any significant improvements.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?**

1. Students with one or more suspensions (Behavior)
2. Students who are Level 1 on ELA statewide assessments

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Improve Reading/ELA Statewide assessment scores
2. Improve Math Statewide assessment scores
3. Improve Student Behavior
- 4.
- 5.

**Areas of Focus:**

**#1. Instructional Practice specifically relating to ELA**

|   |  |
|---|--|
| <b>Area of Focus</b>                              | The area of Reading was the lowest area of performance with 10 students, (20%), exhibiting a loss of nine points or less during the iReady Reading AP2 administration during the 2019-2020 school year.  |
| <b>Description and Rationale:</b>                 |  |
| <b>Measurable Outcome:</b>                        | 90% of students enrolled will increase their performance/Learning Gains in Reading on the iReady AP3 Assessment.   |
| <b>Person responsible for monitoring outcome:</b> | Sabrena Payne (sabrenapayne@dadeschools.net)   |
| <b>Evidence-based Strategy:</b>                   | Review students' performance on assignments/assessments; conduct student data chats; utilize Differentiated Instruction (DI); implement ideas/suggestions of Instructional Coaches via lessons modeled; provide additional assistance/intervention for struggling readers and SWD. |
| <b>Rationale for Evidence-based Strategy:</b>     | To increase student performance and learning gains.  |

**Additional Schoolwide Improvement Priorities**

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

**The Leadership Team will address the area of focus by directing and supporting the ELA Teacher and the Math Teacher, with analyzing student data and performance, conducting student data chats, and utilizing support and modeling of the instructional coaches to facilitate meaningful instruction for our students. The Leadership Team will utilize differentiated instruction (DI) to meet the needs of struggling readers and Students with Disabilities, (SWD). The leadership Team will incentivize student performance and achievement with tangible rewards (gift cards, electronic devices, and food). Finally, the Leadership Team will ensure that small group and targeted support are provided for students who are not proficient in achieving Learning Gains.**

**Part IV: Positive Culture & Environment**

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

At PATH Academy, we provide a positive teaching and learning environment that is fundamental to student achievement. We create a safe orderly school in which teachers can teach and students can learn. Positive student behaviors and school cultures lead to student growth and learning as well as student success by way of high support and expectations. Our positive peer culture celebrates and promotes student empowerment with pro-social behavior, positive peer counseling, and problem solving. Our staff is trained to increase students' overall awareness in each aspect of self-discipline, self-direction, self-respect, and self-esteem. We focus on the TOTAL child, whereby parental contact, influence, and participation are ALL key factors in our endeavor to improve first, the child's behavior , and second, the child's academic performance.

#### **Parent Family and Engagement Plan (PFEP) Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.
