## School Board Approval

This plan was approved by the Bay County School Board on 10/13/2020.

## SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at [www.floridacims.org](http://www.floridacims.org).

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### School Board Approval

This plan was approved by the Bay County School Board on 10/13/2020.

### SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at

<https://www.floridacims.org>.

### Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

## Part I: School Information

### School Mission and Vision

**Provide the school's mission statement.**

Rosenwald High School will provide a safe, structured, and supportive environment that inspires students to stay in school and graduate ready for college or careers.

**Provide the school's vision statement.**

EDUCATION. GRADUATION. DESTINATION.

### School Leadership Team

**Membership**

Identify the name, email address, position title, and job duties/responsibilities for each member of the school leadership team.:

Name	Title	Job Duties and Responsibilities
McQuagge, Jonathan	Principal	Jonathan McQuagge (principal) Provides a common and clearly defined vision for the use of data-based decision-making, ensures that the school-based team is implementing and supporting the school-wide instructional plan with fidelity, ensures the implementation of interventions and supports and documentation, ensures adequate professional development to support intervention implementation and communicates with parents regarding school-based plans and activities.
Head, Debra	Teacher, K-12	Debra Head (Regular Education ELA and College Career Ready Teacher, Media Specialist, High School Dept. Chair) Provides information regarding core instruction, participates in student data collection, analysis, and evaluation, instruction/interventions for all tiers as defined by student needs, and evaluates the effectiveness of implementation strategies through on-going progress monitoring. Also, she serves on the district's ELA committee as our school liaison.
Karas, Carly	Teacher, K-12	Carly Karas ( Regular Education Science Teacher, Activities Coordinator) Provides information regarding core instruction, participates in student data collection, analysis, and evaluation, instruction/interventions for all tiers as defined by student needs, and evaluates the effectiveness of implementation strategies through on-going progress monitoring. As the activities coordinator, she plans student-led activities throughout the year to enhance the culture and climate of the school. Also, she serves on the district's biology committee as our school's liaison.
Boyette, Crystal	Assistant Principal	Performs ongoing data collection and analysis to determine academic and social-emotional needs to the school; assist all teachers/paraprofessionals with professional development, serves as the advisor for curriculum and the implementation of academics and social-emotional learning programs.
James, Makeda	Other	
Boutwell, Barbara	Teacher, ESE	Provides information regarding core instruction, participates in student data collection, analysis, and evaluation, instruction/interventions for all tiers as defined by student needs, and evaluates the effectiveness of implementation strategies through on-going progress monitoring.
Steele, Jessica	Teacher, K-12	Provides information regarding core instruction, participates in student data collection, analysis, and evaluation, instruction/interventions for all tiers as defined by student needs, and evaluates the effectiveness of implementation strategies through on-going progress monitoring.
Allison, Michael	Teacher, ESE	Provides information regarding core instruction, participates in student data collection, analysis, and evaluation, instruction/interventions for all tiers as defined by student needs, and evaluates the effectiveness of implementation strategies through on-going progress monitoring.

Name	Title	Job Duties and Responsibilities
Sirmans, Tracey	Other	Graduation Coach Examine data to identify students at risk of dropout, interact directly with students to assist with academic and social needs, develop and deliver intervention services, connect students and families to school and community services and resources, and help students develop goals for their future.

## Demographic Information

### Principal start date

Thursday 7/2/2020, Jonathan Mcquagge

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

0

**Number of teachers with a 2019 3-year aggregate or a 1-year Algebra state VAM rating of Effective.** *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

**Total number of teacher positions allocated to the school**

23

## Analysis

### Data Reflection

Answer the following reflection prompts after examining any/all relevant school data sources (see guide for examples for relevant data sources).

**Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.**

The data component that showed the lowest performance was out Black/African American Student subgroup. Contributing factors were that the students were behind academically and many have been retained 2 or more years.

**Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.**

The data component that showed the greatest decline was the Black/African American subgroup. One of the factors that contributed to this decline was how data was reviewed and minimal structures implemented to support data-driven decision making.

**Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.**

The data component that had the greatest gap compared to the state average was the school graduation rate of the Black/African American subgroup.  
State of Florida Black/African American Graduation Rate: 81.5%

Rosenwald High School Black/African American Graduation Rate: 20%

This subgroup data has consistently remained stagnant, however, contributing factors were that cohort groups continued to fall further behind and two to three years older than their kindergarten cohort.

**Which data component showed the most improvement? What new actions did your school take in this area?**

The data component that showed the most improvement was the school graduation rate of Economically Disadvantaged.

The school was having monthly graduation team assistance meetings to progress monitor individual students and set a goal of graduating students within four years.

**Reflecting on the EWS data from Part I (D), identify one or two potential areas of concern?**

Black/African American Students

Federal Index-Black/African American Students 12%

Black/African American Students Subgroup Below 41% in the Current Year? YES

Number of Consecutive Years Black/African American Students Subgroup Below 32%: 2

**Rank your highest priorities (maximum of 5) for schoolwide improvement in the upcoming school year.**

1. Overall Graduation Rate
2. Black/African American Subgroup performance
- 3.
- 4.
- 5.

## Part III: Planning for Improvement

### Areas of Focus:

## #1. ESSA Subgroup specifically relating to Outcomes for Multiple Subgroups

<b>Area of Focus Description and Rationale:</b>	Area of Focus: Implement instruction focused on essential standards with a blended learning model Rationale: Struggling students who are 2 or more years behind their kindergarten cohort and need strategic teaching
---	--

**Measurable Outcome:** The increased graduation rate of on-time graduates.

**Person responsible for monitoring outcome:** Jonathan McQuagge (mcquaj@bay.k12.fl.us)

**Evidence-based Strategy:** Implement a school-wide online learning curriculum and blended learning. (Edgenuity)

**Rationale for Evidence-based Strategy:** The on-line learning curriculum is focused on essential standards with blended learning to address individualized student needs. A data-focused curriculum that enables teachers to individualize instruction.

### Action Steps to Implement

1. Implementation of on-line curriculum school-wide with fidelity using coaching as classroom supports.
2. Monthly graduation team assistance meetings to progress monitor individual students and set a goal of graduating students within four years.

**Person Responsible:** Crystal Boyette (boyetck@bay.k12.fl.us)

### Additional Schoolwide Improvement Priorities

After choosing your Area(s) of Focus, explain how you will address the remaining schoolwide improvement priorities.

**not applicable**

## Part IV: Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning, and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups to employ school improvement strategies that impact the positive school culture and environment are critical. Stakeholder groups more proximal to the school include teachers, students, and families of students, volunteers, and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services, and business partners.

Stakeholders play a key role in school performance and addressing equity. Consulting various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies.

Describe how the school addresses building a positive school culture and environment ensuring all stakeholders are involved.

Rosenwald High School will involve parents, families, and other community stakeholders with ongoing planning, and implementation of our Positive Behavior Interventions and Support program (PBIS). Surveys

will be conducted of various stakeholders to include faculty/staff, students, parents, and community members to ensure the engagement of positive activities that will include incentives and rewards. Rosenwald has established a partnership with the City of Panama City that will provide beautification projects, mentors, guest speakers, and financial support when needed for activities. Partnerships with community businesses are being established that will contribute throughout the school year to our faculty and students as part of PBIS.

**Parent Family and Engagement Plan (PFEP) Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**Part V: Budget**

The approved budget does not reflect any amendments submitted for this project.

1	III.A.	Areas of Focus: ESSA Subgroup: Outcomes for Multiple Subgroups	\$0.00
Total:			\$0.00
