School Board Approval

This plan is pending approval by the Broward County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Teaching the skills for life to open a world of possibilities.

Provide the school's vision statement.

Educating today's students to succeed in tomorrow's world.

School Leadership Team

Membership

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
Gittelman, Julie	Principal	<p>The School Principal will effectively perform the performance responsibilities using the following knowledge, skills and abilities to: provide instructional leadership for all educational programs at the school; prepare and manage the school's budget and manage and inventory the school's assets; to read, interpret, follow and enforce the State Board Rules, Code of Ethics, School Board policies, and other state and federal laws; use effective interview techniques, coaching procedures, and evaluation procedures; enforce collective bargaining agreements; use effective public speaking skills, group dynamics, and interaction and problem solving skills; maintain a sensitivity to multicultural issues; perceive the impact of a decision on other components of the organization; communicate effectively, both orally and in writing, and through use of technology; and analyze and use data. The School Principal will need knowledge of current educational trends and research. Knowledge and understanding of the unique needs and characteristics of school system.</p>
Humphrey, Celeste	Assistant Principal	<p>The Assistant School Principal will effectively execute the performance responsibilities by demonstrating the following knowledge, skills, and abilities to: provide instructional leadership for all educational programs at the school; exhibit the knowledge and practice of current educational trends, research and technology; understand the unique needs, population trends and characteristics of students served in the school; read, interpret and implement the State Board Rules, Code of Ethics, School Board Policies and appropriate state and federal statutes; and coach, supervise and evaluate personnel in accordance with collective bargaining agreements. The Assistant School Principal will need to demonstrate effective communication and interaction skills with all stakeholders, have the ability to use group dynamics within the context of cultural diversity and be knowledgeable of Florida educational reform, accountability and effective school concepts.</p>
Way, Lindsey	Other	<p>The ESE Specialist Field Coach will provide personalized support based on identified needs of individual school based ESE Specialist and differentiated supports that foster the growth and development of school-based ESE Specialists. Also, coaches will work collaboratively, build skills, analyze data, examine needs related to professional practice and engage in peer coaching with school-based ESE Specialists. The position provides consistence in services throughout the District to meet student needs, sustain or improve students achievement through the development of appropriate IEPs, promote a culture of learning to include all stakeholders by enhancing the performance of ESE Specialists and providing targeted coaching while building capacity for ESE Specialists.</p>
Rachel, Tasha	Other	<p>To serve as a support person for students, teachers, staff and parents related to the development, implementation, and monitoring of effective behavior management strategies at school and home to promote student success.</p>

Name	Title	Job Duties and Responsibilities
Dewing, Rachel	Other	To coordinate all aspects of the program for students with autism to ensure high quality services for identified students.
Seeburger, Samantha	Instructional Coach	To serve as a support person for students, teachers, staff and parents related to the development, implementation, and monitoring of effective curriculum strategies at school and home to promote student success.

Analysis

Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

According to Unique Learning System Curriculum Assessment, the data component that showed the lowest student performance is Math. Some contributing factors to this are poor attendance due to

medical issues, and students having a difficult time understanding and mastering abstract concepts due to their disability.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

According to Unique Learning System Curriculum Assessment, the data component that showed the greatest decline from the prior year was student performance in Math. Some contributing factors to this are poor attendance due to medical issues, and students having a difficult time understanding and mastering abstract concepts due to their disability.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

According to Unique Learning System Curriculum Assessment, the data component that showed the greatest gap when compared to the state average is Math. Some contributing factors to this are poor attendance due to medical issues, and students having a difficult time understanding and mastering abstract concepts due to their disability.

Which data component showed the most improvement? What new actions did your school take in this area?

According to the Functional Communication Checklist, communication showed the most improvement. The actions we took to improve communication scores were using a communication based curriculum, having our SLP push in to all classrooms, and focusing on communication across all disciplines.

Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?

After reflecting on EWS data from Part 1 (D), one area of concern we have as a school is students with disabilities.

Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.

1. Improving math FSAA scores
2. Improving ELA FSAA scores
3. Improving communication scores on the Functional Communication Checklist
- 4.
- 5.

Part III: Planning for Improvement

Areas of Focus:

#1. Instructional Practice specifically relating to ELA**Area of Focus
Description and
Rationale:**

The FSAA indicated the need for student achievement in this area.

Measurable Outcome:

By June of 2021, a minimum of 33% of K-12 learners will demonstrate an increase in achievement level on the FSAA ELA Assessment.

**Person responsible for
monitoring outcome:**

Julie Gittelman (julie.gittelman@browardschools.com)

**Evidence-based
Strategy:**

Progress monitoring via the Unique curriculum.

**Rationale for Evidence-
based Strategy:**

The Unique curriculum includes benchmark assessments that are directly correlated to the FSAA Performance Task.

Action Steps to Implement

1. Curriculum Map
2. Benchmark Assessments
3. Professional Development
4. Data Chats
5. Curriculum Assessment Remediation Enrichment Model

Person Responsible

Julie Gittelman (julie.gittelman@browardschools.com)

#2. Instructional Practice specifically relating to Math**Area of Focus
Description and
Rationale:**

The FSAA indicated the need for student achievement in this area.

Measurable Outcome:

By June of 2021, a minimum of 33% of K-12 learners will demonstrate an increase in achievement level on the FSAA Mathematics Assessment.

**Person responsible for

Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

An additional schoolwide improvement priority at Wingate Oaks is to improve communication skills in all learners. This is being addressed through The Curriculum Assessment Remediation Enrichment Model.

Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

We believe in providing a positive learning environment to enhance each learner's sense of identity, self-worth and individual potential; that high expectations lead to positive growth; and that all our learner have a valuable contribution to make to society. Positive behavior is reinforced whenever possible. Wingate oaks SIP

goal is to increase communication skills , which is a key to effectively managing emotions. Wingate Oaks school improvement goal is to increase communication skills for all learners. Effective communication is the foundation for all social and emotional learning. We involve all stakeholders by using effective communication through parent link, newsletters, and daily home notes to make sure all information is presented.

Parent Family and Engagement Plan (PFEP) Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

Part V: Budget

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: Instructional Practice: ELA					\$750.00
